*Governor's Council approves Warner's Chief Sean Toomey*

Warner Fire Chief Sean Toomey recently accepted the nomination as NH State Fire Marshal. Although the department is more than proud and confident he will do well in his new endeavor, his new duties will not allow him to continue his service on the Warner Fire Department as Chief and Advanced EMT. He will be greatly missed as he is one of our largest call responders.

The department, and the entire town would like to thank him and his family for 12 years of dedicated service to the community and we wish him well. In Toomey's absence, the following promotions have been made in the Warner Fire Department: Chief: Jonathan France; 1st Deputy: Edward Raymond; 2nd Deputy: Brian Monaghan; Captain: Paul Raymond, and Lieutenant: Peter Ladd.

## ConVal and Kearsarge administrators recognized with “EDie Awards”

The New Hampshire Excellence in Education Awards, lovingly referred to as the EDies, is proud to celebrate its 28th year of honoring teachers, administrators, volunteers and schools of excellence.

Administrators Association has selected Winfried Feneberg (L) of the Kearsarge Regional district as the 2021 New Hampshire Superintendent of the Year. Feneberg was recognized for his myriad efforts to foster and promote a positive school and district culture, his comprehension of the nuanced challenges of education and his engagement with all stakeholders throughout his tenure leading the district.

Superintendent Feneberg was also chosen for the honor due to his strengths as a communicator, the positive influence he has on staff throughout the district, and the spirit of inclusion he’s fostered throughout the district – ensuring that student, staff and community voices are heard and considered on a variety of issues.

Winfried Feneberg

Dr. Ann Forrest

The New Hampshire School Administrator Association has selected Contoocook Valley School District assistant superintendent Dr. Ann Forrest (R) for the 2021 Outstanding Service Award. Superintendent of Schools Kimberly Rizzo Saunders said, “Dr. Ann Forrest treats every student and staff member with dignity and respect,

not only exemplifying a positive climate, but also creating an atmosphere that encourages others to do the same.” Her work to examine equity in the school district has led to the creation of an Equity Committee at the School Board level and is leading to larger conversations regarding equity across 11 schools and nine communities.

## Fracestown appeals Appeals Board's reversal

The Town of Fracestown has filed a motion with the Housing Appeals Board to rehear its case overturning the Planning Board's rejected subdivision. The HAB recently overturned the Fracestown Planning Board's decision denying the Shattuck's four-lot subdivision at the corner of Stevens Road and the 2nd NH Turnpike. In its decision, the HAB ruled that the Planning Board made an "unreasonable" decision in rejecting the subdivision without citing any objective zoning ordinance violations. In its motion, Fracestown argues that the HAB failed to follow its own standard review process, and wrongly interpreted the town's regulations, saying, "HAB's review is not to determine whether it agrees with a planning board's findings, but to determine whether there is evidence upon which the board could reasonably have based its decision."

## Court frees man after Goffstown gun fight

Abdiwahab "Abdi" Kolomba, 22, of Manchester walked out of jail after serving less than a year for his role in a shootout in Goffstown. Abdiwahab "Abdi" Kolomba is one of four people to face felony charges in the shootout last summer that left two people, including himself, with gunshot wounds. Kolomba pleaded guilty to conspiracy to commit robbery and first degree assault, and prosecutors dropped six other felony charges. Kolomba was sentenced to the 338 days he has already spent in jail awaiting trial.

## Monadnock Gun Club must pay town's attorney

The Monadnock Rod and Gun Club has been ordered to pay \$28,027 to Peterborough's attorney on top of owing Scott and Bridgette Perry about \$650,000 over a lawsuit the club brought in an effort to take land from the Perrys. Hillsborough Superior Court Judge David Anderson ruled in favor of the Perrys in March 2020. Judge David Anderson's new order also requires the club to pay the town's attorney John Ratigan \$28,027 for his services in the town's lawsuit against the club. The town was awarded a summary judgment in its cases against the club regarding violations of wetlands regulations and zoning ordinances.

# New London voters indefinitely postpone purchase of possible Police Station

A large crowd gathered under the tent at the Historical Society for New London's Town Meeting. The meeting proceeded smoothly after its most controversial article was indefinitely postponed to begin the proceedings.

Petitioned Article 3 called for an appropriation of \$1,100,000 to purchase the Stalman Building for use as a Police Station. The Select Board had voted 2-1 NOT to recommend passage and the Budget Committee split 5-4 NOT to recommend the purchase.

Former Selectman Bill Holm was one of the prime petitioners immediately moved to Indefinitely Postpone the Article because the property had just gone under agreement with another buyer. Voters agreed.

After that, the remaining articles passed with little discussion and no dissension.

Voters approved: \$1,425,000 for General Government Operations.

\$2,325,987 for Public Safety, including Police and Fire Departments.

Bill Holm reluctantly moved to indefinitely postpone Article 3.

\$2,821,092 for Highways & Streets.  
\$852,510 to replenish Capital Reserve Accounts.

