105 abused dogs in Bradford

52 adult dogs and 53 puppies seized & relocated

More than 100 dogs have been seized from a Bradford kennel due to squalid living conditions, and half of those pets have been transferred to the local humane society for care and future adoption.

According to the humane society and police, an animal cruelty investigation in Bradford resulted in the removal Tuesday of 52 adult dogs and 53 puppies — mostly golden retrievers and Labrador mixes. Bradford Police have opened an investigation into suspected animal cruelty and neglect after a private buyer of two dogs from the kennel called police. There are several potential charges pending. "They are all doing well," Douglas Barry, president and CEO

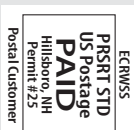

of the Humane Society for Greater Nashua said of the dogs. "They are resting comfortably and in a very comfortable situation right now. They have been eating and I think they are at a very good point."

"We expect all of the dogs to improve physically and behaviorally, and hope to start adoptions in two to three weeks," Becky Longval, director of animal care, said. Initially, all of the dogs were taken Tuesday from Bradford to the Pope Memorial SPCA in Concord where they received physical exams. Half of the dogs were then transported to Nashua the following day, while the other half remained at the SPCA facility.

Newport town sewer & water rates to increase by 20%

The Newport Selectboard has approved a 20% increase in the town's water and sewer rates, the second increase in as many years with the strong likelihood for additional increases over the next few years. Finance Director Paul Brown explained why both systems need additional money for operating expenses, maintenance and capital projects. Brown said the biggest factor is a sharp reduction in water use

by Sturm, Ruger & Co., along with conservation, has resulted in water use decreasing from about 50 million gallons every four months in 2014 to around 30 million in the most recent billing period. Brown said the increases would raise the combined water and sewer bill for a family of four using a standard of 52,000 gallons a year from an average of \$965 to \$1,158 annually.

Stark graduates urged to "take a deep breath and enjoy the moment"

This year, 187 graduates marched in the John Stark Regional High School Commencement Exercises. In his introductory remarks, Senior Executive Councilor Lucas Guerrette recalled his first day as a freshman at the "bottom of the food chain," surrounded by "130-plus Weare kids and five or six Henniker." Salutatorian, Alexa Archbault urged her classmates, "As we continue to change, accept ourselves, don't be afraid to accept your failures ... and accept the changes."

Superintendent of Schools Lorraine Tacconi-Moore referenced the R.E.M. song "It's the End of the World As We Know It," as an appropriate title for the graduates on this day. School Board Chair Zach Lawson echoed the thought, talking about how all stories have a beginning, middle and end and how high school

graduation was one of the big traditions in life. "This is the end of the middle," he said.

Principal Brian Emery reminded the crowd of teenagers eager to get on with life that speed isn't always everything.

"It's so easy to get moving so fast, but take a minute at some point today to slow down, take a deep breath and enjoy the moment ... to cherish this moment," he said. "Then on Monday, or maybe Tuesday, it's time to get on with it."

Salutatorian Alexa Archbault addressed her fellow graduates.

At the dedication of the Public Employee Memorial in Concord, New London Public Works employees are joined by Selectmen Janet Kidder and John Cannon, and the family of Ryan Haynes, who lost his life while performing his duties for the Town of New London on December 1, 2005.

Washington's Library hosting locally connected authors

The Shedd Free Library (SFL) is announcing that two New England authors with Washington, NH connections are scheduled to attend the library's June and July 2019 book club events. Both events will be open to the public and feature brief author remarks and question-and-answer sessions. Harvard, Mass. resident and author Andrea Cale, whose parents live in Washington, NH, will attend a discussion regarding her novel, *The Corn Husk Experiment*, at 10 a.m. on Monday, June 17, 2019 at Washington's Camp Morgan Lodge at 339 Millen Pond Road. On

Monday, July 15, 2019, Washington, NH resident and author Laura-Jean Gilbert will lead a discussion regarding her novel, *Murder Between Friends*, at 10 a.m. at a location to be determined.

