# State Police arrest Franklin pair on drug charges

Two Franklin residents were arrested on various Drug Charges on Thursday. New Hampshire State Police Narcotics and Investigations Unit, and members of the Franklin Police Department, executed a search warrant at 68 West Bow Street in Franklin and arrested Dawn Lent, 31, and 59-year-old Donald Lent.

Dawn Lent, (l) and Donald Lent.

Dawn Lent was charged with Possession with Intent to Distribute Heroin, and Possession with Intent to Distribute Methamphetamine. Dawn Lent is being held on \$10,000 cash bail and was scheduled for arraignment on January 21, 2016 in Franklin District Court. Donald Lent was arrested and charged with Possession of Heroin; he was released on \$5,000 personal recognizance bail with an arraignment date of April 12, 2016 in Franklin District Court.

## Deering woman faces DWI charge

Officer Chris Parsons, working a part-time shift in Deering, stopped a vehicle for several violations. He immediately noted the strong odor of freshly smoked marijuana, and Field Sobriety Tests provided evidence that the operator was in fact impaired. Officer Parsons arrested Lisa M. Wright, age 48, of Deering, for Driving Under the Influence of Drugs, Possession of Drugs in a Motor Vehicle, and Displaying a False Inspection Sticker. Wright was later bailed and released pending her arraignment in District Court in early February 2016.

## Man injured in snowmobile crash

A Merrimack man suffered a severe leg injury in a snowmobile crash in Webster Monday afternoon, according to New Hampshire Fish and Game officials. Officials said a 911 call was made just before 4 p.m. by a snowmobiler who reported that his riding partner was involved in a crash.

Emergency personnel found Ryan Labbe, 27, of Merrimack, on Kearsarge Trail Snails Snowmobile Club Trail 1 in Webster near the Warner town line. Officials said Labbe was riding with a friend who lives in the area. Both told New Hampshire Fish and Game officials that they were out to “dust off the machines” in preparation for the rest of the winter.

Labbe suffered a severe leg injury and was taken to Concord Hospital. Both riders were wearing the proper gear for snowmobiling, including helmets. Officials said rough conditions on the trail were a likely cause for Labbe to lose control and strike the trees on the edge of the trail.

A promotional poster for Disney On Ice. At the top, Rapunzel and Prince Eric are shown flying through the air, holding hands. Below them are Snow White, Cinderella, and Belle. The text "Disney ON ICE DARE TO DREAM" is prominently displayed in a stylized font. At the bottom, it says "Presented by Disney On Ice" and "Produced by Disney On Ice".

On January 7th, Bow Police Lt. Masella responded to a loose cow complaint in the area of Riverdale and Parker Road. Upon arrival he assisted with apprehension of the cow. If you are the owner of the pictured cow, please call NBPd at 415-1212 to post his bail.

NEC Board of Trustees Chairman James Murtha, PHD confers an Honorary Degree to the Honorable W Franc Perry, III, Acting Supreme Court Justice of the State of New York and NEC Alumni '83, as President Michelle Perkins drapes him with his hood, during Founder's Day on Wednesday.

## Improvements to Goffstown Rail Trail

The Friends of the Goffstown Rail Trail announce the recent completion of the Transportation Enhancement (TE) project on the Goffstown Rail Trail. The most visible parts of the project are a new trailhead parking area and the safety improvements of two trail crossings of Mast Road. These crossings were realigned to make them shorter and improve visibility, and pushbutton activated crossing lights were added. The trail crossing of Henry Bridge Road also now has improved visibility and a pushbutton activated flashing crosswalk light. Finally, the nearby break in the trail due to an old road gully has been filled, eliminating an on-road detour for trail users. These areas are expected to experience increased use after winter weather ends.

The new crossing signal installed at the Mast Road locations is called a Pedestrian Hybrid Beacon (PHB). PHBs differ from common traffic lights in a few ways. They are completely dark until activated by a trail user. After a button is pressed, the PHB goes through a short sequence of flashing yellow, a few seconds of solid red lights, during which the trail user can cross, then flashing red before the signals goes dark again. This style of crossing protection in Goffstown is only the third such installation in all of New Hampshire.

Thanks to the Goffstown Public Works for their management and oversight of this important project. With this recent construction completed, one-half of the trail surface in Goffstown has been improved over the conditions left by the B&M Railroad when they pulled up the rails in the 1980's.

## Franklin woman guilty of sex charge

Julie Shine, 42, of Franklin will serve 11 to 30 years in state prison, as part of a plea deal with prosecutors. Shine pleaded guilty to collaborating with her husband to sell an underage girl for sex. Her husband, William Shine was found guilty by a jury last fall of human trafficking and endangering the welfare of a child, and is currently serving a 14 to 60-year sentence. The couple arranged to sell the 14-year-old girl to a police informant in November of 2014.