This year's Town report was

dedicated to four residents who passed away in 2020: Marilyn Andrews, Priscilla Sisson White Ohler, Tomie dePaola and David Kidder.

## TAKE YOUR MEDICINE

BY SARAH CHAPIN

Researchers have found that the drug tofacitinib, also called Xeljanz and approved by the FDA to treat rheumatoid arthritis and ulcerative colitis, can repair permeability defects in the intestine. Study results appear in the *Journal of Crohn's and Colitis*. Affecting roughly 1 million Americans, ulcerative colitis, an inflammatory bowel disease, is a chronic disease of the large intestine, in which the lining of the colon becomes inflamed and leaky. A single layer of cells that plays a critical role in human health, the intestinal epithelium, provides a barrier while also allowing nutrient and water absorption. Intestinal epithelial cells are critical for regulating immune function, communicating with the intestinal microbiota, and protecting the gut from pathogen infection—all of which critically depend on an intact epithelial barrier. The body's largest pool of immune cells can be found directly beneath the epithelial cell layer.

When used to manage infections, the drug itraconazole is generally given at a single, fixed dose to all patients. But determining the correct dosage of the drug to help treat cancer isn't that simple, new research published in the journal *Clinical Cancer Research* suggests. When researchers measured how much itraconazole ended up in the bloodstreams and tumors of 13 patients treated for lung cancer, they found a sixfold variation in drug levels in tumor samples. Moreover, the levels in the patients' bodies correlated with how effectively the drug shrank their tumors. Itraconazole, sold as Sporonox, Sporaz, or Orungal, has been used for more than 25 years to treat fungal infections. Ten years ago researchers discovered that the antifungal drug also shuts down pathways used by cancer cells to grow. Further research has shown that itraconazole may help treat lung, prostate, skin, and other cancers by both blocking cellular growth pathways and stopping the formation of new blood vessels initiated by cancers.

## THE CONNECTION BETWEEN MOUTH BACTERIA AND INFLAMMATION IN HEART DISEASE

Dr. Esin Narli

Oral infections are the most common diseases of mankind and are also a key risk factor for heart disease, which is the leading cause of death worldwide. In a review article researchers summarize the latest clinical evidence supporting a link between oral infections, which are caused by the bacteria in our mouth, and heart disease, and they emphasize the important role of inflammation in both of these conditions.

The most common oral infections are cavities and periodontal diseases such as gingivitis and periodontitis, which are chronic inflammatory diseases that slowly and steadily destroy the supporting structures of multiple teeth. Significant epidemiological evidence supports an association between oral infections, particularly periodontitis, and stroke, especially among men and younger individuals.

Inflammation plays a major role both in oral infections such as periodontitis and in cardiovascular disease. However, over-the-counter nonsteroidal anti-inflammatory drugs such as ibuprofen can produce significant cardiovascular side effects, which means it is crucial that we consider alternative therapies. A high dose of a commonly prescribed cholesterol-lowering medication, atorvastatin, which boosts blood levels of anti-inflammatory molecules called lipoxins and resolvins, prevents both periodontal and cardiovascular inflammation and reverses existing disease in humans. This is exciting and promising because lipoxins and resolvins also have the advantage of naturally controlling inflammation without suppressing the immune system.

## \$28,000 budgeted to finance Old Home Day

Judy Hale asked the Newbury Select Board about Old Home Day and the motion that was made last fall to pay forward the \$25,000 to finance the 2021 Old Home Day. Hale said in addition to that, what I heard at town meeting that another \$38,000 was budgeted for 2021 old home day. Pavlicek said you can't take an appropriation from one year to another, you can carry over a purchase order but we didn't have any. Pavlicek said the budget is \$28,000 for this year. Pavlicek said the 2020 money has gone in the fund balance to the undesignated fund balance.

## Sparks fly as Henniker ZBA and Planning Board clash

The Henniker Select Board had nearly completed its recent meeting without incident. However, when Chair Kris Blomback asked for members to report on their various committee assignment, normally mild mannered Leon Parker, who sits as the Select Board's designated ZBA member, erupted in an emotional verbal attack on the Planning Board for "dictating how the ZBA should do its business."

The dispute stems from a March 10th hearing in which the ZBA unanimously granted a variance to McMurphy Family Trust to convert a 19 Rush Road property from a duplex into three units. On May 13th the Planning Board wrote the ZBA stating, "In review of the minutes and video ... there was no discussion...of the individual criteria under RSA 674:33 that documented the rational for approving the variance...or determination that the property met the criteria for unnecessary hardship." The Board then asked the ZBA to "provide rational and documentation for future cases, we request that the standards and questions under RSA 674:33 be discussed and voted on separately moving forward."