The Shedd Free Library (SFL) is Washington's free public library that has been in constant operation since October 30, 1869. The Library maintains over 9000 books and magazines, 487 DVDs, audio books and 130 CDs. Since 2007, the library's circulation numbers have shown increases of 35-40% annually, as well as a 59% increase over a two-year-period.

Hopkinton's 2019 graduates are all "on the road to somewhere"

In welcoming all to the Commencement Exercised, Principal Christopher Kelley urged his departing seniors to "continue to take risks and accept the challenges that await you," he said. "What I want for you is what I want for my own children," he said. "I want you to embrace this notion that life is about a journey to become the best version."

Salutatorian Clara Walling said that her self-care routine has meant taking one day at a time, a skill she learned as a player on the varsity field hockey team and then on the softball team. "There aren't enough days in a year or in a lifetime, so don't waste them dwelling on mistakes or let them pass by." Commencement speaker, social studies teacher Robert Nadeau urged the assembled not look to celebrities for guidance or as symbols of who they wish to become; but rather, turn to family members, friends and neighbors who've played an important role in their lives at one point in time. "Look to the people around you who are in this room and make sound and good judgments," Nadeau said.

said, "Remember we're all on the road to somewhere even if we just aren't quite sure where that is yet." Her hope is that 50 years

from now people will look back and recognize the positive contributions made by members of Hopkinton's Class of 2019.

WHAT IS THE BEST TIME TO CLEAN BETWEEN YOUR TEETH— BEFORE OR AFTER BRUSHING?

Dr. Esin Narli-Trangaris

Plaque that is not removed by brushing and cleaning between your teeth can eventually harden into a rough substance called tartar (or calculus). Tartar collects along your gum line and can lead to gum disease. Once tartar forms, only your dentist can remove it.

The most important thing about cleaning between your teeth is to do it. As long as you do a thorough job, it doesn't matter when. Pick a time of day when you can devote an extra couple of minutes to your dental care. People who are too tired at the end of the day may benefit from cleaning between their teeth first thing in the morning or after lunch. Others might like to go to bed with a clean mouth.

And don't forget, children need to clean between their teeth too! Start as soon as your child has two teeth that touch. Because cleaning between teeth demands more manual dexterity than very young children have, children are not usually able to do a thorough job on their own until age 10 or 11.

Keep in mind that cleaning between your teeth should not be painful. If you do it too hard, you could damage the tissue between your teeth. If you're too gentle, you might not be getting the food out. It's normal to feel some discomfort when you first start, but don't give up. With daily brushing and cleaning between your teeth, that discomfort should ease within a week or two. If your pain persists, talk to your dentist.

TAKE YOUR MEDICINE

BY SARAH CHAPIN

Clinicians prescribed antibiotics without an infection-related diagnosis nearly half of the time and one in five prescriptions were provided without an in-person visit, according to research being presented at ID-Week 2018. The study, which is the first to look at overall outpatient antibiotic prescribing, analyzed more than half a million prescriptions from 514 outpatient clinics. Previous research has found antibiotics often are prescribed for certain symptoms (such as a sore throat or cough) when they shouldn't be. Most of these types of illnesses are caused by viruses and therefore don't benefit from antibiotics, which only treat bacterial infections.

The U.S. Food and Drug Administration has approved a supplemental application for Gardasil 9 (Human Papillomavirus (HPV) 9-valent Vaccine, Recombinant) expanding the approved use of the vaccine to include women and men aged 27 through 45 years. Gardasil 9 prevents certain cancers and diseases caused by the nine HPV types covered by the vaccine. In 2014, Gardasil 9 was approved for use in males and females aged 9 through 26 years. According to the CDC, every year about 14 million Americans become infected with HPV; about 12,000 women are diagnosed with and about 4,000 women die from cervical cancer caused by certain HPV viruses. Additionally, HPV viruses are associated with several other forms of cancer affecting men and women.

Pregnant women who had low plasma levels of long-chain n-3 fatty acids in their first and second trimesters were at a significantly higher risk of early preterm birth when compared with women who had higher levels of these fatty acids, according to new research published in *EBioMedicine*.

