Town Administrator Out

In an e-mail to town officials and employees, controversial Henniker Town Administrator Christine Trovato suddenly resigned with little notice. Trovato assumed her duties in the wake of the tragic highway garage fire, which decimated not only the garage but much of the Department's equipment as well. It is assumed that Finance Director Russ Roy will again be appointed Temporary Town Administrator until a permanent replacement can be hired.

John Stark testing additional "Late Buses" thru December

John Stark Regional High School will soon begin running two late buses beyond the regular end of day buses. On Tuesdays and Wednesdays, buses will leave JSRHS at 4:30 PM and again at 5:30 PM and will make stops at established bus stops: Henniker Community School, Weare Middle School, Country 3 Corners (Weare) and Lanctot's (Weare). This late bus schedule is a pilot program and will run

through December when it will be re-evaluated. "We're hoping that the addition of these new bus runs will help more of our students participate in more meaningful after school activities and utilize the resources (everything from teachers, to the library, to computers) in our school," said Principal Christopher Corkery. "This is something parents and students have asked us for and we're making it happen."

Alex Pike, a John Stark sophomore, plays on US Youth Futsal team

Alex Pike, a sophomore from John Stark Regional High School, made the US Youth Futsal team for the third year in a row this year. Tryouts for the team began in New England during last winter and the final tryouts were in Kansas in June. In Kansas, Pike secured her position on the team against players from 34 states. In July, she traveled to Medellin, Colombia to play on the girls 2003 US Youth Futsal Team.

In her first match in Colombia, Pike had a shutout half while on the court and also scored from a far post run. In her second match, she was one of the starting five and once again had a shutout half and scored again on a back post run playing 5th man. The third match ended in a 5-5 draw. The 2003 girls played the team that had beaten

the 2002 girls two days before so a draw was a fantastic result.

After playing so well in Colombia, Pike was offered a slot on The Top 12 Futsal Experience. This is an opportunity for selected players to receive advanced training with top European coaches in Barcelona and to compete against the best players from America, Brazil, Australia, and

Spain in March 2019. Pike plans to attend the training in Spain.

When not playing futsal, Alex plays outdoor soccer for John Stark Regional High School, Peak FC, and was part of the U15 team for the Olympic Development Program. She was also selected to play for the Monadnock Region in the Granite State Games.

Alex Pike (in goal) makes a save against Seleccion Antioquia (Colombia) in Bello Stadium, Medellin, Colombia in July.

Escaped fugitive is captured

The Bradford Police were trying to locate Jacob Spaulding. Spaulding, who was wanted for escape from custody. On September 12th, the Sutton Police Department received a report that Spaulding was seen at the Vernondale Store in Sutton. There was a warrant for Jacob out of Hillsborough County and he had escaped custody the day prior. Sutton Police Department, along with Hillsborough County Sheriffs, Bradford Police Department, New London Police Department and New Hampshire State Police assisted in searching the area of Kezar Lake. He was seen in this area by officers and proceeded to flee into the woods. The above agencies, along with K9 Vilo, tracked Jacob through the swamp. Thanks to the tips from several residents, Jacob was taken into custody at a local establishment in New London by New London officers.

No injuries reported in Kearsarge school bus accident

Kearsarge Superintendent Winfried Feneberg reports that a James House Preschool bus was involved in a motor vehicle crash on Thursday morning. Preschool Bus 77 was carrying one preschool student at 8:20 a.m. when the bus was struck on the passenger door side by a passenger car that was turning right as the car exited a parking area on Main Street in New London. The driver remained at the scene, and police and fire officials responded promptly.

No one was injured. The student was evaluated by emergency medical technicians and was able to return on their way to school.

The student's family was notified, and the family was in contact with the EMT's who treated the student. The student was further evaluated by the school nurse and was allowed to join their classmates. The crash will be investigated by the New London Police Department.

Bow Police Officers save a person's life

Master Patrol Officer Matt Pratte and School Resource Officer Mike Carpenter responded to a welfare check and found a person barely alert and bleeding profusely. Officer Carpenter's swift and courageous actions in applying a tourniquet off his duty belt, (which the department had just purchased) administering quick clot from MPO Pratte, and calling for a Medic, undoubtedly saved this person's life. These two brave officers will be honored at the next Department training.

Epsom man found driving erratically

A 63-year-old Epsom man suspected of swallowing a bottle of prescription pills before driving erratically on Route 28 was taken to the hospital Thursday after police followed him for 14 miles. Epsom Police Chief Wayne Preve, the officer who pursued the man before shutting off his flashing lights and following him, declined to identify the suspect, adding that no one was hurt. The man was not arrested. Charges are expected to be filed. The incident began about 12:20 p.m., when the suspect's wife notified police dispatch that her husband "had taken a bottle of pills" and driven away.

