## I MISS 9/12

I would never ever want another 9/11, but I miss the America of 9/12.

Stores ran out of flags to sell because they were being flown everywhere.

People were Americans before they were upper or lower class, Jewish or Christian, Republican or Democrat.

We hugged people without caring if they ate at Chick-Fil-A or wore Nikes.

On 9/12, what mattered more was what united us, than what divided us.

**WORLD RECORD:** It's official, Newport, the Sunshine Town, is now the Guinness World Record Holder as the town with 339 people making bouquets of 1 sunflower + 11 other flowers + 2 greens all tied together at the same time. The old record was 250, which Newport shattered with 339 official bouquets out of over 400 participants.

## Top 10 Area Colleges

### Colby-Sawyer ranked in Top 10 in three categories

Colby-Sawyer College has been recognized as one of the top liberal arts colleges in the region, earning Top 10 rankings in three categories in U.S. News & World Report's 2020 Best Colleges issue. The report ranks Colby-Sawyer in the Top 10 in its Best Regional Colleges list for a third straight year, and in the Top 5 for Best Value Schools and Best Undergraduate Teaching in the North. Colby-Sawyer ranks first among New Hampshire institutions in all three categories.

According to its website, U.S. News groups colleges into categories based on the Carnegie

Classification of Institutions of Higher Education, the most widely accepted classification system in U.S. higher education.

Colby-Sawyer ranks eighth in the report's Best Regional Colleges list for schools in the North, ahead of 37 similarly sized institutions. The college bettered its fifth place standing from a year ago in the report's Best Value Schools category, earning a fourth place ranking in the region this year. U.S. News also recognized the quality of Colby-Sawyer faculty through a fourth place ranking for Best Undergraduate Teaching in the region.

## Convicted Warner felon faces several more charges

Douglas C. Smith Jr., 30, of Warner, being investigated for a possible link to the disappearance and death of Trisha Haynes in 2018 is under arrest on charges stemming from an incident last month in which a moving car was shot at. Smith turned himself in on Thursday, and is being held on \$10,000 cash bail on charges of being a felon in possession of a firearm; reckless conduct with a deadly weapon — placing another in danger; criminal mischief; criminal threatening; receiving stolen property; and resisting arrest.

Smith is accused of instigating a situation Aug. 18 on Parade Ground Cemetery Road in Warner in which he brandished a handgun and shot at a moving vehicle that was attempting to flee. Smith is a convicted felon and a registered sex offender, who had been investigated in connection with the Haynes matter. Haynes lived with Smith and his family until she disappeared last summer. Her remains were found in September of 2018 at Grants Pond in Grafton. The investigation into her death is ongoing.

## Plan NH Charette recommendations released

Plan NH has released its recommendations based on the Charette it hosted in Hillsborough last December. As with a similar Charette, held in 2004, increased downtown parking was a major focus. This year's proposed concept includes 1. removing the exclusive left-turn lanes on Main Street to free up additional width in order to provide: more parking closer to adjacent buildings. 2. A wider through lane that can accommodate shared use by bicyclists, improve safety by shortening pedestrian crossings (using bump outs at intersections with more direct alignment across roads. and, 3. More sidewalk space on Main Street Under Existing Traffic Pattern. In order to support the removal of the exclusive left-turn lane as part of the proposed concept, a preliminary traffic analysis was performed. 2018 AM and PM peak hour traffic volumes were used to approximate the operations of both the existing and proposed signalized intersection both with and without activation of the pedestrian phase. The results show that: A. Operation of the signalized intersection with the exclusive left-turn lanes on Main Street was good with minimal queuing. B. Operation of the signalized intersection without the exclusive left-turn lanes on Main Street was fair with minimal queuing. A public meeting to discuss these recommendations is scheduled for September 25th at 7:00 pm at the High School.

## Superintendent Robert Hassett addresses the Hillsborough Chamber

SAU #34 Superintendent Robert Hassett spoke at Tuesday's Greater Hillsborough Chamber of Commerce Breakfast meeting, highlighting some of the School District's accomplishments. He reported that the 1,123 students in H-D schools have a student-teacher ration of 19.5/1 with a per pupil cost of \$18,559 compared to the state average of \$15,965. 42% of the students are eligible for free or reduced meals with 10% considered homeless and 21.5 % with disabilities.

