"A date which will live in infamy."

Randa Tenney is retiring

Friends, colleagues, and clients gathered at the Bradford Transitional Housing facility to celebrate the retirement of Program Manager Randa Tenney. After over 35 years serving the disadvantaged, Randa plans to spend her time with family and pursuing her passion for skiing. Randa will continue her role as women's ski coach at Mt. Sunapee. She also looks forward to working with disabled veterans and those with special needs as they enjoy the exhilarating sport of skiing down the slopes. Randa has touched so many lives, and we thank her for the decades of selfless work helping youth and adults during the most challenging periods in their lives.

Henniker Roundabout?

Intersection improvements now scheduled for 2025

Michael Tardiff of the New Hampshire Department of Transportation briefed the Henniker Select Board on updates to the state's 10 Year Highway Plan, which now calls for improvements to the intersection of US Route 202 with NH Routes 9 & 127 near Dunkin' Donuts at the Henniker-Hopkinton town line.

The project, currently estimated at

\$2,443,666, has entered the pre-engineering stage to determine the most effective improvement, ie. a traffic light, turn lanes or a roundabout. Although a roundabout appears to be the early consensus, the decision hasn't been made. To that end, Tardiff will coordinate a meeting between representatives from Henniker, Hopkinton and DOT to begin that discussion.

The Hungry Goats Eatery opening soon in Greenfield

June and Duane Holms, owners of the Dollar Shy Farm in West Deering, plan to open The Hungry Goats Eatery in Greenfield in the space formerly occupied by the Riverhouse Cafe. The Holms, who keep about 30 goats in West Deering, said the restaurant will feature farm fresh and locally grown, locally made, foods with a menu of homemade soups and pies made daily, breads, along with baked ham

and turkey dinners.

The couple, who previously operated the restaurant at the American Legion in Hillsborough, anticipates a soft-opening in mid December with the restaurant open from 7 a.m. to 2 p.m. Sunday through Thursday, and 7 a.m. to 8 p.m. on Friday and Saturday, with a breakfast buffet brunch on the first Sunday of the month.

Henniker Chamber hosting "Holiday Business After Hours" Dec. 12

The Henniker Chamber of Commerce is hosting a Holiday Business After Hours at Daniel's Restaurant, on Thursday, December 12th starting at 6pm. This will be an opportunity to enjoy hors d'oeuvres, cash bar and network with other chamber members.

Members are asked to register in advance by emailing RSVP@henniker-chamber.org. The cost to attend is \$10 per person with a donation of food or cash/check to the Henniker Food Pantry or a new toy donation for the Local Toys For Local Tots Toy Drive. Without a donation, the cost is \$15 per person to attend.

This event is open to Henniker Chamber of Commerce members and their guest. Payment and food pantry donations will be collected at the door. All checks should be made payable to the Henniker Food Pantry. For more details on this and other chamber and local events, check out www.hennikerchamber.org.

This is also the Henniker Chamber of

Commerce Annual Meeting. In addition to networking, four Board of Director positions are up for a 2 year term position and will be voted on during the meeting with a secret ballot for all of those nominated.

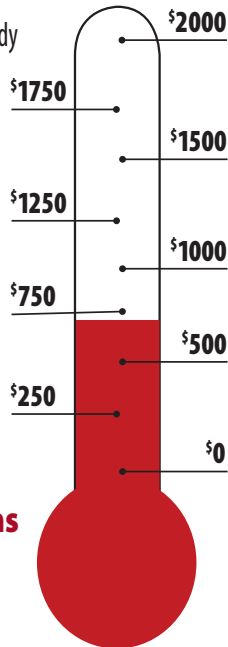

The Henniker Chamber of Commerce is accepting memberships. Membership into the Henniker Chamber provides many networking opportunities.

New Boston Police are investigating this latest vandalism.

