2020 Withington Award

The 2020 Withington Award recipient is outgoing Superintendent Robert Hasset, who has served as Superintendent of SAU 34 for over 8 years. He quickly made Hillsboro his home and was often a smiling face within the school walls and the community. He always was an individual who went above and beyond for the students and the community.

Hopkinton's Moderator

Special thanks to outgoing Hopkinton Town Moderator Bruce Ellsworth for his many years of service to the town, and especially for delicately leading the Town of Hopkinton through its first ever Covid-19 delayed and challenging remote Town Meeting.

Warner officer recovering

Conservation Officer Matt Holmes, of Warner, has been released from the hospital. Aside from several broken ribs and numerous bumps, bruises, and cuts he is doing good, after being involved in a serious ATV incident.

The Hopkinton Rescue Squad in happier times.

Rescue Squad Disbanded

Hopkinton Rescue Squad disbands after 54 years service

After nearly two years of conflict with the Select Board and Fire Department, Hopkinton's Rescue Squad members have voted to permanently suspend operations and begin the process of formally disbanding the organization. In a Facebook post the squad said, "Eighteen months has now lapsed since cancellation of our insurance, without notification by the Town. We researched and purchased insurance. After much deliberation, Chief Yale has refused to reinstate the Squad to service and relies on mutual aid for services the Rescue Squad provided."

The Rescue Squad, an all volunteer, inde-

pendent organization, has served our Town and surrounding communities for the past 54 proud years.

The post further states that the "decision did not come lightly, and was due sadly to irreparable Administrative process failure with underlying personnel complications and support of behaviors we felt detrimental and personally affected our members' safety and our mission." In a note to residents, the post concludes, "Your unequalled dedication and financial support for our organization over our 54 year history leaves our members in awe and we thank you."

Volunteers needed for new H-D Elementary Playground

Hillsboro-Deering Elementary School and the HDES PTO would like to invite the community to volunteer for our rescheduled Playground Build.

We are on schedule to begin assembly of the new playground on Saturday, August 8, and will finish on Sunday, August 9.

Mulching will be done the weekend following. We are looking for any capable adult to

help make this playground great for our kids, they deserve it! Hand tools are provided at the build. We are in search of wheelbarrows and shovels for the first day.

Volunteers can sign up through our post on the Hillsborough Community Facebook page or PTO members Facebook page or by this url: <https://tinyurl.com/y2xlxthb> Please contact PTO.HDES@gmail.com with any questions.

Warner Planning Board considering two new commercial ventures

Ben Osgood, the engineer representing Comet, LLC, along with Adam Quinn, who is a member of the family that operates the local Dunkin' Donuts franchise (as well as several others), and Paul Kneeland, president of Boylston Realty Advisors presented the Warner Planning Board with a project that involves two lots located directly across Rte. 103 from the state-owned Park-and-Ride facility, which would house a 7,000 square foot retail building on Lot 1 and Lot containing a drive-through Dunkin' Donuts shop. The site would be developed so that the two properties can use a shared driveway entrance/exit on Rte. 103.

The larger retail building would be built to allow for development of an end cap into a drive-thru for a bank, restaurant, etc., Ben Osgood said. The interior is set to be divided up into approximately five retail units. The drive-thru donut shop structure would be one based on a Dunkin' Donuts prototype design. Osgood noted that the owners of Warner's current Dunkin' Donuts, across the road in the Circle K facility, are interested in moving into the

proposed building. The project will need a Variance for parking since the proposal includes a shared parking area that would cut the number of required spaces from approximately 96 to 87.

The Board is also considering the application of Peter Swislosky of Granite Roots construction, LLC, who wants to build an office and workshop on Poverty Plains. If allowed he plans to move his construction business from Webster to Warner Road.

NFL HYPOCRISY

We all remember when the National Football League told Tim Tebow to keep his opinions and religion off the playing field, and how he was mocked by the media for taking a knee to honor God. We remember when the League told Colin Kaepernick and those that followed that they could not take a knee at the National Anthem. Oh, that's right, Tebow is banned but Kaepernick is OK. Roger Godell is a hypocrite.