H-D graduates 98.3% of its students, with 33.3% going on to a four year college, and 38% into the workforce.

Hassett acknowledged to low compar-

ative test scores, particularly in the Elementary School, attributing it to the rapid turnover of Principals in that school over the last 3-4 years.

He is most proud of the support of the Dunkan-Jenkins Trust and other com-

munity groups which annually provided scholarships greater than Bow, John Stark and Hopkinton schools combined. He is also proud that "people now want to come here," because of the Districts salary and benefit packages.

SAU #34 Superintendent Robert Hassett.

### No parking during school times

Antrim Police Chief, Scott Lester met with the Select Board to request placing "No Parking, Standing, or Stopping" signs on Summer Street from School Street to Highland Avenue from late August until June. This is a safety problem at school release times, with the street blocked, making it difficult for the busses to maneuver the curve. The Board unanimously approved the request.

# Major Pleasant Lake drawdown scheduled for September 19th

The New London Select Board held a short informational hearing Monday evening on the planned September 19th drawdown of Pleasant Lake. Town Administrator Kim Hallquist explained that this major drawdown was planned last year but could not be completed because of the heavy fall rains. New London officials have been told

that the dam requires "significant repairs" to prevent it from failing, if repairs are delayed much longer. The Board approved the drawdown commencing on September 18th, with completion estimated for mid October

The Board appointed Linda Nicholas as full-time Tax Collector which will allow the office to be open again on Fridays, and at least one Saturday per month.

It was reported that the \$1.25 million bond for the Town Hall repairs has been paid. The Board also approved Kearsarge senior, Emily Swindell's senior Project. She is sponsoring a "Cat Cafe: on the Common on September 28th from 11-2. It consists of two tents, one containing refreshments for purchase and the other several cats needing adoption.

Sheila Craigu, 67, of Hillsborough was traveling East on Henniker Street when she swerved to avoid a car in front of her and ended up in the ditch at the intersection of Preston Street. She was taken to Concord Hospital with non-life threatening injuries.

## The Messenger's FREE AD POLICY

We purchased *The Messenger* in 1989. In that time, we have always felt that we held the paper in trust for the communities we serve. We firmly believe that a weekly newspaper can and should be a valuable community resource. In that light, we have never charged Chambers of Commerce, Lions, Rotary or Kiwanis Clubs, Masons, Historical Societies, Boy & Girl Scouts, PTOs, School Groups, or area Churches to advertise their events.

We give as large an ad as we can, space permitting, as frequently as we can, **free of charge**, provided the same ad is not being paid for in another publication. If a competitor is being paid we do charge, but we discount our ad by at least 50%.

We challenge our competitors to do likewise.

## Henniker honors Laurie Gage for 35 years

Just before the start of this new school year, Henniker Community School teacher Laurie Gage of Bow was honored for her 35 years of teaching at the school. Mrs. Gage began teaching in Henniker in a combined 5/6 class and then 7th and 8th grade Science and Social Studies. She taught 8th grade for nearly 20 years before moving back to teach 5th and 6th-grade classrooms. Mrs. Gage plans to retire from teaching at the end of this school year.

## Warner Historical Society invites the public

The Warner Historical Society invites the public to their Annual Meeting Thursday September 26, 7pm at the Warner Town Hall. The meeting will be followed at 8pm by a staged reading of the short play Enter Dora—Exit Dad directed by Caleb Parsons. The short play is a humorous look at the aftermath of the first town meeting after women gained the right to vote. Author Freeman Tilden wrote the play in 1922, shortly before he moved to Warner. Tilden researcher Larry Sullivan notes: "Although he penned it several years before moving to Warner, we're sure that he was thinking of Warner when he wrote it." New Hampshire ratified the 19th Amendment, granting women the right to vote, in September 1919. We think it appropriate to mark the 100th anniversary with a performance of Tilden's play at our Annual Meeting this month. The meeting and the play are free and open to the public.

