Draw the Line: The endorsed Aerosmith tribute

Draw The Line, the only endorsed Aerosmith tribute show worldwide, returns to Rochester Opera House on Saturday, February 6, at 8PM (doors 7PM).

Boston-based rockers, Draw The Line, have the

look and feel of a genuine Aerosmith concert. Steven Tyler himself endorses them as "the best!" This is as authentic as it can ever get, come see for yourself!

Front man, and Steven Tyler doppelganger, Neil Byrnes, has the tone, mannerisms, and attitude of America's favorite rocker, and will keep you captivated as he slams out

Aerosmith's greatest hits. Neil has even impersonated Steven Tyler for various television programs on both MTV and VH1. Draw The Line boasts accolades from Steven Tyler, Joey Kramer, and family and friends of the legendary rock group.

The band's career, spanning fifteen years, has taken them all over the world to countries such as England, Canada, South America, and Japan. If you love Aerosmith, this is the tribute show you Don't Wanna Miss! The show opens with Jett Sett, the Seacoast's favorite Joan Jett Tribute Band! Fronted by bassist and

lead vocalist Renee Napolitano, Jett Sett is dedicated to bringing you a high energy performance of all Joan Jett's greatest hits.

The Last Waltz Live: An All-Star Recreation of The Band's Concert

On Saturday, February 13 at 8PM, The Rev Tor Band brings The Last Waltz LIVE, An All-Star Recreation of The Band's Classic Concert, to the Rochester Opera House stage. Thanksgiving Day, November 25, 1976, the legendary rock group THE BAND performed The Last Waltz, their "farewell concert appearance" at Winterland Ballroom in San Francisco, CA. The concert saw The Band joined by more than a dozen special guests, many of whom were and are considered the living legends of their time. This historic event was captured by director Martin Scorsese and made into a concert film of the same name released in 1978. The performances captured on film that night were magical.

After the passing of The Band's Levon Helm in 2002, the legendary New England based jam band, The Rev Tor Band, developed a live stage performance of the classic film. The show features renditions of all the hits by The Band featured in the film such as The Weight, Up On Cripple Creek, and The Night They Drove Old Dixie Down, as well as songs by Bob Dylan, Neil Young, Eric Clapton and many more. Select regional and national artists join the Rev Tor Band to perform the songs of the film's original special guests in their own voice and with their

own vibe making each show unique.

The Last Waltz supplies the perfect soundtrack to bring musicians together and strengthen the common bond of music. This show is a community-based event that celebrates the diversity and unique energy of the local music scene. This performance features local favorites like Brett Willson of Roots of Creation, members of High Range and Wellfleet, plus Joe Biedrzycki, Patrick Curry, Doug Decker, Lou Eastman, Tara Greenblatt, Arthur James, Jon King, Rob Kneeland, Mike Morris, Craig Roy, Tom Schena, and Andrea Szirbik.

Reserve tickets at RochesterOperaHouse.com or call/stop by the box office (603) 335-1992, M/W/F from 10am to 5pm and two hours before the show. Cash bar, under age 18 must be accompanied by legal guardian. This show is sponsored by TD Bank, Eastern Propane & Oil, Shaheen & Gordan, PA, Norm Vetter, Inc., and Seacoast Media Group. Rochester Opera House is located in City Hall, 31 Wakefield Street, Rochester, NH. The season continues with The Spirit of Johnny Cash on Feb 20, La Santa Cecilia on Feb. 27, and The Irish Comedy Tour on March 5. Tickets: \$26 Premium / \$24 Regular / \$22 Student & Senior.

Meet Curious George & The Man with the Yellow Hat at The Children's Museum

A mischievous monkey and his tall, faithful friend will be in Dover, NH on Saturday, January 30 from 10am-2pm. Curious George and the Man with the Yellow Hat will be visiting the Children's Museum of New Hampshire to greet young fans and help promote the love of reading.

At the Books Alive event, sponsored by Fidelity Investments' Unique College Savings Plan, museum staff will be reading Curious George stories by Margret and Hans "H.A." Rey throughout the day. The friendly costumed monkey character, accompanied by the Man with the Yellow Hat, will be popping in and out to greet children, exchange a hug or high-five, and pose for photos. There will also be a variety of monkey-inspired literacy, math and creative activities for children in the museum's large classroom.