Henniker Rotary Club installs new Board of Directors

The Henniker Rotary Club held its annual Charter Night at the home of Kerry and Lori Uhler in Hillsboro. President Steve Neuhoff thanked members of his Board of Directors then passed to gavel to incoming President Frank Malinoski, who introduced his new Board: President Elect George Mobley, Secretary Joyce Bosse, Treasurer Louise Carignan and Seargent

At Arms Marc McMurphy.

COVID-19 protocols were followed including members and guests bringing their own food and beverages and practicing social distancing, but since this was the first time since March that the group met in person, it was a fun evening. Regular meetings are being held via ZOOM at 7:30am each Thursday morning.

HILLSBORO-DEERING GRADUATION

Graduation Practice

Wednesday, July 29 10:00am-12:00pm

Graduation practice was mandatory for all seniors. They practiced lining up, marching in, proceeding to seats, as well as the process for going to the stage and receiving diplomas. If there is an extenuating circumstance please call Mr. O'Rourke immediately at 464-1294.

CLASS OF 2020 CAR PARADE

Thursday, July 30—5:30 p.m. line-up, 6:00 p.m. departure

Maximum two seniors per registered vehicle. Riding on the outside of any vehicle was not allowed. No one other than HDHS students were allowed in the vehicles unless riding with family and have siblings. Decorating cars with items sturdy enough to stay in place was permitted. Once the parade was complete, they continued to follow the police to exit campus down the access road behind the middle school.

GRADUATION

Friday, July 31—10:00 a.m.

Parking on Graduation Day

We are asking all families and their guests to park in the middle and elementary school parking lots. Students and staff will park in the student and staff lots in front of the high school.

Guests and Seating

We will have 10x10 squares marked on the field directly behind where the graduates will be seated. Each graduate will be allowed 8 guests (if a family has two or more graduates, they are still only allowed 8 guests). Families and guests shall not be on the field until 9:00 a.m. Masks will be worn by all staff and students, and we are asking all families and guests to please wear masks as well.

Out of New England Guests-Not allowed

We are asking that any guests that have not already been in New Hampshire for 14 days prior to graduation not be in attendance.

Photos & Video

You may take photographs from your seating area only, and the school will provide each graduate with a basic graduation photo package from our professional photographer which will be mailed directly to the graduate's primary address along with an order form for additional copies. We are looking into recording and posting video of the ceremony online (though not live streaming). Please check www.hdsd.org/2020graduation for the link when it is live.

Peabody Home recently promoted Catie Gaudreault to Director of Nursing Services

Peabody Home in Franklin, New Hampshire recently promoted Catie Gaudreault to Director of Nursing Services following the retirement of Cheryl Barnes after twenty-two years of service at this community based senior living home. Ms. Gaudreault

brings strong nursing skills with a focus on palliative and hospice care, coupled with a penchant for staff training and educating in the elder care arena – she still finds time to teach at Lakes Region and Manchester Community Colleges as a clinical instructor for their nursing and LNA programs.

Ms. Gaudreault holds an Associate in Science nursing degree from New Hampshire Technical Institute, a baccalaureate of Science in Nursing from Walden College and is currently working towards her Masters in Nursing Education. Prior professional service took place at Concord Hospital working on the medical/surgical unit and providing case management for

Bayada Hospice, also in Concord.

Meg Miller, Executive Director at Peabody Home stated, “Catie Gaudreault as Director of Nursing brings with her the values and culture important to the residents and families of Peabody Home. Dignity, respect, understanding and above all a will-

ingness to listen to what "Quality of Life" means to the elder and the family. Catie is enthusiastic, a strong leader knowing that a well-cared for staff will ensure the best care of the residents who depend on us for that care. I'm thrilled to welcome her to a consummate, professional team.”

Leigh Bosse (l), President of the Hillsboro Lions Club presents James McKim, President of the Manchester Chapter of the NAACP, with a token of appreciation for his enlightening talk on race relations.

BRUSH YOUR TEETH TO PROTECT THE HEART

Dr. Esin Narli-Trangaris

Brushing teeth frequently is linked with lower risks of atrial fibrillation and heart failure, according to a new study.

