### New Boston girl needs a new kidney donation

Seventeen-year-old Hailey Gelinis is in need of a new kidney. She has already endured a mountain of medical obstacles. Gelinis' uncle donated a kidney to her in 2008, but her body rejected the organ two years ago.

Now, she has end-stage renal disease, a chronic kidney condition. She needs a new kidney from a living donor, preferably someone healthy who is 35 years old or younger with A- or O- type blood.

At times, Gelinis' condition requires emergency medical care, which has resulted in a special bond between her and the members of the New Boston Fire Department. New Boston Fire Chief Dan MacDonald said Gelinis is now considered a member of the New Boston firefighter family and has one word to describe how all the support makes her feel: "Loved." For more information on how to help Gelinis, visit the Facebook page Well Wishes for Hailey.

The Baker addition to Whipple Hall will not be the permanent home of the New London Police Department.

## Show Me The Money

*New London Board prioritizing financial demands*

After months of drafts and redrafts of plans for renovation of the Baker Building addition to Whipple Hall, the New London Select Board has decided that it is impractical to spend the dollars necessary to renovate the facility as the long-term home of the Police Department. The Board was unanimous in its decision to seek an alternative site for a new Police facility, while prioritizing spending on the health and safety repairs needed to make Baker habitable for the department's short-term use. Bob Bowers

had proposed a list of several priority repairs totaling \$490,000. Based on that estimate, the Board is preparing a Bond article for Town Meeting, currently set at \$500,000.

In addition, the Board is considering bonds of \$275,000 for Brookside culvert, \$193,000 for Pingree Road and \$205,000 for Goose Hole Bridge. Purchase of Bunker Road Guardrails (\$22,500) and a Sewer Backup Pump (\$115,000) would be from existing funds and not effect taxation.

# Hillsborough Historical Society asks "Do You Remember?"

The Hillsborough Historical Society will be hosting a "Do You Remember?" series of round table discussions in order to enhance its archives by collecting stories about Hillsborough's deceased residents, notable events, and businesses of yesteryear from those of you who remember them.

Do you remember Susan and/or Mary Pierce? They will be the topic of the Society's first round table discussion to be held at 11:00 A.M. on Monday, January 28th, in the Society's Heritage Museum located in the old firehouse on 5 Central Street. Snow date: 11:00 A.M. on Wednesday, January 30th.

To those of you in the greater Hillsborough community who knew these ladies, please join us. The Society would love to hear and preserve your memories of them, and any information that may have been passed down to the sisters regarding other members of the Pierce family. No memory is too small!!

To those of you who did not know them, you are welcome to join us to learn about these historical figures who called Hillsborough their home.

If you are unable to attend the round table discussion, please submit your memories ... by mail: Hillsborough Historical Society, PO Box 896, Hillsborough, NH 03244-0896 or by phone: 603-464-3637

## Let Ray know we wish him well

Good friend, Ray Dozois, who portrayed Santa for many years at Red Coat's Free Photos With Santa during Olde Fashioned Christmas, is home recovering after a heart attack and quadruple by-pass. Drop him a note at 950 Old Saint Johns Road, Irvington, VA 22480. I'm sure he would like to hear from his old Hillsborough cronies.

or by email: Hillsboroughhistory@gmail.com or drop by the Society's Heritage Museum on any Wednesday or Saturday 9:00-12:00.

The Society's second "Do You Remember" roundtable discussion will be on the Nuclear Waste Dump that threatened Hillsborough in 1986.

## Plan NH approves Hillsborough's downtown Charrette

Hillsborough Town Planner Robyn Payson has been notified that Hillsborough's application of a Plan NH Charrette has been approved. The notification says, "We are pleased to let you know that your application for a Plan NH Charrette has been approved.

Next steps: I'd like to set up a phone call with you - this week, if possible - to get an idea of dates (a Friday and Saturday

and to start to organize this.

We don't have a leader yet, but when we do, we will then set up a time to come to see you and your team, view the downtown, meeting locations, etc. Congratulations.

This was pretty much a slam dunk. First comments were that your application is one of the best we have seen in a long time. Nice work."