Vandals run down at least 10 mailboxes in New Boston

The New Boston Police Department received a report of a hit and run accident involving numerous mailboxes being damaged at the intersection of Gregg Mill and East Lull Place. The row of 10+ mailboxes services East Lull Place as well as Helena Drive residents. Information obtained so far indicates a vehicle (SUV or early 2000's Jeep) was doing 'burnouts' on the roadway as well as doing 'donuts' in people's front lawns. The incident occurred

between 11:30PM (11/26) and 130AM. It is imperative to contact the Police Department at the time these situations are happening. A high percentage of hit and run accidents involve alcohol, or people driving without a valid license with a clear disregard for the safety of themselves or others.

If you or anyone you know has any information, please contact NBPD and ask to speak with Ofc. Vollaro or Ofc. Bellemore.

TAKE YOUR MEDICINE

BY SARAH CHAPIN

Only about a fifth of women at higher risk of developing breast cancer think they need to take a drug proven to help prevent the disease, according to new research published in *Clinical Breast Cancer*. Around 72% said they were worried about the long-term effects of tamoxifen and 57% believed that the drug would give them unpleasant side effects. 29% of the women thought doctors prescribed too many medicines, and 35% thought doctors would prescribe fewer drugs if they had more time. 24% of the women thought people on medication should take regular breaks from the drugs; 23% said they were very sensitive to medicines and 17% believed natural remedies were safer than medicines. Fewer than 15 percent were taking tamoxifen despite having discussed preventive therapy with a healthcare professional.

Men who use androgenic anabolic steroids — such as testosterone — may face a higher risk of early death and of experiencing more hospital admissions, according to a new *Journal of Internal Medicine* study.

A new study published in *JAMA* shows that patients already at higher risk for gastrointestinal bleeding gain a marked protection from this risk when they take a proton pump inhibitor (PPI) in combination with an oral anticoagulant. Oral anticoagulants, which prevent blood clot formation, are among the most widely prescribed medications in the United States. They are predominantly used for patients with an irregular heart rate called atrial fibrillation, prosthetic heart valves and those with or at risk for deep vein thrombosis and cardiovascular diseases. Unfortunately, a major side effect of oral anticoagulants is the risk of significant bleeding, particularly upper gastrointestinal bleeding. PPI use reduced the risk of gastrointestinal bleeding by 34 percent.

ORAL CANCER DETECTION BY DENTISTS IS ON THE RISE

Dr. Esin Narli-Trangaris

An examination of data gathered over an 11-year period led to one conclusion: dentists are detecting more cases of oral cancer and pre-cancer than ever before—and it's saving lives.

More comprehensive training and continuing education programs for oral health professionals may be behind the dramatic rise in detection rates. While advanced oral cancers are fairly easy to detect, premalignant lesions and early cancer can be easy to miss without specialized training. Early detection of oral cancers, meanwhile, is critical to survival rates.

Oral cancer survival rates have remained steady over the past several decades. Yet, treated in its early stages, patients with oral cancer have the highest survival rates—around 80 per cent over five years. That statistic drops to approximately 30 per cent over five years when the cancer is detected at an advanced stage.

Select Board approves Henniker Police Department restructuring

Chief Matt French and Town Administrator Joe Devine presented the Henniker Select Board with a proposal to restructure the town's Police Department. Designed to counter the increasing loss of trained officers to other departments, the plan would ease both the recruitment of new officers and the retention of veteran trained officers, by increasing the pay scale and ability for upward mobility in the ranks.

The current structure of a Chief, 2 Sergeants and 5 Patrol Officers, with new and 12 year veterans sharing the same rank, would be replaced with; a Chief, a Lieutenant, 2 Master Patrol Officers and 4 Patrol Officers.

The Lieutenant would start at pay grade

24; The Master Patrol Officers would move from pay grade 19 to 21, and Part-timers increased to \$25/hour. The total budget increase would be only \$8781 in 2020.

The Board praised the presentation, voted to include the increase in the budget and asked the Chief to return with new job descriptions in January for final approval.

Peterborough Rate down 1.1%

The Peterborough Select Board has set the 2019 Tax Rate at \$29.75. The new Town Wide tax rate reflects a 1.1% decrease from the 2018 Tax Rate, set at \$30.09, and reflects a decrease of \$1.14/thousand of valuation, from the rate that was initially proposed by the New Hampshire Department of Revenue Administration.