Kearsarge graduates "share your talents, concerns and compassion"

The Kearsarge Regional High School Class of 2019 was sent off to the real world with the wisdom of the Game Of Thrones and Miley Cyrus. Class President, Jared Fortier, invoked the Game Of Thrones by telling his classmates "You are a dragon - be a dragon."

Superintendent Winfried Feneberg stressed the values of commitment and balance. "Your commitment to perseverance, has allowed you to keep going even when the path was bumpy and challenging at times, and you might have been tempted to give up. Add balance to commitment and you will become much more effective in your pursuit of your goals, interests, and visions."

Principal Robert Bennett struck a similar cord in urging the graduates to exhibit patience and compassion, and "share your talents, concerns and compassion with others."

Hallie Andrews, in speaking about her brother's death and her father's ongoing battle with cancer said, "I learned how to have compassion for every person I interacted with. You never know if your small act of kindness helped someone through a

Andrewski opened up about her brother's death and her father's ongoing battle with cancer, and said that you should cherish the love and support you receive from your family during difficult times. "I learned there are some mistakes you can't fix. It's infuriating and heartbreaking, but it

happens." She encouraged her classmates to move on and grow from their mistakes. "No one is perfect," she said, "Miley Cyrus agrees with this, so I can't be wrong." In closing she reminded her classmates that "None of us know when our journey is going to end, so I want all of you to promise me you won't waste a second."

Bow's Class of 2019 admonished "Don't settle for average"

Bow High Principal Brian O'Connell, who emceed the commencement exercises, was proud to report that 92 percent of graduates were continuing their education, speculating that that number could be the "highest in the state."

Co-president Sean Miclette cautioned that "It's a tumultuous world, and you have to push yourself every day. Don't settle for average."

Co-President Elizabeth Parker spoke about conquering fear, and testing yourself. "It can be scary putting yourself out there," she said. "Find your purpose and keep striving for it."

Assistant Principal Tim Girzone, known as Timmy G, a reference to former Patriots quarterback Jimmy Garoppolo, handed out white roses to each graduate, read the names of those who had joined the military – Miclette, Matt Murdoch, Jon Routhier and Anthony Sampo. Girzone, who is leaving after three years at Bow, took a selfie, with the crowd as his backdrop, saying "This is a checkpoint, but by no means an end."

'student addresses.' She said Bow High "built me into a better version of myself."

Zachary McDaniel, who refused to allow a birth disorder to spoil his high school experience, gave the other 'student address.' He founded the school's robotics team, played baseball and learned that

what he was born with said nothing about who he was. "I was afraid of being labeled," McDaniel said. "You are the only person who can decide who you are and who you become. I wish you success and happiness," he continued, "and I encourage you to find yourselves."

Franklin graduates challenged to "be the change you want to be"

Reflecting on the budget problems that have plagued Franklin school for the past several years, Salutatorian Cameron reminded her fellow seniors that, "We learned to rise above adversity.... "We have been taught to fight for what we believe in," she said, urging her classmates to "be the change you want to be."

Valedictorian Sarah Sorette echoed that theme saying, "This is your time to put yourself out there and become the people you are all meant to be. Each and every one of you is the future of America. You all have potential," she said.

"You have all put in the hours needed to set the foundation for your lives. You have all had an effect on someone, and you all have had an effect on the future. Never, and I mean never, let anyone in the world tell you otherwise." Commencement Speaker Jeff Jahn, a former science teacher who left Franklin High School after 10 years teaching there last year, challenged his former students to, "Look up from your phones, because you might miss something extraordinary. Maybe you miss the chance at a new friendship or a connection. Maybe you miss something beautiful." Jahn urged them to

"approach each day with a purpose."

Franklin High School's principal Carrie Charette told students to take time to thank the parents and guardians who provided

their support systems. Following that advice, the graduates left their seats to hand a red rose to an audience member who had stood by them through high school.

Winnisquam grads told "Be the best you that you can be"

Winnisquam Regional High School's Class of 2019, all 97 strong joined a gym full of parents and friends for Commencement Exercises. Salutatorian Gabriela Castrillon praised her classmates' determination. "When we want something, we get it. We go after it and don't stop until it's ours," she said.