The first Curious George story was published in 1941. Margret and H.A. Rey produced six more stories featuring the mischievous monkey, with Hans mainly doing the illustrations and Margret working mostly on the stories. All the Curious George books, including the seven original stories by Margret and Hans, have sold over 25 million copies. George has become one of the most beloved

and most recognizable characters from children's literature. His adventures have been translated into many languages, including Japanese, French, Afrikaans, Portuguese, Swedish, German, Chinese, Danish, and Norwegian. Margret and H.A. Rey were former summer residents of Waterville Valley, NH!

All Books Alive activities are included with regular paid admission to the museum: \$10 for adults and children over the age of 1 and \$9 for seniors. Museum admission is free for Children's Museum of NH members and children under 1 year

old. Clubhouse Members of the Children's Museum will get a chance to greet George first at an event on Friday, January 29 from 5:30-7:30pm. This is a special free perk of being a Clubhouse Member and is not open to the public.

Curious George will also visit Head Start centers in Strafford and Rockingham county as part of the Story Explorers program at the Children's Museum. Story Explorers is a spin off of Books Alive, but is a free program that brings storybook characters to each Head Start center three times a year. Museum educators read stories alongside the character and engage children in book related activities.

"It's such a great way for us to reach out into our community and offer these kids something special," shares Education Coordinator Xanthi Gray. "George gets lots of hugs when we visit these centers."

Each child then receives a family of four free pass to visit the Children's Museum, information about the EBT \$1 admission program and a free book at the end of the visit. Story Explorers is sponsored by TD Charitable Foundation. For more information, please call the museum at (603) 742-2002 or visit www.childrens-museum.org

Maple grades have changed

By Jennifer Gornert, Director, Division of Regulatory Services

In the US, maple syrup is usually sold by grade and color classification. For example, Grade A Medium Amber. Color is used because it has some general relation to the intensity of maple. However, inconsistencies between the grading systems used in each of the maple producing states, as well as Canada, caused some confusion. About 12 years ago, the International Maple Syrup Institute, which is a voluntary organization, whose members include maple syrup stakeholders both from the US and Canada, established a committee to review existing regulations for pure maple syrup. The committee recommended establishing a more simplified and uniform description of grade names and nomenclature for pure maple syrup in the US and Canada. The two key objectives were to eliminate inconsistent grade names, and to emphasize the taste of the syrup by including flavor descriptors. In 2013, the NH Maple Producers Association voted to adopt the proposed grade changes. As a result, in 2014, the NH Department of Agriculture, Markets and Food went through the rulemaking process and adopted the new grading system this past December. The NH Maple Products Law and Rules provide NH maple producers a one year transition period to apply the new grading system. Meaning, in 2015 when purchasing maple syrup consumers may see the old grading system, or the new grading system on containers. By January 1, 2016, all maple syrup produced in NH must be labeled with the new grading system. To assist the maple producers with informing the consumers of the new grading system, the Department worked with a local marketing company to create promotional items to be used at the point of sale. For more information about the new NH Maple Grading System, contact Jennifer Gornert, Division of Regulatory Service, NH Dept. of Agriculture, Markets & Food at 271-2753 or Jennifer.gornert@agr.nh.gov.

Don't just take our word for it, here's what recognized travel experts have to say about compelling reasons to consult a travel professional:

TRAVELER

"Why do I still like agents? A competent travel adviser can be your greatest asset when you're planning a trip. Good travel agents have an edge over almost any other seller of travel. They know what you want. They speak your language. And they're there for you when you run into trouble."

Christopher Elliot, ombudsman,
National Geographic Traveler magazine

THE WALL STREET JOURNAL

"It's clear agents can likely save travelers big money and help set a realistic itinerary. Even where they weren't cheaper, the agents competed with what we could find on our own. And we were impressed where they did save us money, in particular with hotels."

Jane Hodges, Wall Street Journal

FORRESTER

"Having a travel agent advise you is now more important than ever," as fees, surcharges, and other travel restrictions have become more confusing for consumers. "Travel is one of the most complicated purchases."

Snow Sculpting Competition date change

We have lots of SNOW for skiing and other winter sports but not quite enough to fill the 15 cylinders of snow for sculpting, therefore... Jackson moves the Snow Sculpting Competition to Feb 26 - 28, 2016.