## Stark Principal to hold monthly meetings

John Stark Principal Gary Dempsey will hold monthly meetings open to all John Stark parents and community members of Henniker and Weare beginning September 24 and continuing through April 21, 2020. The time of the meetings will rotate between evenings at 6 PM and mornings at 9 AM. "The goal of these Parent/Community Advisory Council Meetings is to increase two-way communication between the school and the public," said Principal Dempsey. "Over a cup of coffee or a slice a pizza, I want to set aside time each month to get to know folks and have a conversation about what is working, what needs improvement, and what is coming down the road at John Stark. If you have a question about our work at John Stark, this is the place to come and ask me about it." The following is the list of the dates, times, and locations for the JSRHS Parent/Community Advisory Council meetings. Please email Principal Gary Dempsey prior to a session if you plan to attend so there is plenty of coffee or pizza for everyone. # Belmont teen holds Northfield man at gunpoint during burglary

A Belmont man is accused of holding another man at gunpoint in a vehicle Thursday night on Zion Hill Road in Northfield.

Dylan Corgatelli, 18, faces felony charges of armed robbery and criminal threatening with a deadly weapon in connection with the incident. Shortly after 6 p.m., police responded to a report of an armed robbery in the area of 197 Zion Hill Road. The victim told police he was held at gunpoint by Corgatelli, who pointed the gun at the man's chest.

At the same time, a male juvenile, who was hiding under a blanket in the trunk, jumped up and yelled, "You're getting robbed (expletive)," according to a police affidavit filed by Northfield Police Chief John Raffaely.

The juvenile also had what appeared to be a gun and placed it on the back of the victim's head, Raffaely wrote. Police later determined both firearms were BB guns. The victim said he struggled with the juvenile to push the gun away.

Outside the vehicle, the struggle continued with Corgatelli chasing the victim behind the residence, the affidavit says. The two suspects ultimately took off in the

vehicle. Police later found Corgatelli hiding in a back bedroom at another residence in the same neighborhood. The juvenile

was located at the crime scene at 197 Zion Hill Road, and police have brought a case against him in juvenile court.

### The Light Of Freedom

*Our son Grant, then on the staff of Senator John Sununu, wrote this essay shortly after the attacks on the World Trade Center on September 11, 2001. We reprint it today as a reminder that the War On Terror has not yet been won. Victory belongs to the vigilant. Leigh Bosse*

A dark shadow passed over the United States this week. The deadliest attacks ever launched against American civilians hit our symbols of economic and military Power and shook our civilization awake to the realization that we live in a dangerous world. The monstrous barbarism we endured was not directed at the passengers and crew flying in hijacked airliners, or at the employees doing their jobs at the World Trade Center or even at the soldiers protecting our nation from the Pentagon. The thousands of innocent victims killed on Tuesday were not the true target of these attacks.

The motive behind these atrocities was to incite fear and uncertainty into the hearts of the millions of Americans who survived. Those behind these acts of terror hoped to strike at the heart of the American financial sector and at the nerve center of our armed forces. While they may resent American money and American muscle, what they fear is the American way of life. Stocks and bonds do not make America great. Freedom does. It is freedom that drives our economy to lead the world. It is freedom that rallies people to democracy wherever and whenever they taste it. And it is freedom that threatens tyrants holding onto power at the expense of their subjects. Freedom to travel, freedom to work, freedom to live in safety all came under fire from the forces of darkness.

Our enemies are trying to break our spirit. They express their political will not through democracy and diplomacy but in blood and rubble. Frightened men who live

in shadows and send suicidal soldiers to kill defenseless civilians; these are the enemies of freedom. We are neither invulnerable nor invincible. In fact, the freedoms we enjoy in the United States provide opportunity for our enemies. Freedom brings risk, and we have paid terrible price. Even as we assess the final cost of these attacks, we should remember the rewards of living in the greatest civilization in the history of man. We have built a nation of unparalleled prosperity and opportunity and set an example for the world. Our ongoing experiment in democracy has spread across the continents and provided every American with freedoms never contemplated in an earlier age.

I was shocked and saddened at our tremendous national loss but had controlled my emotions throughout the day. Then I watched members of Congress gather on the Capital steps, offering words of support for the President. As the press conference broke up, these men and women who devote much of each day to each other's political downfall, joined in singing "God Bless America." And, for the first time all day, I cried. I am an American, and I live in a land where factions struggle for political control but stand shoulder to, shoulder in times of crisis. I am an American, and I am proud and grateful.

