Students in Ms. Cummings class participating in a real life math problem by sorting donated items by category.

## Center Woods students collect 1,600 items

Students at Center Woods Elementary School had been very busy with their annual food drive for the Weare Food Pantry when they had a wonderful surprise last Friday. Tom Albert, who provides Center Woods Elementary with evening custodial services, delivered over 1,600 food items for the school's food drive. This great gift, along with the many items already gathered by students, also presented a learning opportunity for second grade students. Teacher Hannah Cummings engaged her students in the process of creating a real life complex math problem. Ms. Cummings had the students divide the food items into like categories (for example, vegetables and fruit) to create a subtotal. The students then used their addition strategies to add all the food items together.

Prior to the surprise donation, Center Woods students had already collected hundreds of items for the food drive. As an incentive at the school, students who brought in items have been entered into a drawing to win a healthy catered lunch cooked by Principal Jess Potter. Additionally, the class who donates the most items will earn a wellness break of an extra recess. "We thought it was important to connect health and wellness to the food drive," commented Principal Potter. As the school was overflowing with donations, Weare Food Pantry volunteer Connie Evans already needed to come by the school to pick up donations. "The tremendous generosity of those in the Center Woods Elementary School community will allow us to feed so many families this year. We are so thankful to the students and staff at Center Woods. We are just so grateful," concluded Mrs. Evans.

# Why you shouldn't use a travel agent:

*In the interest of fairness here are 10 reasons why you should NOT be going to your friendly neighborhood Travel Consultant.*

- 1.** It is more fun to go searching for lodging, ground transportation, activities, tours from multiple sources than with 1 call to your agency.
- 2.** When problems occur during your trip you enjoy being confrontational and thrive on dealing directly with the source.
- 3.** You'll rob yourself of the experience of flying into the other Charleston airport CHS not CRW/Charleston W.Va.
- 4.** You enjoy all the time consuming detailed work of planning a complex itinerary.
- 5.** You want to work anonymously on numerous websites
- 6.** Documents? What documents? You'll just sort required travel documents like visas and passports as you go. Besides when you sailed 20 years ago you just needed a birth certificate.
- 7.** You don't care that you don't have access to travel suppliers who exercise their clout with hotels, resorts to provide such amenities as early check-in, late checkout, room upgrade; dollar resort credits complimentary meals.
- 8.** Your time and expertise will get you the best bang for your travel dollar!
- 9.** You will thoroughly enjoying blaming yourself when something on your trip goes wrong!
- 10.** There are two trips out there—a great one and the one from hell. You can easily guess which is the great one!

PS: Trip adviser is your best friend and you don't care if one hotelier just posted over 100 glowing reports about his property!  
 PSS: Of course you know best what to do with your time and money! So why seek expert advice and opinions?  
 But just in case I haven't convinced you, stop by or contact your local travel agent! They get paid to tell you where to go!

Newport running back Noah Wade dives into the end zone for a touchdown during a Division III semi final game against Bow. Newport won 47-7 and will now play for the Division III State Championship against Interlakes/Moultonborough at UNH at 11am on November 22. Paul Howe photo.

### FOOTBALL

#### Division III Semifinal

**Newport 47 Bow 7:** With just over three minutes until the half, Newport led only 12-7. A punt pinned the Falcons on their own 4 yards line and they went 3 and out. Dylan McNamara hit Stephan for a 34-yard touchdown strike, making it 20-7. The Falcons fumbled the ensuing kickoff and Bow recovered. Four plays later, Noah Wade ran 15 yards to put the Tigers up 27-7. A 15-point swing in the final 3½ minutes of the half decided the game.

#### Division I Semifinal

**Goffstown 24 Bedford 17:** Bedford had just tied the game on Cooper Anibal's 39-yard field goal with 1 minute, 52 seconds left in regulation, when Connor Bourque burst through the line for a 70-yard game winning touchdown romp. The run capped Goffstown's thrilling come from behind victory while ending Bedford's bid for a second straight championship game appearance.

## Why you should use a travel agent:

*We had a lively debate recently on the merits of whether to use a live travel agent to book your vacation or to go it alone by using the Internet. Here are some of the reasons to consider a personal travel consultant.*

1. You've Googled "Mexico vacation," and come up with 17.8 million responses. Need a little help editing those choices?
2. Remember when you used that obscure website to book your hotel, and when you got there you spent your beach vacation over-looking a parking lot?
3. How many hours were you on hold with the airline when your flight was canceled because of a snowstorm?
4. Did you really mean to spend your honeymoon at that resort whose one tiny pool was filled all day with 12 screaming children?
5. Who knew that when you booked that "villa" in Tuscany, it would be a small room with a kitchenette and no air conditioning? Funny, it looked much better on your computer screen.
6. No one explained to you that in July, it's winter time in Rio, and so you showed up there with nothing but five Hawaiian shirts and three pairs of swimming trunks.
7. How about the time you really needed a restful vacation, and you ended up in New Orleans during Mardi Gras and someone threw up on your shoes?
8. Yes, I guess that hotel must have used a telephoto lens when they took a picture of those guest rooms that you saw on their website.
9. I suppose contacting the Attorney General to resolve the fact that that Internet site has billed your credit card three times instead of once is the only route to take at this point.
10. It was definitely odd that there were no cab drivers at the airport at 3 o'clock in the morning when you finally landed in Costa Rica, but booking a transfer to your very remote hotel would have been a good thing to remember when you purchased your airline ticket and hotel online.