Francetown man injured in OHRV crash

A Francetown man was seriously injured when he lost control of an off-road recreational vehicle and crashed, the New Hampshire Fish and Game Department said Sunday.

Conservation officers were called to the crash scene on Reid Road around 10:30 p.m. Saturday after people riding with Jonathan Pope, 19, heard him crash and called for help, Fish and Game said in a release Sunday. Pope was taken to Catholic Medical Center by ambulance for treatment of non-life threatening injuries, Fish and Game said. Investigators said speed appeared to be a contributing factor.

Newport man killed in two-car accident

Sunapee Police were dispatched to a two car motor vehicle crash with entrapment on Route 103 near Young Hill Road. As a result of the crash, one driver, Richard Hart, age 65, of 258 Sunapee Street, Newport, was pronounced dead at the scene. The driver of the other vehicle, Richard J. Briand, age 79, of 4 Argyle Road, Arlington, Massachusetts, was transported by New London Ambulance to New London Hospital where he was treated for injuries as a result of the crash. There were no passengers in either vehicle. Route 103 was closed for approximately 4 hours while the crash was investigated. The Sunapee Police Department's investigation into the cause of the crash is ongoing.

Personnel decisions dominate latest Henniker Select Board meeting

Having tabled several items from their previous meeting the Henniker Select Board handled a full agenda on Monday night. Fire Chief Jim Morse and Rescue Chief Tom French returned to request approval to hire a second full-time EMT to provide coverage 7 days a week/12 hours per day. After reviewing the cost projections prepared by Finance Director Russ Roy and convinced of increased revenue by servicing more calls, the board voted unanimously to approve the request.

Transfer Station Superintendent Kristen Bergeron was next, asking permission to fill the vacant full-time position created when the Assistant Superintendent retired and moved to part-time status. Again, the request was unanimously approved.

In anticipation of the winter workload, Highway Superintendent Leo Aucoin requested hiring 2 seasonal CDL truck drivers at \$20-@22.50/hour, two part-time pickup truck drivers and 1 sidewalk plow operator. They were all approved.

The Board then reviewed the job description for a new Town Administrator and appointed Heidi Aucoin, Scot Dias,

Debbie Hooper, Cordell Johnson, Debra Kreutzer, Bill Marko, Ryan Towle and Bruce Trevellini to a Hiring Committee

charged with screening applicants for the position.

TAKE YOUR MEDICINE

BY SARAH CHAPIN

Lansoprazole, a cheap and widely used drug used to treat conditions such as heartburn, gastritis and ulcers, could work against the bacteria that cause tuberculosis (TB), according to new research published in *PLOS Medicine*. People who used lansoprazole, as opposed to the similar drugs omeprazole or pantoprazole, were a third less likely to develop TB. In 2016, 10.4 million people fell ill with tuberculosis and it is in the top ten causes of death globally, killing more people than any other infectious disease. In England, there were a total of 5,664 TB cases in 2016, with London accounting for almost 40 per cent of all cases. According to a report by the London Assembly in 2015, one third of London's boroughs exceed the World Health Organization "high incidence" threshold of 40 cases per 100,000 population per year and some boroughs have incidence levels as high as 113 per 100,000 people per year—significantly higher than countries such as Rwanda, Algeria, Iraq and Guatemala.

In a study published in *The Annals of Family Medicine* of long-term associations between adverse clinical outcomes in older adults and anticholinergic burden (ACB—the cumulative effect of using multiple medications that block the effects of acetylcholine in the body), the ACB showed the strongest, most consistent dose-response relationships with risk of all four adverse outcomes studied: emergency department visits, all-cause hospitalizations, hospitalizations for fractures, and incident dementia. Medications with anticholinergic properties—including Parkinson's medications, diphenhydramine (Benadryl), trihexyphenidyl (Artane), benztopine mesylate (Cogentin), biperiden (Akinetom), antipsychotics, clomipramine (Anafranil), and chlorpromazine (Thorazine)—comprise 30 to 50 percent of all medications commonly prescribed to older adults.

Newport celebrates historic Corbin Bridge

On October 12, 2019, Columbus Day Weekend, Newport will celebrate the 25th anniversary of the rebuilding of the Corbin Covered Bridge in 1994. The bridge had been burned by an arsonist in May 1993 and through negotiations, meetings, research and hard work, the historic bridge was replicated in both style and means of construction. The October 1994 Covered Bridge Festival saw 9000 people come from all over New England to witness two teams of oxen pulling the bridge into place, inch by inch. Now, twenty-five years later, the Newport Historical Society and the Corbin Bridge 25th Anniversary committee invite you to a celebration like the one in 1994. More than 25 events are currently planned throughout the day of Saturday, Oct 12, 2019, with more to be added in the coming months. The event will include historical and cultural activities, fun, food, demonstration, hands on experiences, and photo ops. The celebration committee plans to have something for everyone, including families and youth.