## TOP TEN DENTAL SYMPTOMS PART I

Dr. Esin Narli-Trangaris

### Symptom: Toothache

If your mouth or jaw hurt, it could be from a toothache. Toothaches usually indicate a cavity but they can also signal gum disease. In some cases, a toothache is a sign of an abscess or impacted tooth. A toothache should be evaluated by a dentist right away to determine the cause of the problem and prevent the tooth from dying.

### Symptom: Sensitive Teeth

If your teeth hurt when you drink hot or cold beverages, you may have sensitive teeth. This can be the result of tooth decay, fractured teeth, worn fillings, gum disease, worn tooth enamel or an exposed tooth root due to gum recession. Treatment will depend on the source of sensitivity. If you're concerned about the sensitivity of your teeth see your dentist for diagnosis and treatment options.

### Symptom: Bleeding or Sore Gums

Bleeding or sore gums can be a sign of gingivitis, an early and reversible stage of gum disease, or simply the result of brushing too hard or starting a new flossing routine. If your gums bleed regularly, or enough to worry you, make an appointment with your dentist or physician; it could be a sign that something else is wrong.

## TAKE YOUR MEDICINE

BY SARAH CHAPIN

Men who take the medication finasteride get a prostate cancer prevention benefit that can last 16 years — twice as long as previously recorded, according to SWOG clinical trial analysis published in the *Journal of the National Cancer Institute*.

Children with mild to moderate asthma do not benefit from a common practice of increasing their inhaled steroids at the first signs of an asthma exacerbation, according to clinical trial results published in *The New England Journal of Medicine*. Researchers found short-term increases in inhaled steroids did not prevent attacks in children aged 5 to 11, and may even slow a child's growth.

New research published in the *American Journal of Preventive Medicine* found if patients with hypertension taking prescribed medications experience unusually low blood pressures — systolic blood pressure under 110mmHg — they are twice as likely to experience a fall or faint as patients whose treated blood pressure remains 110mmHg and above. This research is timely because late last year the American Heart Association and the American College of Cardiology lowered its definition of high blood pressure from a systolic blood pressure of at least 140 to a systolic of at least 130.

Women who take antibiotics for long periods, especially in late adulthood, appear to have a higher risk of death from heart disease and in general, according to preliminary research presented at the American Heart Association's Epidemiology and Prevention / Lifestyle and Cardio-metabolic Health Scientific Sessions 2018.

## Franklin Police arrest three on various charges

Franklin Police recently arrested 29-year-old Christopher Rowley of Franklin, for Possession of a Controlled Drug, Resisting Arrest/Detention, and Escape. Also arrested were 21-year-old Mariah Ambrose of Franklin, for Probation/Parole Violation and 33-year-old Brian Paquette of Sanbornton, for a Receiving Stolen Property warrant. A search of the 72 Chestnut St residence via search warrant resulted in officers finding approximately 20 grams of Heroin and approximately \$2,000 in cash. As a result, Rowley was arrested for Possession of a Controlled Drug. As Rowley was being escorted by police to a marked cruiser he pulled away and attempted to flee on foot. He was apprehended by police officers and probation officers moments later. He was subsequently charged with Resisting Arrest/Detention and Escape and transported to the Merrimack County Jail where he is being held without bail pending arraignment. Ambrose was located hiding in a bedroom closet as they searched the residence. Ambrose was arrested and held on a Probation/Parole Violation and transported to the Merrimack County Jail.

## Veterans Home urges caution for visitors

In the wake of two potentially contagious outbreaks of illness, the New Hampshire Veterans Home has issued a warning to volunteers and visitors alike. One of the residents developed a respiratory illness; the other an intestinal illness. Volunteers have been asked to stay at home until the situation is cleared, and visitors asked to take precautions during visits, including hand washing or donning gloves and surgical masks, depending on the location of the resident they're visiting. The veterans home's medical staff is testing to determine the type of outbreak.

## Harris Center acquires 50 acre easement

Hancock's Harris Center for Conservation has raised enough money to conserve nearly 50 acres abutting Silver Lake. The Center has been working with the Silver Lake Land Trust and Seaver Silver Lake Farm Trust for nearly a year to conserve the largest remaining undeveloped property on the lake. Executive Director Jeremy Wilson confirmed that the easement cost was \$1 million, because of the extensive shoreline around Silver Lake. The easement includes 50 acres and nearly 800 feet of shoreline of the southern end of the lake in Harrisville.