Valedictorian Megan Fife urged them to follow their instincts and do what they know is right for them, not someone else.

"More challenges will face us in the future but I'm confident this school has prepared us." The commencement address was given by English Teacher and Class Advisor Christina Steffen, who quoted Britney Spears. "I jumped over drama and landed on my feet." In a more serious note, she told them to "Give 100-percent of your efforts toward your goals and dreams."

Superintendent Rob Seaward told the Class of 2019, "I wish you the very best as you embark on the path to all you will become. Welcome to the venture."

Principal Dana Giampaolo reminded the graduates that they "all have potential.. This is how you can change the future, by being the best 'you' that you can be."

Franklin man killed in accident

A man was killed after being trapped under a car in Franklin on Wednesday afternoon, police said. Police said the death occurred around 4 p.m. at Beauchine Auto & Towing on North Main Street. The man was identified by police as Donald Eastman, 49, of Franklin. Eastman was a longtime employee of Beauchine Auto & Towing. Eastman was pronounced dead at the scene, police said. The death appears to be a work-related accident and not suspicious, according to police. The incident is being investigated by the state medical examiner, Franklin Police and the Merrimack County attorney.

The Tilton-Northfield Rotary Club presented \$15,000 in awards to Winnisquam Regional High School graduates.

Advice to Area Graduates

Congratulations to those who just graduated or are about to graduate from one of our fine area high schools. It is traditional, at this time of year, for just about anyone to offer you his or her sage advice on what to do with the rest of your life. Here, for what it's worth, is my contribution.

Get Out Of Town: Your hometown has nurtured and supported you all these years, but it has also limited your perspective on the world around you.

Explore New Horizons: This great country has a lot to offer, much of which you have not experienced. Explore, discover, grow.

Challenge Stereotypes: Much of what you "KNOW," you actually just suspect, based on the limits of your education, upbringing and environment. Stereotypes breed prejudice which breeds bigotry. Challenge them at every opportunity.

Cherish Diversity: America owes its greatness, in large part, because it has been a melting pot of races, cultures and ideas. Different is not divisive. Reach out and understand what your fellow man has to offer.

Listen: Just like in class, too often our misunderstanding of the other person's position results from the fact that we just were not listening. I've always learned more with open ears than with an open mouth.

Dare To Dream: Don't be satisfied. Demand excellence. I was never much of a philosopher, but this quote has stayed with me my whole life. "What the mind of man can conceive and believe, man can achieve." Believe in yourself and go for it!

Don't be afraid to risk failure in order to achieve success. Remember failure is only permanent if you give up. Admit your mistakes, learn from them and move on.

Be Humble: As good as you are, there is always someone better, but that should not hold you back. I was a pretty good high school catcher, having earned my varsity baseball letter in the 8th grade. I thought my success would continue at UNH until I had to compete against another catcher. His name was Carlton Fisk.

Slow Down: Today's life is lived at such a fast pace that it is easy to lose track of what is truly important. What's your hurry? Many of my generation will live into their 80's and yours may well be the first to have a life span of over 100 years. You have plenty of time for fame, fortune and success. Take time to enjoy the ride.

Return To Your Roots: Once you have done the above, come back and share your knowledge and experience with the town of your upbringing.

Give Something Back: Do more than just live out your life, participate in it. Get involved, not just with your family and job. Coach a youth sports team, work with the Boy or Girl Scouts, join the Lions, Rotary, Kiwanis, men's or women's club, or PTO. Get off your backside and make it happen!

Love America: Don't hesitate to point out our faults and protest our failings, but always remember that this great experiment, America, remains the world's best example of personal liberty and individual responsibility. We certainly are not perfect, but by any standard of freedom, equality and justice, we set the example for the rest of the world

My Generation Is Blind to the Prosperity Around Us!!!!

I'm sitting in a small coffee shop near Nokomis trying to think of what to write about. I scroll through the news feed on my

phone looking at the latest headlines, of Democratic candidates calling for policies to "fix" the so-called injustices of capitalism.