Ski & snowshoe trails are covered in snow but it takes additional tons of snow to fill 15 cylinders for sculpting and the snow for the added event just isn't available at this point and time. This temporary lack of additional snow brings with it an opportunity to move the event to a later date February 26th, 27th and 28th, 2016 allowing for more preparation and added fun!

This incredible winter Snow Sculpting event begins on Friday February 26th when teams from all over the Northeastern part of the United States will converge on Jackson Village and continues through the weekend finishing at noon on Sunday, February 28th. Spectators are welcome to view the entire process but to see finished pieces it is recommend you come back on Sunday, February 28. See first hand how our sculptors take 8' high by 4 foot round cylinders of compacted snow and create incredible art frozen in time. Sculpting pieces usually continue to stand for at least a week after the event giving

visitors ample time to get coveted photos. At night, during the event, the Sculptures are lit up giving them an entirely different perspective. With 15 teams expected this year the viewing promises to be spectacular! The event takes place in Jackson Village Park.

Jackson is surrounded by 750,000 acres of the White Mountain National Forest and has held a special attraction for visitors for over 200 years that has reached around the globe. Other activities for this fabulous event include a bon fire for roasting of marshmallows, at Jackson Village Park on Friday night and a torch light parade presented by the Jackson Ski Touring Foundation, on Saturday there will be a Silent Auction, scavenger hunts for the kids and more surprises planned throughout the event. The admission for viewing is free... donations to help keep this event for the future is always welcomed. For details please visit our website at www.JacksonNH.com or call the Chamber office at 603-383-9356. Each year this event becomes more fascinating with more and more teams and creativity. Don't miss your opportunity to become a part of the history of our Snow Sculpting event at Jackson, New Hampshire's Village Park.

The Intergalactic Nemesis' blasts into Keene at the Redfern Arts Center

Experience a sci-fi comic book adventure The Intergalactic Nemesis: Target Earth as it comes to life in a one-of-a-kind multi-media extravaganza on Saturday, February 6, at 7 p.m. at the Redfern Arts Center at Keene State College. The Intergalactic Nemesis mashes up comic-book and radio-play formats into a theatrical experience that is not to be missed.

Tickets to The Intergalactic Nemesis range from \$40 to \$25, and \$5 for KSC students. For tickets, contact the Redfern Box Office, open Monday to Friday, noon to 6 p.m., call 603-358-2168 or order online at keene.edu/arts/redfern.

Called a live-action graphic novel, Intergalactic Nemesis has three actors voicing dozens of characters, a Foley artist creating all the sound effects and a pianist playing a cinematic score, while more than 1,250 individual full-color comic book panels tell a hilarious sci-fi adventure story on an enormous movie screen. Intergalactic Nemesis: Target Earth follows a 1930s era sci-fi comic book tale featuring a Pulitzer-winning reporter and her intrepid assistant, teaming up with a mysterious librarian as they face the most serious threat Earth has ever known: an impending invasion of monsters from the planet Zygon!

The Intergalactic Nemesis has been featured on NPR's All Things Considered, PBS, Conan O'Brien, the

New York Times, and dozens of other outlets since it opened three years ago. The New York Post called its limited run on Broadway "Great fun! [A] happily retro multimedia extravaganza," and the Sidney Morning Herald describes the show as "furiously entertaining".

There are several activities surrounding The Intergalactic Nemesis: Target Earth performance all of which take place on Saturday, February 6. All the activities are free and open to the public.

A Sound Effects Workshop for children and families starts at 10 a.m. at The Colonial Theatre in Keene. In this hands-on workshop, the Intergalactic sound effects performer leads kids through the process of making and performing "Foley" sound effects. Participation in the workshop is free, but

reservations are required and can be made online at <https://www.eventbrite.com/e/sound-effects-workshop-with-the-intergalactic-nemesis-tickets-20514570633>.

The Art of Voice Acting workshop for Keene State College students begins at 10 a.m. in the Wright Theatre of the Redfern Arts Center. This workshop features the teaching talents of the Intergalactic voice actors as they instruct actors on how to embody rich and varied characters through simply the use of their voices.

A post-show reception and meet and greet with the artists follows the performance in the Redfern lobby.

For questions or more details on these free activities, please contact Redfern Assistant Director, Sharon Fantl, sfantl@keene.edu