John Stark High School Food Pantry open

Just before Thanksgiving a new food pantry opened at John Stark Regional High School, one that is open to students in Henniker and their families before and after school and during the day for students in flex block. The pantry was the idea of students in the Life Skills program who will handle the pantry's inventory work, weighing food and checking dates, as well as filling bags. Of course, the Life Skills students' Best Buddies jumped at the chance to help out and lugged in the initial 640 pounds of food for the pantry and stocked the new shelves. The food pantry at the high school is an expansion of the Food for Friends program headed by Deb Dow at the Congregational Church of Henniker. Food for Friends has been providing weekend backpacks of food for food-insecure students at the Henniker Community School for several years. The high school pantry program is also being assisted by Lucy Cote, a retiree of JSRHS, and Deb Conley, a teacher at John Stark. Monetary gifts for the Food for Friends program may be made to the Congregational Church of Henniker with "Food for Friends" in the memo. Food for Friends is able to access food from the Food Bank in Manchester with the purchasing power of \$1 dollar of goods for every 9 cents spent. If you would like to make donations directly to the JSRHS food pantry, please email Deborah Conley (Deborah.Conley@sau24.org) for more information.

Steven J. Yannuzzi appointed as Newport's new Fire Chief

The Town of Newport has announce the appointment of Steven J. Yannuzzi as its next Fire Chief.

Mr. Yannuzzi comes to the Newport Fire-EMS Department with a considerable career of experience as a professional in fire and safety services. Among them has been Deputy Chief of the Bellows Falls, VT Fire Department and Chief of the Bristol, NH Fire Department. Steve has also served Dartmouth Hitchcock Medical Center as their Public Health Emergency Coordinator and as a member of DHART.

In addition to Chief Yannuzzi's professional credentials, he has also attained a Master's Degree in Public Administration focusing on Crisis Management and

Organizational Leadership from Norwich University and a Bachelor's Degree from Granite State College. His professional certifications include; Firefighter 1&2, Fire Service Instructor, Advanced EMT, and he

has completed the training necessary to have earned his Executive Fire Officer Designation. Please drop by the Fire Station and join us in welcoming Chief Yannuzzi and his family to Newport.

Susan Adams and the Azalea Park Committee incurred the ire of the Henniker Select Board by installing this snow fence in the park without consultation or permission of the Board. Member Leon Parker called it an "Ugly Mess" and Peter Flynn said it was "Horrific Looking." The Board ordered it immediately removed and directed the Town Administrator to instruct Ms. Adams as to the proper protocol to be followed.

CORRECTION: In last week's Messenger, a photo caption listing the clergy who participated in the Ecumenical Thanksgiving Service failed to identify Rev. Donna Vallemier as Pastor of Smith Memorial Congregational Church. We apologize for the error.

Peterborough Planning Board approves condos at Woodman Florist site

The Peterborough Planning Board approved a condominium project on Concord Street at the site of the former Woodman's Florist lot.

The decision came only after several revisions to the site plan, and multiple

waivers to the Traditional Neighborhood Overlay Zone 1 stipulations. The project calls for a private loop road to access 16 houses.

Board Chairman Dario Carrara stated that the project would replace a plot with

three dwelling units, and a grandfathered non-conforming business. Chad Branon, the representative for EAM Holdings, said that the project is waiting for state permits, but could break ground as early as the spring.

The Pied Piper of 2019

Recently, Democratic Presidential hopeful Bernie Sanders (D-Vt.) held a rousing political rally to a full house at Hillsborough's American Legion Hall.

Lamenting that the top 1% of Americans hold more wealth than the remaining 99%, he vowed to "Make the 1% pay their fair share."

Doing so, he said, would allow him to provide:

- Free universal health care to all Americans;
- Free college & university tuition;
- Forgive all existing college debt;
- Expand Free Medicare & Medicaid to 55 year olds with no premiums, co-pays or

deductibles;

- Provide free universal Pre-K child care;
- Eliminate all carbon based energy fuels and;
- Reduce the income tax on a family making \$50,000/year from \$12,000 to \$1,200.

