Hopkinton exploring solar panels on Contoocook Fire Station

Jack Ruderman, Director of Community Solar Initiatives at ReVision Energy met with the Hopkinton Selectmen to discuss the possibility of placing solar panels on the Contoocook Fire Station. He explained he has met with Mr. Traum and Mr. Cass some months ago and reviewed all the town buildings. The fire station is the most promising location but because of the construction it was decided to wait

until there was a clear picture of the electric consumption at the station. Ruderman did a PowerPoint presentation on his company and the possibilities. He noted that the federal incentives are set to sunset in December, 2016 so we would need to be ready

to move forward by next spring. The Board by consensus agreed that the Town should move forward with the idea and requested the Town Administrator put together an RFQ for the Board to discuss at the next meeting.

Progress made on Bow's Thibeault Drive

Bow staff continues to work with Matt Brown to address the acceptance of Thibeault Drive as a Town Road and address his need to extend a water main from River Road to his property. The main extension is needed to connect the fire suppression system in his new facility to the Town's water system. Both of these items need to be completed in order for a Certificate of Occupancy to be issued. The staff thanks Mr. Brown for his patience through this process, as well as DPW Director Tim Sweeney and Fire Chief Dana Abbott for going above and beyond to assist Mr. Brown.

Search for veterans living in Bennington

The Bennington Historical Society, the GEP Dodge Library and Bennington Veterans are updating a list of veterans from Bennington, and is asking anyone with a name or additional information to add to the list to email benningtonhistorical@outlook.com or fill out a form at the GEP Library, the Bennington Historical Society, or the Town Offices. According to Richard Delay, there are currently 159 names on the list, currently posted on the Historical Society's Facebook page. The list includes many names listed for the earlier wars, but Delay would like to get more names for the more current wars. He says that there are less than 10 names for the Vietnam war, but he believes there are many more.

Hillsboro's Operation Christmas

It's that time of year again! The Operation Christmas committee has begun meeting to prepare for Christmas 2015.

Each year custodial parents fill out applications for their children age 16 and under to receive one toy and one article of clothing for each child. Each gift must be under \$50. These requests are written on "gift tags" which are put out in several locations around Hillsboro for people to take and purchase the items. The Committee also puts out boxes to collect stocking stuffers for the children. All items are collected by the committee and checked, and double checked, to make sure they are the right item, the right size, and age appropriate. Then the parents pick them up before Christmas so that they can be wrapped and placed under the tree to brighten a child's Christmas morning. What we are asking of you, a local business, is that you donate to help us out. Every year, there are gift tags that don't get taken, gift tags that never get returned and families that we learn about at the last minute. Money donated to Operation Christmas is used to make sure no approved applicant goes without. If you can't donate money at this time, is there some other way you can help us? Please contact us at hillsborooperationchristmas@yahoo.com if you have questions or ideas.

ConVal Superintendent departs in June

The ConVal School District will have a new Superintendent next year. Brendan Minnihan announced in an email to staff that he will be leaving at the end of the school year. Assistant Supt. Kimberly Saunders will serve as interim replacement. School Board Chair Butch Estey said the board has not decided how it will search for a permanent replacement, but anticipates it will model its search after the process it used to hire Minnihan.

Hit & Run leaves Goffstown teen injured

Authorities in Maine say they've made an arrest in connection with a hit-and-run accident that seriously injured a teen bicyclist. Police arrested 45-year-old Richard Marin, of Bethel, and charged him with leaving the scene of an accident with injuries. Officials on Sunday said the bicyclist is a 14-year-old boy from Goffstown, New Hampshire, who is in critical condition at Maine Medical Center. The Oxford County Sheriff's Office said multiple tips led to the garage in Bethel where they found the vehicle described by witnesses.

