Newport to receive over \$3 million in settlement

The town of Newport has settled a longstanding lawsuit against the engineering firm that was hired to oversee the construction of a new wastewater treatment plant, netting a little more than \$3 million in the process. In 2009, the town was ordered by the U.S. Environmental Protection Agency to make upgrades to the wastewater treatment plant due to phosphorous in the water, according to reports. The town hired Los Angeles-based company AECOM to design and oversee the construction of the upgrades.

The lawsuit alleged that the filtration system to reduce the phosphorus did not work well enough to meet EPA standards. This forced the town to shut down the filtration system and design and build a new system.

Newport filed suit against AECOM and WesTech, a Utah based company, and Penta Corp out of Moultonborough,

which resulted in countersuits filed against the town. The recent decision to settle the case means that AECOM will pay \$2.7 mil-

lion to the town, WesTech will pay \$650,000, and Penta Corp will pay \$75,000. That money will get paid over time.

Henniker Historical Society members Kristen Maclean, Diane Carpenter and Martha Taylor joined Selectman Peter Flynn at Hillsboro House to present Henniker's Boston Post Cane to 101 year old Ruth Jarvis.

Hillsborough Operation Christmas in 2018

It's that time of year again! Hillsborough's Operation Christmas committee has begun meeting to prepare for Christmas 2018. Last year they helped 66 families with 134 children. Each year custodial parents fill out applications for their children age 16 and under to receive one toy and one article of clothing for each child. Each gift must be under \$50. These requests are written on "gift tags" which are put out in several locations around Hillsboro for people to take and purchase the items. Then the parents pick them up before Christmas so that they can be wrapped and placed under the tree to brighten a child's Christmas morning. Can you donate to help out? Every year, there are gift tags that don't get taken, gift tags that never get returned and families that we learn about at the last minute. Money donated to Operation Christmas is used to make sure no approved applicant goes without. If you can't donate money at this time, is there some other way you can help? Contact hillsboro-operationchristmas@yahoo.com if you have questions or ideas.

Newport American Flags will soon be flying

Tom Gallagher addressed the Newport Selectmen and stated he was at the October 1, 2018 meeting concerning the flying of the American flags on the poles along Main Street in Newport. He appreciated the Board taking it up for consideration, and asked what the status of the request was. Town Manager Rieseberg stated it was currently an action item. Town staff had been directed to order brackets and flags. There were some samples that would be up in the near future. Gallagher stated it meant a lot to him and his neighbors. Gallagher requested that the Town advertise where the sample flags would be located.

Recycled Percussion thrills Weare Middle & Center Woods schools

The drumming band Recycled Percussion brought their special brand of chaos and kindness to Weare Middle and Center Woods Upper Elementary Schools in October. Courtesy of Northeast Delta Dental, Justin Spencer and Ryan Vezina started the school day off by engaging students in an egg hunt held all over the schools of 600 students. Utilizing the public address system to give hints as to where the 10 eggs were hidden, each egg contained \$50 for the student to donate to a charity of their choice. Top choices by students to donate the \$50 to were animal shelters and children's hospitals.

Following the egg hunt, everyone headed into the gym for an assembly

Kearsarge Budget at \$42,199.777

The Kearsarge Regional School Board has approved the proposed 2018-2019 operating budget of \$42,199.777 or an increase of 2.20 percent. The average operating budget changes from 2013-14 to 2018-19 has been 2.18 percent annually. The figure does not include any wage increases resulting from contract negotiations which are pending.

that included performances by Recycled Percussion, a student talent show, and a teacher dance-off. At the end of the program, Justin and Spencer had everyone in the full-to-capacity gym raise their hands and promise to always do their best and be kind to others.

Justin Spencer formed Recycled Percussion playing buckets in 1995 for a high school talent show in Goffstown, NH

(where they came in second place). Nine years ago, a stint on America's Got Talent sent them on their way to worldwide acclaim. They are now regular headliners in Las Vegas and have performed at the Super Bowl and the Grammy Awards. Recycled Percussion also hosts the television program, "Chaos and Kindness," which focuses on giving back to the community and paying it forward.

Nathan Morse (7th grade) wins the top prize, \$100, in the student talent show for his rendition of the floss dance.

DISCOVER THE SECRETS OF FREE MASONRY

Freemasonry is a charitable, benevolent, educational and religious society.

Its only secrets are in its method of recognition and of symbolic instruction.

- It is charitable in that it is not organized for profit, and none of its income benefits any individual.
- It is benevolent in that it teaches and exemplifies altruism as a duty.
- It is educational in that it teaches by ceremonials a system of morality and brotherhood.
- It is religious in that it teaches Monotheism, the Volume of the Sacred Law is open upon its altars whenever a Lodge is in session, addressed lessons of morality; yet it is not sectarian or theological.
- It is a social organization only so far as men may gather in numbers, providing for its work of education, worship, and charity.

Through the improvement and strengthening of the character of the individual man, Freemasonry seeks to improve the community.

Hillsborough Peanut Soccer ends 1st season. Mike Stellato asked me if I would be willing to organize and conduct a Saturday morning soccer program for youngsters ages 5, 6, and 7 through Glenn Winters Centerline Soccer Club. We would end up also adding 4 year olds into the mix. It has been a long time since I was on the pitch with athletes that young. It has been an incredible way to spend a couple of hours on Saturday mornings. I would like to thank Glenn, Elijah, and Morgan Winters, Tammy, Kaylea and Emma Davison, Mike and Richie Stellatto, Patsy Hersey, and Jaime Zishan for volunteering their time as coaches. Without them it would have been impossible to provide over 50 young athletes the opportunity to participate in such a great sport. Glenn, Mike, and I would also like to thank Yanni's, Hillsborough Diner, and Stonebridge Montessori School for helping us purchase jerseys for the participants. Don Decowski.