I put my phone down and continue to look around. I see people talking freely, working on their MacBooks, ordering food they get in an instant, seeing cars go by outside, and it dawned on me. We live in the ►

THE Messenger

most privileged time in the most prosperous nation and we've become completely blind to it. Vehicles, food, technology, freedom to associate with whom we choose.

These things are so ingrained in our American way of life we don't give them a second thought. We are so well off here in the United States that our poverty line begins 31 times above the global average. Thirty One Times! Virtually no one in the United States is considered poor by global standards. Yet, in a time where we can order a product off Amazon with one click and have it at our doorstep the next day, we are unappreciative, unsatisfied, and ungrateful.

Our un-appreciation is evident as the popularity of socialist policies among my generation continues to grow. Democratic Congresswoman Alexandria Ocasio-Cortez recently said to Newsweek talking about the millennial generation, "An entire generation, which is now becoming one of the largest electorates in America, came of age and never saw American prosperity."

Never saw American prosperity? Let that sink in. When I first read that statement, I thought to myself, that was quite literally the most entitled and factually illiterate thing I've ever heard in my 26

years on this earth. Many young people agree with her, which is entirely misguided. My generation is being indoctrinated by a mainstream narrative to actually believe we have never seen prosperity. I know this first hand, I went to college, let's just say I didn't have the popular opinion, but I digress.

Why then, with all of the overwhelming evidence around us, evidence that I can even see sitting at a coffee shop, do we not view this as prosperity? We have people who are dying to get into our country. People around the world destitute and truly impoverished. Yet, we have a young generation convinced they've never seen prosperity, and as a result, elect politicians dead set on taking steps towards abolishing capitalism. Why? The answer is this, my generation has only seen prosperity.

We have no contrast. We didn't live in the great depression, or live through two World Wars, the Korean War, The Vietnam War, or see the rise and fall of socialism and communism. We don't know what it's like to live without the internet, without cars, without smartphones.

We don't have a lack of prosperity problem. We have an entitlement problem, an ungratefulness problem, and it's spreading like a plague."

Letters to the Editor

Dear Editor:

As we approach the end of the 2018-19 school year, I'd like to share my tremendous appreciation for Principal Karen Raymond. It has been a pleasure working with Karen as a leader at the Henniker Community School.

The list of attributes Karen possesses is many, but her most outstanding quality is her ability to look beyond any immediate situation and ensure that her decisions are always student-centered. Karen has shown concern not only for students' academic achievement but also for those skills that will serve our children well as they enter into young adulthood; respect for themselves and others, honesty, trustworthiness, and compassion for others.

As a commitment to this mission, Karen revived the Ambassadors of Kindness initiative that remains a hallmark of the Henniker Community School. Karen lives and leads by the motto, "Kindness Matters."

Karen has been a member of the Henniker Community School since 1995, first as a middle school math teacher and then as an assistant principal. Karen served as Interim Principal in 2016 and was named principal of HCS the following year. Her leadership of the school has been outstanding, though I believe her heart never left and will never leave the classroom. She is a natural, kind leader and teacher, who loves sharing her enthusiasm for learning, holds high standards for herself and for those around her and she simply enjoys being with kids.

We have been fortunate to have Karen as an integral part of our community for nearly 25 years. We wish her well in her retirement, but she will certainly be missed. We know she will appreciate the new found time she will have with her family and grandchildren, but she knows she is always welcome in SAU 24.

Lorraine Tacconi-Moore, Ed.D.

John Stark Buddies Slide into Kindness

The Best Buddies Chapter at John Stark Regional High School participated in Slide into Kindness Day at the NH Fisher Cats game on June 9. Best Buddies International and the Chapter at John Stark is a student-run friendship club which creates buddy pairs between students with and without disabilities. Best Buddies helps to create an inclusive school climate for students and a community with a culture of acceptance. An entire section of the Delta Dental Stadium was filled with Best Buddies and their supporters and friends for the game.