We will track down those behind these attacks. We will strike back not for revenge but for Justice. Our retaliation will not replace the loss we feel from our departed friends but it will show other tyrants and thugs that freedom can not be attacked with impunity.

We stand today as a nation, strong and resolute wounded but not weakened attacked but not defeated. The enemies of freedom lurk in the shadows, mistaking our liberty for weakness. They can only survive in darkness, but the light of freedom shall carry the day.

*"Those who would give up essential liberty to purchase a little temporary safety, deserve neither liberty nor safety."*

## New London holds impressive Patriot's Day remembrance

An overflow crowd arrived at the New London Fire station to attend the town's annual 9/11 Observation Ceremonies. The sounds of Bill McKenney's bagpipe filled the air as a group of first responders from several area towns marched in. MC Amy Lyon welcomed all and Fire Chief Jay Lyon led the Pledge of Allegiance before the 5th graders from Sutton and New London Elementary schools sang the National Anthem and Cindy Johnson from the 1st Baptist Church offered a blessing.

The 5th graders had been given an assignment to research Volunteer firefighters and four spoke of their findings. Nash Fournier described the history of volunteer firefighting in America. Trent Judkins

outlined the Jr. Firefight Program. Avery Beemis spoke about women in fire-fighting, and Zack Lawton spoke about Steve Phillips, a New London Firefighter and member of the National Guard.

William Moore played Taps as the old Station flag was retired and replaced with a new one.

A trio of students then rang the bell 5 times each, recreating the Firefighters 5-5-5 ceremony in honor of their departed brothers.

As the 5th grade singers ended their rendition of Patriot's Day, a song written to honor 9/11, McKinney's bagpipe ended the ceremony with a moving rendition of "Singing Grace."

## Letters to the Editor

### Letter to the Editor:

The 17th annual Henniker Rotary Club Fire on the Mountain Chili Fest is officially over and it was a blast! The weather was sultry, the band smokin' and the chili muy caliente! --- a perfect day at Pats Peak, with close to 2,000 attendees and lots of tasting and activities to keep everyone busy all afternoon.

It indeed takes a village to mount a production of this magnitude and the 30 Henniker Rotarians are indebted to the many volunteers who work alongside us to make Chili Fest a success year after year. They include the 44 Chili makers ( a number of whom as Henniker Rotarians also volunteer throughout the day, vendors, volunteers from the Hillsboro/Deering DECA club, White Birch Center for Active Living and the New England College Sports Teams, as well as friends and family of the Henniker Rotary Club and especially, our hosts Pats Peak, without whom we could

never pull off "Fire on the Mountain." In addition we thank our sponsors: Ayer & Goss Fuels, Davis & Towle Insurance Company, Dunkin' Donuts of Henniker, Edmunds Ace Hardware, Henniker Family Dentistry, Henniker Pharmacy, Henniker Veterinary Hospital, Merrimack County Savings Bank, Morse Sporting Goods, New England College and TDS Telecom, as well as our media partners, Granite Quill Publications and 92.5 The River.

Most of all, we are grateful to the nearly 2,000 attendees who helped us raise funds that will go out into the communities we serve and to people in need around the world.

As Rotarians, we feel a great sense of accomplishment about the success of this event, but we share that with you because without your support, Sincerely,

**Steve Neuhoff, Rotary President**

## DENTAL X-RAY EXAMS ARE SAFE

Dr. Esin Narli-Trangaris

Dental X-ray exams are safe; however, they do require very low levels of radiation exposure, which makes the risk of potentially harmful effects very small. Dental X-ray tools and techniques are designed to limit the body's exposure to radiation and every precaution is taken to ensure that radiation exposure is As Low As Reasonably Achievable (the ALARA principle). A leaded apron minimizes exposure to the abdomen and may be used when it will not interfere with acquisition of the dental radiograph. Also, a leaded thyroid collar can protect the thyroid from radiation, and should also be used whenever possible. The use of a leaded thyroid collar is recommended for women of childbearing age, pregnant women and children.

Are you pregnant? Make sure to tell your dentist. During your pregnancy, you may need to have X-rays taken as part of your treatment plan for a dental disease. Use of the leaded apron and thyroid collar will protect you and your fetus from radiation exposure. Dental X-rays do not need to be delayed if you are trying to become pregnant or are breastfeeding.