Previous research suggests that poor oral hygiene leads to bacteria in the blood, causing inflammation in the body. Inflammation increases the risks of atrial fibrillation (irregular heartbeat) and heart failure (the heart's ability to pump blood or relax and fill with blood is impaired). This study examined the connection between oral hygiene and occurrence of these two conditions.

The retrospective cohort study enrolled 161,286 participants of the Korean National Health Insurance System aged 40 to 79 with no history of atrial fibrillation or heart failure. Participants underwent a routine medical examination between 2003 and 2004. Information was collected on height, weight, laboratory tests, illnesses, lifestyle, oral health, and oral hygiene behaviors.

During a median follow-up of 10.5 years, 4,911 (3.0%) participants developed atrial fibrillation and 7,971 (4.9%) developed heart failure.

Tooth brushing three or more times a day was associated with a 10% lower risk of atrial fibrillation and a 12% lower risk of heart failure during 10.5-year follow up. The findings were independent of a number of factors including age, sex, socioeconomic status, regular exercise, alcohol consumption, body mass index, and comorbidities such as hypertension.

While the study did not investigate mechanisms, one possibility is that frequent tooth brushing reduces bacteria living in the pocket between the teeth and gums, thereby preventing translocation to the bloodstream.

TAKE YOUR MEDICINE

BY SARAH CHAPIN

The U.S. Food and Drug Administration is requiring a new boxed warning — the agency's most prominent warning — on certain prescription insomnia drugs to better ensure patients and their health care professionals have the information they need when considering use of these medicines. The boxed warning follows several reports of rare, but serious injuries and deaths resulting from various complex sleep behaviors after taking these medicines. These complex sleep behaviors may include sleepwalking, sleep driving and engaging in other activities while not fully awake, such as unsafely using a stove. The new warnings will be required for eszopiclone (Lunesta), zaleplon (Sonata) and zolpidem (Ambien, Ambien CR, Edluar, Intermezzo, and Zolpimist).

A study published in *The FASEB Journal* demonstrated that dietary supplementation with omega-3 fatty acids (or fish oils) reduced the rate at which young women lost muscle mass during a period of immobilization.

Allergy shots (subcutaneous immunotherapy) have been available for more than 100 years. Allergy tablets (sublingual immunotherapy) have been approved by the Food and Drug Administration for use in the United States for four years. A new study in *Annals of Allergy, Asthma and Immunology* shows that most American allergists now prescribe the tablets for some patients to treat certain allergies. Allergy tablets are available to treat northern grass pollens, Timothy grass pollen, ragweed and house dust mite. The northern grass pollens and the Timothy grass pollen tablets are both approved down to age 5 years and the other two for those 18 years and older. The tablets differ from allergy shots because after the first dose is given in an allergist's office, they can be taken at home. The tablets are placed under the tongue and dissolve.

Hillsboro Lions Golf Tournament cancelled

The Hillsboro Lions Annual Golf Tournament that would have taken place Saturday August 1, has been cancelled due to the Covid-19 pandemic. It just was not a safe time to have it take place. We would however, like to thank the many sponsors that have supported us through all these years. It is because of the generosity of these local businesses that this event has been a success for so long. It is because of this support that we are able to continue our many community service projects. Thank you to the players who have come out year after year to enjoy a day on the golf course for the great event. Also, thank you to Angus Lea for the wonderful job they do every year to make it successful and a very enjoyable day. Next year we'll again create a successful fund raiser that helps our community. We will be back better than ever. Thank you sponsors, players, Angus Lea and volunteers.

ConVal considering three reopening options

ConVal Superintendent Kimberly Rizzo Saunders has announced that the district plans to release a detailed reopening plan during the first week of August, detailing a whole day at school and explaining what classes, bus rides, etc. look like under the plan.

The 50 page reopening framework document details the range of options, including 1) all remote learning, 2) a "hybrid" combination of remote and on-site instruction, and 3) fully on-site instruction with safety precautions in place. The district could jump between scenarios in any order depending on public health guidance and the progression of COVID-19.