Do the words "Pied Piper" come to mind? What Sanders either failed to mention or just doesn't understand, is the fact that there are not enough 1%ers, even if taxed at 90% of their income, to pay for all those freebees.

Coincidentally, this essay, received from a friend, breaks down America's spending crisis into everyday language.

Why The Free Stuff Isn't Free

The folks who are getting the free stuff, don't like the folks who are paying for the free stuff, because the folks who are paying for the free stuff, can no longer afford to pay for both the free stuff and their own stuff. And, the folks who are paying for the free stuff, want the free stuff to stop, and the folks who are getting the free stuff, want even more free stuff on top of the free stuff they are already getting!

Now... The people who are forcing the people who pay for the free stuff, have told the people who are RECEIVING the free stuff, that the people who are PAYING for the free stuff, are being mean, prejudiced, and racist.

So... the people who are GETTING the free stuff, have been convinced they need to hate the people who are paying for the free stuff, by the people who are forcing some

people to pay for their free stuff, and giving them the free stuff in the first place.

We have let the free stuff giving go on for so long that there are now more people getting free stuff than paying for the free stuff. Now understand this. All great democracies have committed financial suicide somewhere between 200 and 250 years after being founded. The reason? The voters figured out they could vote themselves money from the treasury by electing people who promised to give them money from the treasury in exchange for electing them.

The United States officially became a Republic in 1776, 231 years ago. The number of people now getting free stuff outnumbered the people paying for the free stuff. We have one chance to change that in 2020. Failure to change that spells the end of the United States as we know it.

Two Greenfield accidents occurred: one Sunday night on Forest Road by Zephyr Lake and the other early Monday morning on Sawmill Road by the Bennington Town Line. Freezing and miserable traveling conditions during both contributed to the accidents.

Five towns respond to Hopkinton house fire

Fire crews from Concord, Bow, Henniker, Hopkinton, and Warner responded to a two-alarm fire at a single-family home on Pine Street in Hopkinton Wednesday morning. According to Hopkinton Fire Chief Jeff Yale the small, three-bedroom home, built in the 1950's, appears to be a total loss. The four adults and their two dogs were the home at the time of the fire and escaped safely.

K-9 Gibbs tracks down Hillsboro fugitive

On December 1st, Hillsboro Police responded to a domestic disturbance on West Main St. While investigating the call a male suspect fled the residence through a rear window. K9 Gibbs began a track for the male subject from the residence, to the parking lot behind the Valley Bible chapel, where he was located in a Boat on a trailer that had been tarped over and tied down for the winter.

Henniker Rotary Club launches its Community Flag Project

The Henniker Rotary Club is pleased to announce an annual Community Flag Project in Henniker and Hillsboro to promote patriotism and to raise funds for charitable use in both communities. Similar programs have been successful throughout the United States and locally Hopkinton has done this for several years, with Weare also just starting a program.

Participation is easy, for a modest annual fee of \$50.00 the Henniker Rotary Club will display an American Flag in your front yard or at your business around the five most patriotic days of the year: Memorial Day Weekend, Flag Day-June 14, Independence Day-July 4, Labor Day Weekend, and Veteran's Day-November

Fracesttown's bridge is closed

Fracesttown Town Administrator Jamie Pike has announced that the "Bicknell" bridge on Russell Station Road in Fracesttown will be closed for replacement for the next two weeks.

The bridge, which spans Rand Brook, east of Cressy Hill Road, has been scheduled for replacement for the last three years.

11. At the placing of the flag for Memorial Day a short pipe will be driven into the ground and a 3'x5' flag on a 10' pole will be installed for each holiday. When the flag is removed after Veteran's Day, the pipe will be removed. They do all the work and you have a beautiful American Flag displayed for the holidays while supporting your

communities.

To get more information or to subscribe email HRCFlags@gmail.com. The Henniker Rotary Club meets on Thursdays at 7:30am at the Henniker Congregational Church hall on Maple Street and currently has 35 members who are dedicated to giving back to their communities.

Rotarians Joyce Bosse (l) and Nicole Lang (r) were at St. Theresa's Holiday Craft Fair to introduce the Club's new Community Flag Project.