## TAKE YOUR MEDICINE

BY SARAH CHAPIN

Vitamin D deficiency in expectant mothers during pregnancy has a negative effect on the social development and motor skills of pre-school age children, a new study in the *British Journal of Nutrition* reports.

A recent study published in the *Journal of Clinical Lipidology* looked at the value of measuring blood levels of EPA and DHA omega-3 fatty acids to assess an individual's risk for developing certain diseases. The results showed that the risk for death from any cause was reduced by about 33% comparing the lowest Omega-3 Index participants to the highest. A higher Omega-3 Index was associated with a lower risk for total CVD events, total coronary heart disease events, and total strokes. The category most strongly associated with the Omega-3 Index was non-CV, non-cancer deaths — deaths from all other causes. This would suggest a wide spectrum of beneficial actions of EPA and DHA in the body that are not just linked with one pathological process (like plaque buildup in arteries).

A new study reveals that acetaminophen use and over-dosing rise in cold/flu season in the United States, primarily due to increased use of over-the-counter combination medications treating upper respiratory symptoms. The findings, which are published in the *British Journal of Clinical Pharmacology*, indicate that individuals should take special care to follow labeled dosing directions for acetaminophen-containing products. Acetaminophen is an active ingredient present in hundreds of over-the-counter and prescription medications indicated for pain and fever, including medications used to treat symptoms associated with colds, flu, allergies, and sleeplessness. While safe when taken as directed, taking too much acetaminophen can harm the liver.

Parents or eligible students may request the school district amend a record that is believed to be inaccurate or misleading. The parent or eligible student should write the appropriate school principal, clearly identifying in such letter the part of the record which is believed to be in need of change, and specify why it is inaccurate or misleading. If the district decides not to amend the record as requested by the parent or eligible student, the district will notify the parent or eligible student of the decision and advise the parent or eligible student of the right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. ## New Hampshire Veterans' Home in Tilton host 9/11 Remembrance

During ceremonies at the New Hampshire Veterans Home on Wednesday, speakers recounted the firsthand impact of the terrorist attacks of 9/11.

For Michael Pelletier, a Goffstown native, the 18th anniversary of the day also marks the death of his 22-year-old nephew, David DiMeglio, whose American Airlines Flight 11 was hijacked that fateful Tuesday morning. Pelletier said he was at work at Teradyne in Nashua when the noise of police cruisers sirens wailing and lights shining encircled the nearby FAA office amid fears it could be a target.

Management directed employees to leave for the day and as Pelletier drove home listening to news reports on the radio, his wife called and told him of what she was seeing on television hijacked airliners crashing into the Twin Towers of the World Trade Center, the Pentagon and crashing in a field in Shanksville, Pa.

A short while later, she called again and told him that their nephew David was a passenger on the first plane used in the attacks.

Pelletier said DiMeglio, had just graduated from college that spring. He had landed a job at a local video store and

worked all summer to save up money to visit family and friends in California.

His parents dropped him off at the airport that morning, and never saw him again. Pelletier's response to the tragedy was to re-enter the N.H. National Guard at the Manchester State Armory, after a nine-year break in service. Just four months later, he was sworn back into the National Guard. Two years later he was deployed for 15 months in Operation Enduring Freedom II, followed by a second mobilization in

Operation New Dawn.

Gov. Chris Sununu proclaimed Sept. 11, 2019, as Remembrance Day, writing that as the events 18 years ago, "tested the strength and resolve of our country, they also reminded us of the values set by our forefathers who saw a vision for the United States that we would live and be free of tyrannical rule, and today were are even more determined than ever that we will not give in to terrorism and threats to the safety and security of the United States."

New Boston held an impressive 9/11 remembrance ceremony Wednesday.

In 1986 Congress passed the Asbestos Hazard Emergency Response Act (AHERA). In response to this law, the Henniker Community School was inspected to identify any asbestos building materials. The law further required the development of a Management Plan, based upon the finds of the inspection.

The school districts of Henniker, John Stark, Weare, and Stoddard are required to notify the public of the availability of the AHERA Management Plan which identifies areas having asbestos-containing materials and how these materials are being maintained in a safe manner.