The Light Of Freedom

Our son wrote his essay shortly after the attacks on the World Trade Center on September 11, 2001. We reprint it today as a reminder that the War On Terror has not yet been won. Victory belongs to the vigilant. Leigh Bosse

A dark shadow passed over the United States this week. The deadliest attacks ever launched against American civilians hit our symbols of economic and military power and shook our civilization awake to the realization that we live in a dangerous world. The monstrous barbarism we endured was not directed at the passengers and crew flying in hijacked airliners, or at the employees doing their jobs at the World Trade Center or even at the soldiers protecting our nation from the Pentagon. The thousands of innocent victims killed on Tuesday were not the true target of these attacks.

The motive behind these atrocities was to incite fear and uncertainty into the hearts of the millions of Americans who survived. Those behind these acts of terror hoped to strike at the heart of the American financial sector and at the nerve center of our armed forces. While they may resent American money and American muscle, what they fear is the American way of life. Stocks and bonds do not make America great. Freedom does. It is freedom that drives our economy to lead the world. It is freedom that rallies people to democracy wherever and whenever they taste it: And it is freedom that threatens tyrants holding onto power at the expense of their subjects. Freedom to travel, freedom to work, freedom to live in safety all came under fire from the forces of darkness.

Our enemies are trying to break our spirit. They express their political will not through democracy and diplomacy but in blood and rubble. Frightened men who live in shadows and send suicidal soldiers to kill defenseless civilians; these are the enemies of freedom. We are neither invulnerable nor invincible. In fact, the freedoms we enjoy in the United States provide opportunity for our enemies. Freedom brings risk, and we have paid a terrible price. Even as we assess the final cost of these attacks, we should remember the rewards of living in

the greatest civilization in the history of man. We have built a nation of unparalleled prosperity and opportunity and set an example for the world. Our ongoing experiment in democracy has spread across the continents and provided every American with freedoms never contemplated in an earlier age.

I was shocked and saddened at our tremendous national loss but had controlled my emotions throughout the day. Then I watched members of Congress gather on the Capital steps, offering words of support for the President. As the press conference broke up, these men and women who devote much of each day to each other's political downfall, joined in singing "God Bless America" and, for the first time all day, I cried. I am an American, and I live in a land where factions struggle for political control but stand shoulder to shoulder in times of crisis. I am an American, and I am proud and grateful.

We will track down those behind these attacks. We will strike back. not for revenge but for Justice. Our retaliation will not replace the loss we feel from our departed friends but it will show other tyrants and thugs that freedom can not be attacked with impunity. We stand today as a nation, strong and resolute wounded but not weakened attacked but not defeated. The enemies of freedom lurk in the shadows, mistaking our liberty for weakness. They can only survive in darkness, but the light of freedom shall carry the day.

Grant Bosse is the Editorial Page Editor of the Manchester Union Leader.

Letters to the Editor

Dear Editor:

This year we had a great collection of school supplies from many folks in and around town.

Thank you so much to all the businesses that held collection boxes Bar Harbor Bank & Trust, Hillsboro Graphics, Hillsboro NH Police Department Taco Beyondo, & Smith Memorial Congregational Church – UCC.

Special thanks to Sgt. Derek Kirlis & Bill O'Connor at the Hillsboro Armory for

allowing us to keep the supplies safe until we were ready to sort and pack all 122 backpacks.

Businesses that collected supplies: Hillsboro NH Women of the Moose Chapter 967, Hillsboro Moose Lodge, & OSRAM Automotive. ...and of course all the people that placed school supplies into the donation boxes.

It is amazing what a small town can do to come together and help others.

Jessica Audette, Hillsboro

Governor Chris Sununu stopped by the Hillsborough polls to meet with voters, including Herb and Norma Hurlbut.

Solid Waste Advisory Board Wants to Talk Trash

by **Audrey Bethel**

Our small community is facing the same issues that all communities across the country are being forced to look at: What makes sense to recycle? How do we best recycle it and where? What sorts of products do we need to buy and what sort of packaging do they need to come in? How can we re-use what we have? How do we get others to know about why these things matter? Hillsboro, Deering and Windsor each have several representatives coming together as a Solid Waste Advisory Board to ask some of these questions as a group with the hopes of being a supportive entity for the transfer station and the region.