A large, colorful advertisement for Hillsboro House Of Pizza & Bar. The central logo features the word "HILLSBORO" in a white, arched font on a red background, with "House Of" in a smaller font below it, and "PIZZA & Bar" in a large, green, stylized font. To the left of the logo is a yellow circle containing the text "New location, same phone# 464-5339". To the right is another yellow circle with "Stop in and see us at our new location!". At the bottom, a red banner with a yellow dotted border contains the text "NOW OPEN!" in large, bold, yellow letters, followed by "• 125 West Main Street, Hillsboro •" in white text.

SAU#34 presents Strategic Plan - Pelletier wants H-D budget reduced

Superintendent Robert Hassett, Assistant Superintendent Patricia Parenteau, and High School Principal Jim O'Rourke continued their rounds of presentations of the SAU Strategic Plan by preceding the H-D School Board meeting. As the amount of knowledge has increased the way students learn and the type of learning has needed to change, the Strategic Plan is a way for everyone to have the same goals. The plan includes student success, a

positive culture for learning, and an investment in the learning environment, which includes both facilities and educational opportunities. They will be making a presentation to Deering residents on December 10 at 6:30 at the Deering Town Hall. For more information about the Strategic Plan, go to the SAU 34 website.

After the presentation, the H-D Board discussed the upcoming budget, including warrant articles. As always, there is

a delicate balance between the amount that the administration feels it needs and the amount that the taxpayers can bear. Member Rich Pelletier expressed his displeasure at the increase and asked that the administration go back and try to fine tune the request. It was also noted that Business Administrator Lori Schmidt has moved to her new job and former Business Administrator Jean Mogan is the interim Business Administration.

On December 16th in Washington, DC, the SANS Cyber Defense Initiative will honor H-D Technology Director, Neal Richardson as "One of the most dedicated and innovative Difference Makers in Cyber Security."

The Antrim Highway Department assisted on a medical call Tuesday morning. A long driveway was impassable for the ambulance to reach in the snow. The assistance allowed the ambulance to reach the home and safely transport the patient to the hospital.

Carol E. LeClair

PLATTSBURG, NY - On Wednesday, November 27, 2019, Carol E. LeClair, loving wife and mother, passed away in her home after a long battle with Parkinson's Disease at the age of 70. She was surrounded by her husband, Charles (Chuck) LeClair of 26 years, and their children. Carol E. Sweatt was born on February 14, 1949 and is the daughter of George and Betty (Whitney) Sweatt of Henniker. She is a three-year veteran of the US Army, and honorably discharged at the rank of E5. After leaving the U.S. Army, she spent five years in the Army National Guard as part of the 744th Transportation Unit of Hillsboro, New Hampshire. Carol leaves behind her daughter, Debra Boyll and her husband, John of Deering, NH; son, John Dalphond Jr. and his fiancé, Michelle Cote of Brattleboro, VT; daughter, Barbara Bluto and her husband, Brian of Alburgh, VT; her stepdaughters, Robin Carley and her husband, John of Burke, NY; Tobi Soucia and her husband, Bruce of Malone, NY; and Kelly LaRocque of St. Regis Falls NY. Carol also leaves behind several grandchildren, and great grandchildren. Services will be private and at the convenience of the family. In lieu of flowers, please send donations to the Hospice of the North Country, 358 Tom Miller Rd., Plattsburgh, NY 12901, whose team provided Chuck with loving, caring support for the last few months.