## Franklin City Council transfers \$350,156 to city's school budget

The Franklin City Council voted 8-0 Monday to allow the Franklin School District to use \$350,156 in unassigned fund balance from 2018 to support next year's budget. School Board Chairman Tim Dow urged the council to approve the request, explaining the funds were needed to make up a \$297,460 budget shortfall as a result of decreased revenue.

# Henniker Community School Budget set at \$8,093,430 up 2%

Henniker School District voters are being asked to raise and appropriate an operating budget of \$8,093,430, an increase of \$163,302 (2%) over the current \$8,026,444 budget.

Also up for approval is the new 3-year collective bargaining agreement reached

between the Henniker School Board and the Henniker Teachers' Association which calls for the following increases in salaries and benefits: 1019-20, \$58,824; 2020-21, \$43,710; and 2021-22, \$100,919. (One Hundred Thousand Nine Hundred Nineteen Dollars).

Also needing voter approval is the new 3-year collective bargaining agreement

reached between the Henniker School Board and the Henniker Community School Support Staff calling for the following increases in salaries and benefits: 2019-20, \$30,167; 2020-21, \$23,605; and 2021-22, \$20,395. If everything is approved, the tax rate would increase by \$1.42, meaning a house valued at \$250,000 would be taxed an additional \$312.50.

The Francestown Improvements and Historical Society (FIHS) is offering an opportunity for people to see the renovations completed thus far at the Francestown Village Store this Saturday. From 9 a.m. to 11 a.m., come to the store for coffee and donuts, to meet friends and neighbors, and to check out the progress.

SAU #24 Superintendent Dr. Lorraine Tacconi-Moore presents the new budget and warrant articles at the Henniker School Budget Hearing.

## Kearsarge Regional School District voters asked to approve \$43,278,985 budget

Voters in the towns of Bradford, New London, Newbury, Springfield, Sutton, Warner, and Wilnot are being asked to support a Kearsarge School District Operating Budget of \$43,278,985 for the support of schools, a figure supported by both the School Board (7-0) and the Municipal Budget Committee (8-0).

Article 2 seeks voter approval of a new 3-year Collective Bargaining Agreement reached between the Kearsarge Regional School Board and the Kearsarge Regional Educators Association, calling for the fol-

lowing increases in salaries and benefits: 2019-20: \$423,178, 2020-21: \$412,254, and 2021-22: \$393,850, again with the unanimous approval of both groups.

Article 3 asks voters to raise and appropri-

ate up to \$15,000 to be placed in the Special Education Expendable Trust Fund, and Article 4, supported by both groups, calls for up to \$50,000 to be placed in the School Buildings Maintenance Expendable Trust Fund.

## Hopkinton bridge work underway

The NH Department of Transportation (NHDOT) has announced that work is underway on a bridge preservation project on two bridges on NH Route 9/US 202 in Hopkinton. These bridges carry traffic over Elm Brook and the Contoocook River between I-89 Exit 5 and NH 127. This project will eventually require a westbound detour taking traffic northbound on I-89 to Exit 6 and across NH 127 to return back to NH 9/US 202. The duration of the traffic detours should be about three months beginning in the spring of 2019. There will be no detour of NH 9/US 202 eastbound traffic.

## Hillsboro-Deering school budget up only .79% & new 3-year teachers contract

The Hillsboro-Deering School Board presented a budget of \$22,138,515, an increase of .79% with the default budget of \$22,032,286.

Major changes include a \$95,000 decrease in the cost of health insurance, and increase of \$223,057 for transportation, \$193,000 for two new positions, an elementary school counselor and a behavior specialist, \$34,000 for new laptops and chromebooks, a \$53,000 increase in the cost of utilities, and the addition of boys' and girls' lacrosse for \$27,000.

Other line item cuts made the increase of less than one percent possible.