Two JSRHS Best Buddy Chapter buddies, Brian McGinnin and Caroline Wetherbee were selected to throw out a pitch prior to the game. Christina Carrillo/ NH Fisher Cats photo.

Franklin awarded \$500,000 Community Development Finance Grant

The New Hampshire Community Development Finance Authority (CDFA) announced today it has awarded \$5 million in tax credits to projects throughout New Hampshire. The funds will have a significant impact on initiatives that advance local community economic development goals, capacity building for the New Hampshire

nonprofit sector and support for economic development across the state.

Projects receiving tax credits are providing increased access to critical services, revitalizing downtowns, as well as supporting workforce development and the creation of affordable housing.

The City of Franklin is receiving

\$500,000 in Tax Credits which will support the development of a whitewater park along the Winnepesaukee River in Franklin. The project will be a driver for the downtown revitalization of Franklin by creating a tourism destination and increased economic activity, including the creation of new jobs and spurring local investments.

Hillsboro man dies in Antrim

A Hillsboro man died of an apparent medical issue while driving on Antrim's Elm Avenue last Monday morning.

A passenger informed Antrim Police Chief Scott Lester that Edward Lemire, 60, of Antrim, was driving a 2005 Ford F150, when his head dropped back to his headrest, and he went unconscious, as his truck went off the road, coming to a rest on the shoulder.

The truck was undamaged and Lemire's passenger, his cousin, was uninjured. The cousin, and a passing motorist removed Lemire from the vehicle and begin CPR until ambulance personnel arrived. Fire Chief Marshall Gale said Lemire was unconscious and not breathing.

The Peterborough Rotary Club Cruz-In is held Sundays, in Depot Square in downtown Peterborough. It is a free public event and will be held between 9:00 and 12:00. The event is open to all makes and models of vintage or special interest cars, trucks, motorcycles, and bicycles. The event is free to attendees and all are welcome - there is no fee to display a vehicle. Participating Cruzers, who drive in an antique or special interest vehicle (even tricycles qualify - we always get at least one), will get a chance at a \$25 door prize gift certificate from Kimball's Restaurant in Jaffrey - drawing to be held at 11:00 am. So, time to get that 1926 Martin Aerodynamic, 1926 Harley-Davidson Racer, 1953 Buick W200, and 1933 Duesenberg Model SJ Roadster out, polish it, and drive it to the Cruz-In event Sunday morning.

There will be a 50/50 raffle where the winner gets 50% of the proceeds and the rest goes to the Rotary Club for distribution to local charities. The winning ticket will be drawn at 10:30 and the winner must be present. This year the Rotary Club will offer free coffee and donuts while they last. Also a Rotary membership information table will be available. All donations are appreciated and all funds will go towards Rotary community projects.

John Stark Regional High School Scholarship and Awards Night

Just under \$100,000 in scholarships and 11 book awards were presented to students at John Stark Regional High School as graduating and rising seniors and their families and friends gathered for the Annual Scholarship and Awards Night on June 11.

Some of the many highlights from the evening included the presentation of several new scholarships and awards.

New scholarships this year were the Eric Chapman Memorial

Scholarship, NH Chapter 42 Vietnam Veterans of America, and the Hesser College Alumni Association Scholarships, which were awarded to 14 students. Additionally, eight John Stark faculty members donated vouchers from their Running Start work with the NH Community College System and presented 9 John Stark students with nearly \$3,000 in NH Community College credit vouchers.

Scholarships from the Hesser College Alumni Association were presented to (l-r) Anna Ishak (UNH, healthcare management & policy), Sara Nikias (Coastal Carolina University, business), Katherine Barnes (Rochester Institute of Technology (biomedical engineering), Haleigh Bilodeau (University of RI, pharmaceutical sciences), Ali Burkhamer (New England College, education), Trinette Hunter (Wellesley College, political science), John Labounty (UNH, computer engineering), Tyler Hazzard (UNH, marine biology), Owen Payeur (UNH, mechanical engineering), Harrison Purdue (UNH, homeland security), Jonathan Rizzitano (UNH, marketing), Joshua Waterman (Colby-Sawyer College, nursing) Kaitlyn Brown (U of Maine, education), Autumn Nelson (Plymouth State University).