Peter Marcus Gould

HOPKINTON - Peter Marcus Gould was born in Randolph, Vermont on November 17, 1954 and passed away on October 31, 2019 at home in Hopkinton, New Hampshire after a courageous four-year battle with sarcoma. He is survived by his mother, Greta Brandt (Lyle) of Hooksett, New Hampshire; his daughters, Lea R. Boenzi (Dean) of Swansea, Illinois and Theresa R. DiPinto (Joseph) of Viera, Florida; his brother, Terry R. Gould (Linda) of Claremont, Vermont; his sisters, Cheryl Gibeault of Kittery, Maine and Donna Hodgdon of Goffstown, New Hampshire; and his four grandchildren, Alysia, Nash, Dominic, and Nova. He was also a proud father figure to former step-daughter, Ashley Marquardt of Williamston, New Jersey and Josh Walker, son of longtime partner Natalie Walker - both of Hopkinton, New Hampshire. A Celebration of Life will be held at 3 p.m. on December 14, 2019 at the Contoocook Fire Station, 9 Pine Street, Contoocook, New Hampshire 03229. All who loved Peter are invited to attend. In lieu of flowers, the family requests donations be made to the Sarcoma Foundation of America in hopes of funding research aimed at finding a cure for this terrible disease.

3 tips for safe holiday driving

The holidays are wonderful. They can also be stressful. The good: special times with family and friends. The bad: all the travel in between. The ugly: when winter roads become snowy and icy, turning a joyful journey into a jittery one. Fortunately, your safety this season is partially under your control. By following these three tips, you'll increase your chances of safely navigating any winter wonderland.

1. Make sure you're driving the right set of tires

The best way to stay safe on the roads this holiday season: choosing the right tires to guide your journey. While many drivers use all-season tires year-round, that's not the safest choice in most areas of the United States. Once temperatures drop below 45 degrees, all-season tires harden and lose a lot of their grip. They also aren't equipped to handle snow and ice.

The answer: buying a set of winter or all-weather tires. Winter tires are perfect for areas that experience consistent and/or severe winter weather. Drivers who install them during the colder months are protecting themselves against winter's worst. For drivers who face unpredictable winter conditions, all-weather tires are a great choice. Unlike all-season tires, all-weather products are approved for winter use. Unlike winter tires, drivers can use them year-round. For that reason, they're also a great choice for people who are traveling north for the holidays. Nokian Tyres invented winter and all-weather tires and strongly recommends their use this time of year. "Families who are traveling for the holidays shouldn't have to worry about staying safe on the road," said Nokian Tyres Director of Products and Pricing Steve Bourassa. "Premium winter and all-weather tires provide peace of mind to help drivers and their families enjoy this special time of year."

2. Stay deep and keep the pressure high

During the holidays, there's high pressure to get to your destination safely. For that reason, there should also be high pressure in each of your tires. Properly inflated tires have stronger grip and are less prone to blowouts. They also improve gas mileage by decreasing friction where the rubber meets the road. But your tires' inflation level requires extra attention this time of year: Each 10-degree drop in temperature can cause your tires to lose as much as 1 psi of pressure. That's why you'll sometimes see your dashboard's tire light glow on a cold morning. "Tires are designed to be used at their optimal inflation level," says Bourassa. "Look on your driver's-side door jamb or in your owner manual to find the recommended pressure level for your vehicle's tires, then keep them inflated throughout the season." If you're traveling to a colder climate or at higher elevation, it is worth considering increasing the inflation pressure by 2-to-3 psi to help offset environmental changes. While you're at it, take a look at your tires' tread depth, which is vital for sturdy traction. Use the penny test to measure how much tread you've got left; if you can see Abraham Lincoln's head when you're holding the penny upside down inside the tread, it's time for new tires.

3. Get rotated and aligned

The holidays can wear on all of us. Holiday driving should wear evenly on our tires. That means it's important to get your tires rotated and check your alignment if you haven't done so in a while. Nokian Tyres recommends rotating your tires every 4,000 to 6,000 miles to make sure they're wearing the right way. Uneven tire wear can lead to unpredictable - and potentially unsafe - performance. Be sure to visit your local tire shop to check your rotation and alignment before hitting the road for the holidays. Visit <https://www.nokiantires.com/where-to-buy/dealer-locator/> to find a high-quality tire dealer near you. You don't need a reindeer with a red nose to travel as safely as possible this holiday season. You simply need to buy the right set of tires and keep a close eye on their maintenance. Then, you'll be able to eliminate an area of stress and bask in the most wonderful time of the year. For more information on premium tires crafted for the winter season, visit [NokianTires.com/Snow-Tires](https://www.nokiantires.com/Snow-Tires). (BPT)