Chairman Rich Pelletier also highlighted the changes in the negotiated teachers' contract. The first year's increase will be \$377,780, the second \$344,143 and the third, \$370,305.

While the Evergreen Clause was not eliminated, concessions by the teachers included lowering the percentage increase between steps from 3.62% to 3%, capping the retirement stipend to \$15,000 (for new employees hired after 7/1/19), and reducing the maximum health care buy-

out to \$5,000.

Cost of living increases are to be 2% for years 1 and 2 and 2.25% for year three.

In addition to the budget there will be two articles for appropriations to trust funds, one of \$50,000 for Special Education and one for \$50,000 for Technology, only to be applied if there are unexpended funds at the end of the year.

Other articles include a non-lapsing article to raise \$75,000 to match \$75,000 from the PTO for a new playground. Board and playground committee member Kathryn McGinn explained that the PTO has already raised \$45,000 for the playground, but just in case they can't raise the additional \$30,000 by 7/1/20, then the non-lapsing clause will give them an additional year. There will also be a \$35,000 article for a feasibility study for a new arts center.

All the information on the budget can be found on the SAU website, <https://www.hdsd.org>. The next opportunity for public input will be at the Deliberative Session on February 4.

Gene Gould was one of less than a handful of residents, not affiliated with the school, to attend the Hillsboro-Deering Budget Hearing.

## Publisher's Perspective *by Leigh Bosse*

Words from a time when we disagreed with Democrats but still respected their character and class. LDB

When you teach a man to hate and fear his brother, when you teach that he is a lesser man because of his color or his beliefs or the policies he pursues, when you teach that those who differ from you threaten your freedom or your job or your family, then you also learn to confront others not as fellow citizens but as enemies.

We must admit the vanity of our false distinctions among men and learn to find our own advancement in the search for the advancement of all. We must admit in ourselves that our own children's future cannot be built on the misfortunes of others. We must recognize that this short life can neither be ennobled nor enriched by hatred or revenge.

Robert F. Kennedy

## Guest Editorial

### Hatred Divides Us

**Mike Jones of Hillsborough was one of dozens who proudly posted the following on Facebook.**

I offer no apology for what I am posting for this is truly how I feel. Please know this is my opinion and not open for debate. If you don't agree that's your prerogative but I will not be responding to any or all comments. I have lived through Ten United States Presidents prior to our current President Trump. In my lifetime I have never seen or heard of a President being scrutinized over every word he speaks, demeaned by the public to the point of disgrace, slandered, ridiculed, insulted, lied to, threatened with death, threatened by some to rape our First Lady, and have his children also insulted and humiliated.

I am truly ashamed of the people of MY country. I am ashamed of the ruthless, insufferable, cruel, Trump haters who have no morals, ethics or values and the irresponsibility of the reporters who feel they have the right to deliver personal opinions just to sway their audiences in a negative direction even if there is no truth in their message. After every other President was elected and took the oath of office they were allowed to try to serve this country without constant negative scrutiny from our news sources. ALWAYS BEING PRESSURED while news sources search only for negative results from our President will not serve the people of our country. Nor will it create informed Americans. ENOUGH is ENOUGH is ENOUGH.

### Hillsboro Food Pantry issues 2019 Hillsboro Challenge

The Hillsboro District Food Pantry is again holding the "Hillsboro Challenge." Each year from March 1st - April 30th, the food pantry attempts to reach a pre-set goal. This year's goal is \$10,000. This goal is met through donations of cash or check and value of donated food items and

personal care items, valued at \$1 per can, per pound, or per item There are several ways help. 1.) Make a donation by cash or check. 2.) Plan a food drive. 3.) Plan and put together your own fundraising effort to benefit the pantry. 4.) Spread the word to your local organizations or churches.

## Jeff Perkins named Franklin 2018 Citizen of the Year

During Franklin's first City Council meeting of 2019, Mayor Tony Giunta introduced Jeff Perkins as the Citizen of the Year. For the past three years Perkins has volunteered to pick up litter along streets and state highways that stretch through

Franklin. He walks up to 10 miles a day and often fills up to 20 trash bags each trip. The city provides the bags and picks them up once they're filled by Perkins, who offers free sweat equity to the community he loves.