Robert Chapman of the Weare American Legion Post 65 and the students they awarded scholarships to Zachary Hargreaves (NHTI, electronic engineering), Lucy McGrade (Keene State College, nursing), and Noah Gamache (Manchester Community College, welding).

The Rick Hall Golf Classic presented 6 scholarships in the amount of \$2,500 each this year at John Stark: L-R: Presenters William Gould with Nancy and Ryan Hall, JSRHS alumni Sydney Story, (URI, Doctor of Pharmacy) and seniors Molly Leuci (UNH, psychology), Kaitlyn Brown (U Maine, education), Aria Ulmer (Regis College, biology), Tyler Descoteau (Wentworth Institute of Technology, biological engineering), and Olivia Sohl (Stevens Institute of Technology, engineering).

Brandon Langdon was awarded the Nancy Kataja Memorial Scholarship, with a value of \$20,000 over 4 academic years, by JSRHS Interim Principal Brian Emery. Brandon will attend UNH in the pre-veterinary program.

Lucas Guerrette, who received the Mary Coffin Memorial Scholarship, with Wanda and Kerry Coffin. Lucas plans to attend UNH and study computer science.

Dunbarton Elementary School wins Recycling Innovation Grant

New Hampshire the Beautiful, Northeast Resource Recovery Association (NRRA) and NRRA's School Recycling CLUB presented the second annual NH the Beautiful School Recycling Innovation Grant to Dunbarton Elementary School at the 10th Annual School Recycling Conference on May 21, 2019 at the DoubleTree by Hilton Manchester Downtown Hotel in Manchester, NH.

Schools were asked to submit an essay about how the \$500 grant could be used to enhance their recycling program. From the many worthy essays submitted, they ultimately selected the essay from Principal Owen Harrington of Dunbarton Elementary School.

Principal Harrington submitted an essay (posted on our website Awards Page) about his school's ROOTS Garden Club. Founded by parents and community members five years ago, the ROOTS Garden Club started by diverting their food waste into a simple composting program used as part of the elementary curriculum. Unfortunately, a porcupine took up residence which limited their effectiveness.

They want to use the grant to set up an

New Hampshire the Beautiful awards recycling grant to Dunbarton Elementary.

enclosed composting program, create a school community announcement on how to compost effectively and develop a composting science curriculum with the help of

UNH Cooperative Extension. Ultimately, the students will follow their "waste" full circle – food waste to compost to garden to cafeteria.

Goffstown promotes Deputy Fire Chief Brian Allard to Fire Chief

The Goffstown Select Board announces the promotion of Deputy Fire Chief Brian Allard to Fire Chief of the Goffstown Fire Department.

Chief Allard will begin his duties as Fire Chief on June 24, 2019, when he will be sworn in by the Goffstown Select Board at 6:00 pm, at Goffstown Town Hall. Chief Allard began his full-time career in fire service with the Town of Goffstown in July of 2006, after working for an organization as their Corporate Purchasing Manager. He left Goffstown Fire Department in 2007 for an opportunity with Salem New Hampshire Fire Department. During his tenure with Salem Fire Department, he held the ranks of Firefighter, Firefighter Paramedic, EMS Coordinator and Lieutenant prior to being appointed to the department's first Director of EMS in March of 2016.

On June 4, 2018 Chief Allard returned to Goffstown to serve as the Deputy Fire Chief in charge of Administration and EMS Operations. This position is responsible for the Fire Department's Emergency Medi-

cal Services. Within this role, some of his responsibilities include budgeting, ambulance billing/revenue-stream management, quality assurance, as well as scheduling the Department's annual EMS training.