Grapevine's \$6,000 Beastmaster's Classic

Bantam Grill in Peterborough held a benefit dinner, the "Beastmaster's Classic," to raise funds for the Grapevine Family Center in Antrim. The October 12th dinner served 75 diners at \$75 a ticket and resulted in a \$6,000 donation which will bolster programs at a local family resource center. Melissa Gallagher, interim director at Grapevine, said the donation is an open gift, not earmarked for one particular program or activity so the Grapevine will be able to use the donation as it wishes. Possible uses include scholarship funds for the Learning Vine program, support for the Better Beginnings parent support and child playgroup, and to supplement its wood bank. Bantam Grill's owner said he would likely make the dinner an annual benefit.

Stark takes a "Walk a Mile in Her Shoes"

John Stark students Jordan Nicastro, Jevanie Semerzier, and Abigayle Chapin, along with English teacher Suzanne Carmichael volunteered at the Walk a Mile in Her Shoes® (W.A.M) event earlier this month in Concord. The event asks men to literally walk one mile in women's high-heeled shoes—admittedly a difficult task, but one designed to raise awareness of domestic violence within our community. All proceeds from W.A.M. 2015 supported the Crisis Center of Central New Hampshire to benefit women, men and children affected by domestic & sexual violence in Merrimack County.

Hillsboro-Deering Class of 2017 Color Run

On Sunday, October 18 on the HD campus, members of the class of 2017 worked hard to develop, plan for, and carryout a Color Run with the goal of raising funds to create care packages that would benefit the community. The event was well-attended by 56 participants including children, adolescents, adults, and even pets. We raised \$350 hosting the event and will be creating laundry care kits, entertainment packages for folks at the Hillsboro House, supply packages for students in need, necessity/hygiene care packs (socks, toothbrushes, etc.), and food baskets for various members of the Hillsboro, Deering, Washington, and Windsor communities and hope to have everything together and delivered in time for the cold winter months.

The Deering Police Explorers participated in the Town's Annual Safety Day on Saturday.

Tax rate drop saves \$200,000 Newport homeowner \$530.00

The 2015 Newport tax rate will be \$28.99 per \$1,000 of property valuation, according to information provided by Town Finance Director Paul Brown. Briefed the Newport Board of Selectmen on the Town's projected new tax rate and they all came away smiling.

The new rate, which will be official following a review by the New Hampshire Department of Revenue Administration, is down \$2.65/\$1,000 from the 2014 rate of \$31.64. For a \$200,000 home it is a reduction of \$530. The school tax of \$12.41 was

down \$2.11 from last year, thanks primarily to utilizing \$769,000 of excess tuition revenue. The state school tax dropped 10 cents to \$2.41, and the county tax of \$2.62, was 42 cents less than the \$3.06

assessment in 2014. The town tax rate was originally expected to increase slightly, but came in even thanks to a surge in town wide property values, which went from \$420,680,350 to \$425,328,942.

NOTIFICATION OF RIGHTS UNDER "FERPA"

The Family and Educational Rights and Privacy Act (FERPA) afford parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. They are:

The right to inspect and review the student's education records within 45 days of the day the district receives a request for access. Parents or eligible students should submit to the appropriate school principal a written request that identifies the record(s) the parent or eligible student wishes to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

The right to request the amendment of the student's education records that the parents or eligible student believes is inaccurate or misleading. Parents or eligible students may request the school district amend a record that is believed to be inaccurate or misleading. The parent or eligible student should write the appropriate school principal, clearly identifying in such letter the part of the record which is believed to be in need of change, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise the parent or eligible student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interest. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff, and law enforcement unit personnel); a person serving on the school board; a person or company with whom the district has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

The right to file a complaint with the U.S. Department of Education concerning alleged failures by the district to comply with the requirements of FERPA. The name and address of the office which administers FERPA is:

October 30th fundraiser to benefit Francestown Hall renovations

a contract with MacMillan of Keene by November 17th.

However, the latest proposal by MacMillan, a subsidiary of DEW Constructed Corp., is much more than the \$915,000 the town has allocated to pay. The Heritage

Commission and Friends of the Francestown Town Hall will hold a fundraiser on Oct. 30. to supplement the \$350,000 voters approved at Town Meeting in 2014 and the \$200,000 LCHIP grant awarded to the town.