The Solid Waste Advisory Board hopes to bring fresh ideas to the table and work to educate the public about what's going on with our waste and how we can best work together. The Board's composition is

to have two representatives from Deering, Windsor, and Hillsborough. Currently there is one vacant seat for the Town of Windsor and one for the Town of Deering. Hillsborough Selectman Jon Daley, Transfer Station Manager Luke Levesque, and Town Administrator Laura Buono are participating so that things can be coordinated properly and effectively with the Town. The group has just had one meeting, but the plan is for them to meet the third Friday of each month at 7:30 am at the Town Offices.

Meetings are open to the public so if you would like to attend or have an interest in the vacant Deering or Windsor positions, please contact our Hillsborough's Town Administrator through email at Laura@Hillsboroughnh.net or by phone at 464-7970. The Solid Waste Advisory Board will also be looking for input from all community members as we get off the ground.

Described as James Taylor meets Jason Isbell, Sam Robbins continues to gain considerable attention as he tours around New England and beyond.

Will Hatch & Co. – 2:30 to 4:00 PM Will Hatch is a singer-songwriter from Concord, New Hampshire. Illustrating a nuanced take on classic American themes, Hatch's songs feature lonesome lyrics about heartbreak and booze, reality and desire. Hatch tours New England as a solo act when not playing with his 5-piece band.

Studio Two is a headlining Beatles band that pays tribute to the early Beatles years, choosing songs from the pre-Sgt. Pepper era. Featuring graduates from Berklee College of Music and being true Beatles devotees, Studio Two bandmates met in a “cellar full of noise” in a town slightly west of Liverpool (Milford, New Hampshire) to pay homage to the greatest rock band of all time.

Gerry Grimo and The East Bay Jazz Ensemble – 2:00 to 3:30 PM Gerry Grimo and The East Bay Jazz Ensemble take you on a sentimental journey through the sound of the classic big bands. An energetic 10 - 13 piece ensemble, they deliver the best in jazz, pop and R&B music and have been a staple at the festival for many years with countless toe tapping performances.

Wonderbox – 4:00 to 5:15 PM Wonderbox captures audiences with an eclectic blend of musical variety. From well-known mainstream rock songs to memorable classics, their performances appeal to everyone. For WonderBox, the focus has always been on having fun while making great music together. The 5-piece unit plays a wide mix of classic and soon-to-be-classic rock, featuring dueling guitars, tight vocals, and a slammin’ rhythm section that keeps crowds going all night long.

Brad Myrick & Friends – 5:30 to 7:00 PM Raised in Hopkinton, New Hampshire, guitarist Brad Myrick will not be pigeon-holed or pinned down anytime soon. While known locally as a hometown guru, he is also an international authority of the guitar, continuing the tradition of Al Di Meola, Eric Johnson, Kurt Rosenwinkel, and many others spanning the genres. Indeed, though the music scene demands allegiance to accepted formats and functions, this group stands out as an unrelenting explorer.

Colby Sawyer College again ranked high

For the second year in a row, Colby-Sawyer College landed on the U.S. News & World Report’s list of best regional colleges in the North and was recognized as a Best Value in the same category, which is composed of colleges that focus on undergraduate education but grant fewer than half their degrees in liberal arts disciplines. Colby-Sawyer also scored the #3 spot on the Best Undergraduate Teaching list for its category, the only New Hampshire college to be recognized. When U.S. News & World Report unveiled the 2019 Best Colleges on Sept. 10, it again ranked Colby-Sawyer #7 in Regional Colleges North (the highest in that category of any college in New Hampshire, Massachusetts and Vermont) and #5 in the Best Value category, the highest of any regional college in New England. “Colby-Sawyer is pleased to be included in the U.S. News & World Report’s 2019 Best Colleges rankings. We are especially proud to be recognized for our exemplary undergraduate teaching,” said Colby-Sawyer President Susan D. Stuebner. “U.S. News and other guidebooks remain primary resources that prospective students and their families use to explore colleges and universities. That said, there is no substitute for visiting our campus to determine whether there is a good fit between what Colby-Sawyer offers and what a student seeks. A great opportunity to visit and get to know our campus is the Fall Open House on Oct. 13.”

FOOTBALL

Inter-Lakes 15, HD-Hopkinton 14: The Redhawks were their own worst enemy on Saturday. The Redhawks accumulated 283 yards on offense and defensively held the Lakers to 15 points. Unfortunately, 10 offensive penalties and three turnovers were simply too much to overcome.

Laconia 27, Kearsarge 18: Laconia scored on a TD pass with 3:38 left in the game to take a 21-18 lead.