Chief Allard was selected after a lengthy selection process to replace Fire Chief

Richard O'Brien, who retired from the Department in March after 11 1/2 years as Goffstown's Fire Chief. Chief Allard holds a Bachelor's Degree in Applied Studies Management from Granite State College and is nearing the end of his Master's in Leadership program also with Granite State College. Chief Allard has been a Paramedic since 2008, holds a Critical Incident Care Provider certification, he is also an Advanced Life Support, Basic Life Support, and Pediatric Life Support Instructor. In addition, Chief Allard holds the following fire service certifications; Firefighter Level III, Fire Officer II, and Fire Inspector I. Chief Allard resides just over the town line in New Boston with his wife Jane, their daughter Angelina, and his son Nathan who are all excited for this tremendous opportunity. Throughout his tenure in Salem he always remained connected to Goffstown Fire Department and the community.

The Select Board would like to thank retired Fire Captain Steve Tower for acting as Interim Chief.

Obituaries: Friends & Neighbors Remembered

Anthony Gene Monteiro

DENVER - Anthony Gene Monteiro, known to his friends and family as Tony, passed away at age 66 in his home in Denver, CO on June 10th after a long illness. He was born to Edward and Bernice Monteiro in Cambridge, MA. In 1982, his drive for success and desire to leave the city led him to Highland Lake in Washington, NH where he spent the majority of his life with his wife and business partner, Kathy Bigwood and their blended family. For over 30 years, they owned and operated the Village Discount Center in Hillsboro where they became a fixture in the local community. Tony was most dedicated to his family. His happiest times were spent among his loved ones. This includes his daughter Jessica Loalbo and her two children, Jonathan and Emma Loalbo; his son,

Jamie and daughter in-law Kathy, and their three children, Jamison, Gabriella and Curtis Monteiro; his stepdaughter, Barbara Musick, and his stepson, Bobby Bigwood, all of whom he was survived by. There are no formal services planned, and all the family asks is that you keep him in your thoughts and prayers. Tony cared very deeply for displaced dogs and cats, so in lieu of flowers, donations in his name to the Monadnock Humane Society would be deeply appreciated.

Donald A. Dunlap

ANTRIM - Donald A. Dunlap, 84, of Antrim, NH died Thursday June 13, 2019 at the Cheshire Medical Center in Keene, NH. Donald was born June 16, 1934 in Antrim, NH to the late Fred J. and Irene R. (Crampton) Dunlap, also predeceased by his first wife, Elizabeth A (Sweet) Dunlap who died in 1995,

his second wife, Joan L. (Cummings) Dunlap who died in 2017; also one sister Doris Brown, three brothers, Paul, Carl, and Robert Dunlap. Donald was survived by two stepsons, Barry Laraway, and Steve Laraway, one stepdaughter, Debora Chambers, and nieces & nephews.

Edward A. Lemire

HILLSBORO - Edward A. Lemire (Eddie), of Hillsboro passed away suddenly on June 17, 2019 at the age of 60. Eddie was predeceased by his father, Roland Lemire Sr., and his mother, Evelyn Lemire. He is survived by his wife, Lisa Goss, daughters, Heidi Lemire, Michelle Lemire-Whittemore, Sarah Edwards; and son, Travis Cornock; grandkids, Kyle Lemire, Matthew and Loretta Lemire-Whittemore and Mr. Carter Edwards; sons-in-law Barry

PUBLIC NOTICE

INTENT TO CHARTER A GREATER HILLSBOROUGH REPUBLICAN TOWN COMMITTEE

In accordance with the New Hampshire Republican State Committee by-laws and the Hillsborough County Republican Committee by-laws, there will be an organizational meeting of interested registered Republicans and Undeclared voters at 6PM, Wednesday, June 26, 2019 at the Hillsborough American Legion Hall, West Main Street, Hillsborough, NH 03244, for the sole purpose of chartering a Greater Hillsborough Republican Town Committee.

The mission and goals of the Town Committee will be to support the New Hampshire Republican Party and the party's affiliated committees; to assist in the election of Republicans to local, state, and federal office; to inform the voting public about Republican issues and ideals, and to encourage citizen participation in the electoral process.

This notice is posted/published a minimum of 10 days prior to the June 26th organizational meeting in accordance with guidelines established by the New Hampshire Republican Party.

All interested registered Republicans and undeclared voters from Hillsborough and surrounding towns are invited to attend.