## Breaking News

As we were going to press, we received this message from Superintendent of Schools, Robert A Hassett: "This morning (Thursday) at a approximately six o'clock, a police investigation led to our campus. The situation was handled quickly and effectively by the Hillsboro Police. They were in contact with school officials immediately and we were prepared to put emergency measures in place. The students are and were safe but we all worry when we see a heavy police presence. So if you or your children have questions please feel free to contact us or the HD Police Dept." Police were looking for a suspect who was on foot and led them to the school. The suspect was not there when police and a K-9 arrived and he is still at large.

## Flooding at Shaws Supermarket

For anyone wondering why Shaw's in Hillsboro was closed for a while on Tuesday afternoon, there was a water main break on the 2nd floor, which flooded the stairs and part of the first floor. Hillsboro Fire Department shut off the water, helped them clean up and waited until a cleaning company arrived.

## Another two hour hearing with no decision

Vertex Tower Assets, LLC and New Cingular Wireless PCS, LLC – a trade name for AT&T Mobility – have submitted an application to construct a 175-foot, lattice-style tower on a vacant, 20-acre lot at the end of Loverns Mill Road next to the Windsor town line, but the Antrim Planning Board wants the applicants to provide proof of hardship, before granting the numerous waivers requested, including cell tower height limitations. As proposed, the tower would be 60-feet by 60-feet and would be located near the middle of the property.

During a public hearing on Thursday, the Board requested data about any changes in cell reception if the cell tower was lower than currently proposed. The board also discussed requiring a third-party review of the data relative to the tower's height and structure, but no decisions were made. After more than two hours of discussion the hearing was continued to the board's next meeting on January, 17th.

## Hopkinton Select Board briefed on upcoming property re-evaluation

The State recommends that each town have a property re-evaluation every five years and Hopkinton is due to have one in 2019. The Select Board was recently briefed on the process and procedures for the residential appraisals. Each appraiser will have identification, their cars are marked and the Town Office will have a list of their license plates in case anyone has qualms about who they are. After all of the appraisals are done, notices of the findings will be sent to owners who will have the opportunity to attend individual meetings with the appraisers, probably by August with a target date of October 1st to have everything done.

This company is only doing residential as someone else will be doing utilities and towers. The goal of the appraisals is to accurately evaluate each property as close to market value as possible. The DRA will also be looking at exemptions for solar, the elderly, veterans and religious, charitable organizations and schools.

In other business, the Hopkinton Se-

Sam Greene, NHCR, Real Estate Appraiser Supervisor from the DRA and Jeff Earls of Cross Country Appraisal Group spoke to the Hopkinton Select Board regarding the upcoming Town evaluation.

lect Board will hold a public informational meeting to share plans and hear public input on potential renovations to George Park. The meeting will be on Tuesday, January 22, 2019 at 6:00 p.m. at the Hopkinton Town Hall.

Another public informational meeting will be held to share information and hear

public input on the permanent location of the Town Clerk Tax Collector Office, and the use of the Bates Building if it is not the location of the Town Clerk/Tax Collector's Office. The meeting will be on Monday, February 4, 2019 at 6:00 p.m. at the Hopkinton Town Hall. The public is encouraged to attend both meetings.

# Antrim teen being held in preventative detention

Anthony Wheeler, 18, the Antrim teenager allegedly involved in a social media threat that closed the ConVal School District for a day in November is currently being held without bail on preventative detention. Preventative detention is invoked when the person charged in a criminal case would pose a danger to themselves or others in the community. At his arraignment prosecutors argued the threat needed to be taken seriously because of the photograph's connections to the 1999 Columbine shooting, as the photo shows the

gunman wearing a trench coat, glasses, and a hat like that worn by the Columbine shooters. Wheeler's attorney Justin C. Shepherd said he doesn't believe the intent was to cause an evacuation, and argues that Wheeler did not have the requisite intent. Wheeler is one of three ConVal Regional High School students accused of creating and disseminating a photograph on Snapchat. The two others involved have also been charged with criminal threatening-related charges, but their names have not been released as they are minors.

Authorities are taking the similarities of this photo with the Columbine shooting very seriously.