Bradford reviewing French's Park ordinance

Marlene Fryler concisely briefed the Bradford Select Board on French's Park. She is working with the Police Chief and Devin Pendleton to review the ordinance and draft the changes needed. She reiterated the problem with the stickers being able to be viewed. It was suggested that perhaps the funding for a French's Park attendant might qualify for some of the special COVID-19 funding. Fryler suggested that income from the French's Park trust fund might be used. Town Administrator Karen Hambleton will share with the Board the language indicating the purpose for both the French's Park fund and the Parks & Recreation Revolving fund. Hambleton stated that before the ordinance could be changed a public hearing would need to take place. Select Board hearings on highway regulations require 14 days notice.

REFINANCING PART I: LOWERING YOUR INTEREST RATE

By: Joyce Bosse

Have interest rates fallen? Or do you expect them to go up? Has your credit score improved enough so that you might be eligible for a lower-rate mortgage? Would you like to switch into a different type of mortgage?

The answers to these questions will influence your decision to refinance your mortgage. But before deciding, you need to understand all that refinancing involves. Your home may be your most valuable financial asset, so you want to be careful when choosing a lender or broker and specific mortgage terms. Remember that, along with the potential benefits to refinancing, there are also costs.

When you refinance, you pay off your existing mortgage and create a new one. You may even decide to combine both a primary mortgage and a second mortgage into a new loan. Refinancing may remind you of what you went through in obtaining your original mortgage, since you may encounter many of the same procedures—and the same types of costs—the second time around.

The interest rate on your mortgage is tied directly to how much you pay on your mortgage each month—lower rates usually mean lower payments. You may be able to get a lower rate because of changes in the market conditions or because your credit score has improved. A lower interest rate also may allow you to build equity in your home more quickly.

For example, compare the monthly payments (for principal and interest) on a 30-year fixed-rate loan of \$200,000 at 5.5% and 6.0%. At 5.5% the payment each month is \$63 less, each year \$756, over 10 years \$7,560.

Deering Community Church welcomes Town's new Police Chief

Please join the Deering Community Church on Facebook this Sunday, August 2nd at 11:30 am for a special Facebook Live event to welcome Deering's new police chief, Mark Philibert.

Chief Philibert was born in Manchester NH in 1982. He has one older and one younger brother. His family moved to Hillsboro NH in 1989 and Mark graduated from the Hillsboro-Deering School district. In March of 2000 Mark joined the Army Reserves at the age of 17 and attended basic training at Fort Leonard Wood Missouri between his junior and senior year of high school. During his senior year of high school, Mark was hired as a part-time Dispatcher at the Hillsboro Emergency Dispatch Center. At the age of 20 he was sponsored by the Hillsboro Police Department to attend the NH full-time Police Academy. After completing all required training, he continued the next 18 years of his career in Hillsboro.

Over the years he moved through the ranks with Hillsboro. He served 3 years as the School Resource Officer, 8 years as Patrol Sergeant, Prosecutor, and 2 years as the Detective Sergeant. Mark participated

in many community programs. He was the police liaison for the Hillsboro Community Action Team (3 years), a member of the Safe Routes to School Committee, Middle School Basketball Coach (1 season), High School Baseball (8 seasons), Hillsboro Youth Athletic Association Baseball Coach (3 seasons), After Prom Committee

Hillsboro-Deering School District (4 years), and chaperone for the Hillsboro-Deering Senior Trip (3 years).

Mark lives with his wife, Brittany and son, Brody in Henniker. Brittany is an 8th grade history teacher at the Weare Middle School. Brody is a 2 year old who loves dinosaurs.

Concord woman running for State Senate

Candace Bouchard is running for the NH State Senate. She has been a Concord resident for the past 30 years. As I've been talking to my friends and neighbors, I've been hearing the same thing:

people are anxious and uncertain, wondering what the new normal will be. I don't think it's lost on any of us that if we want to see positive change and an effective recovery from the pandemic, we're going to need some strong experienced leadership in our government.

