Weinstein, Gidari & Goodwin honored

Text & Page 1 Photo by Martin Robie

The gym again was filled at H-D High School for senior night honoring the senior players and families of the Hillcat boys basketball team: Kevin Gidari, Tyler Weinstein, and Alex Goodwin. Weinstein had a very successful 4 years as the Hillcats point guard. Gidari didn't start playing organized basketball until his sophomore year but is an amazing athlete, has picked up the game very quickly and has been a solid contributor to the varsity for two years. Goodwin, who joined the team as a senior after transferring from John Stark has given the Hillcats offensive game a huge spark this year. All three seniors displayed talent, leadership, and sporstmanship throughout the season which are quality characteristics of a seasoned varsity basketball player.

Head Coach Tom Sullivan shared the following about his three seniors. "They are simply great young men. They were a joy to have in the gym because of their dedication, leadership, and the fact that they genuinely care about their school and team. Thank you Kevin, Tyler, and Alex for all of the fond memories that you have given all of the fans, faculty, and families of the Hillcat basketball program. What you brought to the team both on and off the court will certainly be missed. We all wish you the very best.

Guard Honor Team visits Legion Conference

Photo and text by Rich Dahlgren

Members of the New Hampshire National Guard Military Honors Team paid a visit to the Department of New Hampshire American Legion Mid-Winter Conference held in Laconia recently.

Colonel Jeanne B. Jones and several members of her staff that are part of the Team explained their function in "providing each veteran and their families with richly deserved funeral honors."

"The rendering of Military Honors for United States Armed Forces veterans is tribute that our veterans and their families justly deserve" stated David A. Meaney, Sr., Department of New Hampshire Adjutant. He further stated that "Section 578 of the National Defense Authorization Act of 2000 requires the Department of Defense to provide, upon request, Military Funeral Honors for eligible veterans".

The Military Honors Team work full time for the New Hampshire Army National Guard under the direction of Colonel Jones. She stated that "we must create a ceremony that is seamless to the families of the veteran."

In a recent discussion between Colonel Jones and the Department of New Hampshire, The American Legion, she has offered to properly instruct various Legion Posts Honor Guards at their headquarters in Franklin at a later date. In this way the Post Honor Guards can take advantage of training with a "truly professional group of military members."

New London Barn Playhouse wins six awards

The New London Barn Playhouse won six awards in the Professional Theatre category at the New Hampshire Theatre Awards Ceremony held at the Palace Theater in Manchester on Feb. 3rd. The Playhouse's production of The Drowsy Chaperone won for Best Musical, Best Director (B.T McNicoll), Best Music Director (Joel Mercier), Best Actress (Ann Torsigleri), Best Choreography (Sarah Case and Keith Coughlin) and Tom Ford won as Best Actor for his role in A Funny Thing Happened an the Way to the Ferrum. This is the second consecutive year that the Barn Playhouse captured the prize for the Best Musical production in the State of New Hampshire. The Playhouse opens its 80th season on June 7.

American Flags will fly on telephone poles in Weare

Weare Town Administrator, Naomi Bolton, told the selectmen that the town has received an agreement with Granite State Communications and PSNH approving American flags being put out on every PSNH pole. Bolton also stated that there will be a candidates night held on Tuesday, March 6th at 7:00 p.m. in the Weare Middle School Cafeteria for all nine candidates.

Rick and Toni Spiegel, The Bible Hill Boys, (shown) and Fred Sprague led the group during a Cabin Fever Sing-A-Long at Hillsborough's Fuller Public Library on Saturday.

It will be expensive to fix the Pleasant Lake Dam

Jason Mclean, lead engineer with the Wright-Pierce firm briefed the New London selectmen on three options available to the town in light of the state's classification of the Pleasant Lake Dam as "high-hazzard"

Concept #1 - focuses on how to keep the dam from washing away. McLean shared that this was the most cost-effective approach. Currently they have some gravel, stone on the top of the dam and there is an earthen backside. A foot and a half of water over the top of the dam could wash away and erode all of it. He suggested placing a layer of concrete across the top to replace the gravel path. On the back side, they could place large blasted stone, 2-3' in size. It is approximated that this concept would cost about $350,000.

Concept #2 - focuses on how to increase safety but keep the aesthetics of the dam. McLean said that they could bury everything that was added to keep the dam stable. Instead of concrete they could get nicely quarried granite stones. Instead of grass and earthen material, they could bury revetment mattress with stone. This would be estimated at about $400,000. The boat ramp would be eliminated.

Concept #3 - focuses on how to improve the core of the dam. McLean said that they could create a structural core wall and leave the dam in place how it is. Steel sheet pilings could be driven into the center of the dam so it creates a wall of steel inside.

The steel is probably the most cost effective solution. It would depend on the amount of ledge that was present in the ground. This concept also calls for the elimination of the boat ramp. This was estimated at about $500,000.00.

Warner Selectmen reject library's warrant request

Pillsbury Free Library has asked that it's Capital Improvement request for an Integrated System be placed on the Warner Town Warrant. The library believed this article would be included in the Warrant, but the Selectmen understood that both of the Libraries CIP requests were removed. Chairman Clyde Carson understood that this request, which was presented last year, would be funded from the libraries operating budget. Library Treasurer, Tina Schirmer said expenses are exceeding their current income. Carson asked if there are any grants available; he's in favor of the project but is looking for other ways to fund it. Selectman David Hartman moved to create a non-lapsing fund for the Integrated Library System in the amount of $10K to be funded by taxation until 2014. But the motion failed 1-2 with Selectman Karrick and Carson opposed.