RSA 674:33 Authorizes, upon appeal in specific cases, "a variance from the terms of the zoning ordinance if: (A) The variance will not be contrary to the public interest; (B) The spirit of the ordinance is observed; (C) Substantial justice is done; (D) The values of sur-

rounding properties are not diminished; and (E) Literal enforcement of the provisions of the ordinance would result in an unnecessary hardship."

That letter drew an immediate E-Mail response from Parker, who wrote to Planning Board designate Tia Hooper, "Speaking for myself only I consider this letter to be a declaration of war by the Planning Board. I am sure Doreen (ZBA Chair) will come up with a diplomatic response to your letter. If I was to be the one drafting it my response would be "Live with our decision!" With a written PS telling you where to go. Bill Marko, Vice Chair of the Henniker Planning Board advised, "The Planning Board is very aware that the ZBA does not report to the Planning Board and in no way was the Planning Board trying to tell the ZBA how to do their job. The request is not unreasonable. No board, elected or appointed is beyond reproach, criticism, or questions. One reason why we made this request is we thought it would be in the best interest of the public to have those questions all reviewed."

That tone continued at the Select Board meeting until Blomback urged members of both boards to get together to resolve their differences. Later in the meeting Parker mentioned that ZBA Chair Doreen Connor sent a more measured response to Tia Hooper's Planning Board memo, and said he would stand by the email from Ms. Connor.

Bennington held another successful Rhubarb Festival on Saturday.

### Division III Girls' Lacrosse

**Hopkinton 23, Laconia 9:** With a storm delay of an hour, the Hawks had a 10-goal lead going into halftime.

**Derryfield 12, Hopkinton 11:** The Hawks were down at halftime on Tuesday, 8-6, and trailed, 11-7, with 15:12 remaining in the game before staging their comeback. Katie Brown scored the game-tying goal just 23 seconds after play resumed. But Derryfield wouldn't be denied, and the Cougars scored the game winner with 1:31 to play to pull out a 12-11 win.

**Pembroke 10, ConVal 9:** Down 7-4 at the half, ConVal tied the game at 9-9 before Pembroke took the lead back.

### Division III Boys' Lacrosse

**Hopkinton 17, Hillsboro-Deering 0:** The Hawks made it 11-0 at half and possessed well throughout to keep the Hillcats from scoring. Hillsboro-Deering fought hard in transition and on defense to challenge the Hawks and finish their season strong. Jared O'Connor made 13 saves for the Hillcats.

**Hopkinton 7, Conant 6 in 8 innings:** The Hawks jumped out to a 5-0 lead in the bottom of the 2nd. Conant promptly tied the game at 5 in the top of the 4th. The Hawks loaded the bases in the bottom of the 4th and scored the go-ahead run in the top of the 5th. In the bottom of the 8th Peyton Marshall drove another shot into the right field gap to plate Max Aframe for the win.

### Division II Baseball

**John Stark 16, ConVal 6:** After a scoreless first inning, the Stark bats came alive and were helped by some key Cougar errors.

**John Stark 12, Souhegan 4:** Over the final two innings, they were on nearly even terms. John Stark's 10-run fifth inning rendered the other six innings irrelevant.

### Division II Softball

**John Stark 4, Bow 2:** In the bottom of the seventh, Gracie Bolduc drew a lead-off walk and a Bow error on Lilli Stogners' infield ground ball put runners on the corners with no outs. Olivia Hargreaves hit the first ball pitched to her deep and over the fence in centerfield, ending the game with a walk-off homerun and punching the team's ticket into the semifinals.

**Milford 6, John Stark 0:** The Generals ran into a hot Madi Herbert who pitched a two-hitter leading Milford over John Stark in a Division II softball state semifinal.

**Hopkinton 3, Mascenic 2:** The Hawks won in the bottom of the 8th when Keegan St. Cyr walked and stole second, advanced to third on an infield hit, and scored on a headfirst slide to beat the throw on a passed ball.

# Washington voters approve all 37 articles- most unanimously

An overflow crowd filled Camp Morgan Lodge for Washington's Town Meeting Tuesday morning.

After passing the proposed \$555,278.00 Operating Budget, Public Works Director Ed Thayer moved and defended the next 10 articles dealing with his department, including its \$505,259.00 budget. All 10

passed with few questions and not a single "Nay" vote.

During the four hour session, voters also approved all 37 articles, including:

\$159,533.00 for the Police Department;

\$94,500.00 for the Fire Department;

\$125,820.00 for the Rescue Squad;

\$40,000.00 for part-time EMT coverage;

\$41,495.00 for the Library;

\$39,425 for Parks & Recreation; and

\$10,410.00 for Community Services.

## Kearsarge Student of the Month

Dylan Palmer, a senior from

Newbury, was selected for the honor based on nominations from school staff. Palmer is an honor roll student at

Kearsarge Regional High School, and is described by his teachers as a kind, quiet and empathetic young man who contributes positively to class and supports his peers.

Public Works Director Ed Thayer explained the ten Department articles on the Washington Warrant. He must have done a good job as all 10 were passed unanimously.