That's why I'm running for the New Hampshire Senate. Experienced leadership matters, now more than ever. I've had the honor and privilege of representing Concord on the City Council for six terms and in the State House for eight terms. Each time Democrats held the majority in the House, I held a leadership position. More importantly, experienced progressive leadership matters. I have a proven track record of upholding and defending progressive values. I care deeply about the people here in District 15, in part because I've been so deeply connected to this community for so long. I'm committed to expanding health care to all Granite Staters, to raising the minimum wage and supporting working families, to building a state budget that will protect our social services, to creating a green economy and reducing New Hampshire's carbon footprint. I'm also committed to protecting and supporting communities of color here in New Hampshire, protecting every Granite Stater's right to vote, and protecting a woman's right to choose. I'll get to work on the issues that matter most to you, and I'll deliver results from day one. I've gotten the job done before. I've passed legislation, I've wrangled bipartisan support and I've been in the trenches with you for years. I ask for your vote on September 8.

New Boston Road bridge is now closed

Francestown closed the South New Boston Road bridge on Monday, July 27. The bridge is between Avery Road and the 2nd NH Turnpike and is expected to reopen by November 11th following its replacement. Vehicles will be detoured around Avery Road to the 2nd NH Turnpike during its closure.

Protest when needed but don't insult America

At the risk of being expelled from Red Sox Nation, I must give a compliment to the New York Yankees. At the start of their opening game with the Washington Nationals, both teams took a knee in recognition of Black Lives Matter, but then rose in unison to stand for the National Anthem.

Zealots on both sides will be offended that honor was given to the other, but I, for one, can appreciate both. Like their right-wing counterparts, the militant wing of Black Lives Matter dominates the headlines, but does not represent the majority of American Blacks. White Americans must realize that the phrase Black Lives Matter resonates through the Black community as an expression of its frustrations over

decades of persistent racism. When those incidents occur, condemnation and protests by all Americans should be heard in the strongest possible way.

Kneeling for the National Anthem, however, is not a protest against a particular offense, it is an insult to the Nation that was among the first to abolish slavery and has done more to promote individual liberty and racial equality than any other nation on earth. It is an insult to a nation that has elected Black Mayors, Governors, Congressmen and women, US Senators, Supreme Court Justices, and a President of the United States.

The Yankees found a way to honor both, and for that, I compliment them.

Letters to the Editor

Dear Editor:

At the last House legislation session, the Republicans rejected a proposal to prevent significant business tax increases that are likely to hit businesses by January 1, 2021. Last year, the Democrats budget contained "Triggers" that would increase the Business Profit Tax by 2.6% and the Business Enterprise Tax by 12.5% if the state revenues fell by at least 6% below official estimates in the Fiscal Year 2020. It's been stated that the preliminary state revenue figures to date came close at 5.4% at the end of June. At this point, it will not trigger this increase, but I'm sure businesses are keeping their fingers crossed.

A quote from Jim Roche, President of the Business and Industry Association said, "If this holds true after the audited figures have been released, every business in NH will have dodged a bullet." He went on to say, "With all the struggles businesses are experiencing as they come back from the COVID-19 pandemic, higher taxes are the last thing they need."

The other "bullet" we missed was due to Governor Sununu's veto of the bill proposed by Senator Feltes and passed by the Democratic legislatures. This was the Mandatory Family Leave Act. This would have had a horrific impact on the em-

ployer and the employee if he/she failed to "opt-out" of this program. This was the Democrats way to impose an unwanted income tax (SB-1 – 2019 session). This is not how Republicans look to help out Businesses in New Hampshire. In 2017-2018 when I was your state representative, we voted to reduce the Business Profits Taxes from 7.9% to 7.5% and the Business Enterprise Tax from .675 to .5% which was making our state more competitive to attract and retain jobs and grow our Economy. In 2019-2020 when the business taxes would have been reduced further, the Democrats put a freeze on this opportunity.

The questions that NH businesses face right now due to the threat of this "Trigger" that was put into the 2019 Budget by the Democratic legislature, and the results of the COVID-19 pandemic is, will employers rehire employees that they may have had to temporarily let go, will they hire more people, or do they expand their company? If elected in November, I would be one representative who would fight to eliminate this "Trigger" legislation at the earliest possible time when the new Legislation resumes.