In recognition of Veterans Day, Henniker Community School students wrote notes to or about friends and family they knew who had served in the military and posted them up on the wall in the Café during their lunch. A White Table was set as a symbol and remembrance of those who have fallen, are missing, or held captive in the line of duty. The White Table is where no one will ever sit, but it is a reminder of the sacrifices made by the members and families) of our Armed Forces.

## Henniker Youth Hockey Association

**The Tooky Mill's Henniker Huskies Mites** had an impressive start to their season with back to back cross-ice games in Dover. For a team that had only 2 members returning from the prior year, anything could have happened. The newer players amazed everyone with multiple goals and greatly improved skating. It was an exciting set of games and the families are looking forward to the Mites' continued growth and success as their season continues.

**Edmunds Ace Hardwares Henniker Huskies Squirt** team beat the Kearsarge Squirts on 11/14/15 in our Home at Lee Clement Arena 5:0. In the first period, Gabriel Ouellette, defenseman, who played offense today, scored first to set the pace for this Husky team! Paulo Vazquez was strong between the pipes, playing the first half of the game. Bobby Arnold skated hard and scored with a great assist from Avery Condon, and Aiden Chicoine sailed the puck in the net as well. Strong offensive lines with Thaddeus Maughan, Avery Condon with shots on goal and Bobby Arnold. Numerous penalties on Henniker gave Kearsarge a two-man Advantage in the third period which wasn't enough to take the Huskies down! Strong goal tending by Gregory Watson, who was in net the second half of the game. Gavin Nestler hustled with two goals today and was very deserving of Player of the Game.

**The Tooky Mills Henniker Huskies Mites** had their 2nd visit to Dover this past weekend. With his first start as a Huskies Goalie, Liam Gagne had an impressive set of games. In his short career, Gagne tried his hand at Goalie during his past Learn to Play Hockey sessions. The experience obviously paid off. Even though there were a great number of shots on goal, Gagne put up a wall that was hard to break through. The team looks better and better with each game this season. Jackson Lochmandy, Evelyn Hopper and Lucas Arlen showed some fire in their game this week as well. We cannot wait to see how the entire team continues to learn and progress in their skills.

## John Stark ceramics students learn from Colby-Sawyer Raku Master

In late October, John Stark ceramic students brought their bisque-fired work to Colby Sawyer College for the final glaze firing in an outdoor Raku kiln, led by Master Raku potter and Chair of the Fine and Performing Arts at Colby Sawyer College Jon Keenan. This was the second experience students had with Professor Keenan. Earlier this fall he came to John Stark to talk with the students about Raku before they began their projects.

While at Colby Sawyer, Professor Keenan explained each of the five Raku glazes and their properties to students and the process of glazing their work for the firing. His lecture included touring the students in the ceramics studio and the outdoor kiln area. Students then selected the glazes they wanted for their work and glazed their pieces.

“It’s exciting to watch the firing, to see molten, red-hot work being pulled from the glowing kiln and placed into containers filled with wood chips, pine

needles, leaves and cardboard,” said John Stark Fine Arts Teacher Bess Robblee. During the day-long firing

process, Professor Keenan had John Stark students helping in each step of the process.

“We are so grateful for the opportunity to work with an artist of Jon Keenan’s caliber and for the generosity of Colby Sawyer College,” continued Ms. Robblee. During their visit, students also viewed the exhibit “Working Women: 36 Contemporary Women Artists” in the Marian Graves Mugar Gallery and were treated to a complimentary lunch at the college.

Mr. Keenan is a Fulbright Scholar and was named a Joyce J. Kolligian Distinguished Professor of Fine and Performing Arts. He is the recipient of several awards from organizations including the National Endowment for the Arts, New England Foundation for the Arts, and the New Hampshire State Council on the Arts. He has exhibited his work and lectured extensively in the U.S. and abroad.

American Raku is a pottery process based on traditional 13th century Japanese techniques in which work is removed from the kiln at bright red heat and subjected to post-firing reduction (or smoking) by being placed in containers of combustible materials, which blackens raw clay and causes crazing in the glaze surface.

Completed student Raku work is now on display in the John Stark Atrium.