As a retired business owner, I know the present situation not only effects busi-

Letters to the Editor cont.

nesses, but the welfare of families. That's the real Trigger effect and it's all common sense. We must elect conservative Republicans to fight and create a balanced budget for NH after serious expenses due to the COVID-19 pandemic. The NH way is to say NO to taxes. I ask for your vote on September 8th and November 3rd. If families must budget to live within their means, so should the State.

Dear Editor:

Everyone is entitled to their own opinion but not their own facts. Revised Statutes Annotated (RSA) 215-A:6 Operation of All OHRVs.-

II. No person shall operate an OHRV upon any portion of the right of way of any public way including the traveled portion of a maintained public way except as provided in this chapter. By RSA definition OHRVs are OFF- HIGHWAY RECREATION VEHICLES, designed to be operated on trails, not public roads. Towns may authorize OHRVs on town roads only, not State roads. In 2016 the Hillsborough BOS: Messrs. Urquhart, Fullerton, and Bailey, unanimously approved a motion based on a request by local businessman Steve Livingston, (UTV dealer) to allow UTVs to operate on all local roads posted 35mph or less. A Policy was created for one special interest business person, no resident consent, tax payer, or voter input. A public hearing per RSA 215-A:6 IX will be scheduled in the future to address this problematic policy. Recently NH DOT, and Town of Gorham, the defendants in the Gorham Inverse Condemnation lawsuit, moved to get the lawsuit dismissed by claiming that other residents near trails are also subjected to excessive noise, fumes, and dust, so the plaintiffs are not unique. They also argued that OHRVs are a legalized nuisance like passing trains, airplanes flying, and highway vehicles. The judge found OHRVs are used for pleasure and recreation only. The defendants lost on all points. At least the defendants got the nuisance part right.

Goffstown and other area towns responded to assist Weare Firefighters.

Three people seriously injured in Weare fire

On July 28, at 1:52 pm Weare Fire Rescue were dispatched to East Shore Drive for a report of a woman with burns, and a kitchen fire. While en route to the call, it was reported there was also a fire caused by a truck running over a gasoline can. Responders arrived three minutes after dispatch and found had three people suffering from burns — and requested additional ambulances and a full mutual aid fire response from area towns. Victims were treated at the scene with what Weare Fire Chief Robert Vezina described as extensive injuries. One victim had burns over a large percentage of their body according to Vezina.

Francestown Community Market is closed

The Francestown select Board held an emergency meeting after learning of a positive case of COVID-19 in Francestown and to determine the required response regarding the whether to close the Community Market. Chairman Henry Kunhardt explained that he had been contacted by Dawn Kirlin who informed him that she had been in contact with a person who had tested positive for COVID-19 and was at the Market on June 5th. She questioned closing the Community Market. It was ultimately decided by Ms. Kirlin to close the market for the 12th, self-quarantine and re-open the market on the 19th . Health officer Kay Anderson stated that the market could open following the universal guidelines issued by the Governor. It was noted that the Governor had also issued guidelines for museums, and Mr. McAuley would be given permission to open under those guidelines on a time frame that would allow them to be put in place.

Deering's District 1 Schoolhouse recently added to the NH Register of Historic Places

The New Hampshire Division of Historical Resources is pleased to announce that the State Historical Resources Council Deering's District 1 Schoolhouse is one of 11 properties added to the New Hampshire State Register of Historic Places.

Deering's District 1 Schoolhouse was the first of more than a dozen 19th-century schoolhouses in town and the only one still publicly accessible. A one-room schoolhouse with a hand-hewn timber frame, it was built in 1810 for \$175.85, closed in 1919, became a public library in 1926 and is currently home to older and historical books owned by Deering Public Library.

Rotary exchange student heads home after 'interesting' year in America

The Henniker Rotary Club once again hosted an exchange student during the academic school year. Laura, a Slovakian teenager, arrived in Henniker in August 2019, after being selected by her local Rotary club to participate in Rotary International's 80-year-old Youth Exchange program. Laura, along with more than 9,000 high school-aged Rotary Youth Exchange students from around the globe, agreed to live with American families, go to school, and be open to adventure in the US for a full year.

Three Henniker families hosted Laura this year, which allowed her to attend John Stark Regional High School. As a junior, Laura's education included Chemistry, Integrated Algebra/Geometry III, Biology, Environmental Studies, Human Biology and Spanish I. She shared that her favorite class was American Studies (a combined History and English Language Arts Class), because she learned so much about our culture and history.

Unfortunately, the Coronavirus pandemic impacted Laura too. She was limited in her ability to travel but was able to continue her education via distance learn-

ing, while keeping up her excellent study habits and maintaining a high academic standard.

At the end of July, the Henniker Rotary Club said goodbye to Laura with our best

wishes for her continued academic success. Due to the pandemic, the Youth Exchange for 2020-2021 has been cancelled. Our club looks forward to hosting more students when the program is reinstated.

A new Patriots fan.

Warner Select Board dispossesses possible zoning violations

The Warner Select Board discussed that at 12 Newmarket Road there is a caboose, actually two trailers that are registered. Health Officer Peter Wyman visited the property because the neighbors are concerned. He spoke to the owner, it is a camper made to look like a caboose. No one is living there presently, but, the owner did say his in-laws would be staying there. The property owners were informed by Wyman that the in-laws can only stay in the trailer for 90 days as a guest and the owner was fine with that.

The gray water is being piped into the ground and Peter informed the property owner that is not allowed and will need to get a holding tank to dispose the water into the septic. There is also an incinerating toilet. Diane said after Peter Wyman visited the property she was told by someone they saw the property owner bury something in the ground. Peter will need to go to the property again to check that. Paul Proulx let the Town know that he was very disappointed that this would be allowed. Chair Clyde Carson confirmed that there is no action needed by the Board of Selectmen.

Carson also said the property known as Pumpkin Blossom Farm had a pick your

own lavender event. Clyde said the Selectmen, being the enforcing agents of the Zoning Ordinance, need to send a letter to the owner explaining they need to meet with the Planning Board for a Site Plan Review because they are not in conformance with the Zoning Ordinance. The biggest issue is parking and how that is impacting the neighborhood. Martha Mical said yes, there are a lot of cars, but they are parking on the property owner's land, there are no cars on the road. Martha said she travels Pumpkin

Hill Road daily and the only impact she sees is to the property owner of the farm. Clyde said they still need a Site Plan Review per the regulations. Judy said it could also be decided by the Planning Board that a Site Plan is not needed once they meet with the Planning Board. Diane will create the letter for the Board, and she will also notify the person who emailed her about the pick your own lavender event that the Board will be sending the farm a letter. Martha Mical said the farm is now called Lavender Fields.

Daryl Parker, owner of the recently closed Schoodacs in Warner, has announced that he has secured a new tenant who will soon be opening a new restaurant, with a new name in the same location.

New London Select Board opens its meetings, thaws hiring freeze, more

The New London Selectmen lifted the temporary freeze on hiring expenditures at the Board's July 20th meeting as the Selectmen determined the town's financial position sound. The Fire Chief and Public Works Director will now begin the process of hiring the new positions approved in the budget.

Elkins and Bucklin beaches have been the subject of discussion by the Selectmen and Recreation Commission as they worked to establish procedures to address the pandemic. Occupancy limits were established to help encourage social distancing, having space to spread people out. Proof of residency requirements were established to ensure beach goers are New London residents. All are an attempt to keep New London residents safe and slow the spread of the coronavirus in the community.

Not all changes were met with enthusiastic approval as some feel that non-residents should be allowed to use the beaches as well, pointing out that the children of New London go to school with children from other towns and they should be able to enjoy the beaches together. Some also feared that grandparents would not be able to bring their grandchildren to the beach. This is not true. New London residents are encouraged

to bring their friends and family to enjoy the beaches with them. The difference this year is that there are no visitor passes available so the guest must accompany the New London resident when entering the beach. The coronavirus pandemic has resulted in many new rules, including reducing the numbers of people in any one place. While these rules can cause frustration and disappointment, we hope that patience and understanding

prevail as we all do what we can to keep the coronavirus from spreading in New London and in the surrounding communities.
