NH Librarian of the Year

James A. Tuttle's Cynthia Jewett is the 2021 Honoree

The New Hampshire Library Trustee's Association has named Cynthia Jewett, Director of Antrim's James A. Tuttle Library, as the 2021 NH Library Director of the Year.

When she arrived, Jewett immediately confronted two formidable challenges: improving services and patron relations, and transforming Tuttle into a vibrant, 21st century library. She overhauled their lengthy "Policies and Bylaws" document so that the current operations reflect national, state, and local government mandates. She initiated professional development programs for all staff members. She assigned each employee specific areas of responsibility, but has also cross-trained the staff to fill other jobs if needed. She increased circulation from 16,409 items during 2017 to 21,490 during 2019.

Each year Jewett hosts more than

100 programs, many of which center on children, while Adult programs have included lectures on solar eclipses, bats, meteorology, and haunted hikes in the Granite State.

She created Friends of the Library, an organization missing in the past, and has worked closely with community partners, such as the Antrim Community Board, Avenue A, the Grapevine, the public school, the Antrim Historical Society, Antrim's Eclectic Book Club, the Antrim Anti-Racism Study Group, and the Great Decisions group.

In making the presentation, Marcia McLaughlin, president of the NH Library Trustees Association referred to Jewett as "The Energizer Bunny" for all her work in restoring and transforming the library, and could not imagine a more meritorious nominee to be NH State Library Director of the Year.

Kearsarge seeking a \$22.3 million high school redesign and renovation bond

Kearsarge Superintendent Winfried Feneberg briefed the New London Select Board and Budget Committee on the need for a \$22.3 million redesign, renovation and construction bond at the 50 year old Regional High School. Feneberg stressed that only 75% of students are enrolled in a traditional post secondary curriculum, leaving 25% without proportion for their post high school life.

The project will include a S.T.E.A.M. Wing designed to improve teaching of Science, Technology, Engineering, Arts, and Math.

The focus will be on hands on, project based learning, not just from books. Courses will include; Computer science, Robotics, Digital Photography, Graphic Design and Culinary Arts.

Needed maintenance projects include a new roof and improved HVAC at the school, in conjunction with 60,000 sq. ft. of new construction.

Feneberg said that the only additions

Superintendent Winfried Feneberg explains the need for the \$22.3million bond.

to staff would be one new art teacher and perhaps additional custodial help.

Officials are looking at a 20-25 year bond with current interest rates around 2%. The proposal will be presented to

voters at the Deliberative Session in January and ballot voting in March, requiring a 3/5 vote. If approved the project would begin in July of 2023, with completion in September of 2024.

Help the Hillsboro Lions Club feed our needy neighbors this holiday season

Messenger Publisher Leigh Bosse is pleased to announce that for the 27th consecutive year, The Messenger, in conjunction with the Hillsboro Lions Club, will be conducting its annual appeal to readers to fund the distribution of Christmas Food Baskets to needy families in the area.

For several years, Hillsboro churches, with donations from area civic groups, distributed approximately 100 holiday food baskets to needy families

three times each year; at Thanksgiving, Christmas and again at Easter. In the fall of 1994, it was decided to concentrate on Thanksgiving and Easter, primarily, because of lack of funds. Realizing the tremendous hardship that would result, the local Lions Club & The Messenger agreed to step forward and provide this service each Christmas season.

Project Co-Chairs Ron and Kathy Audette have announced that applications are available at all H-D Schools and the Food Pantry, which must be

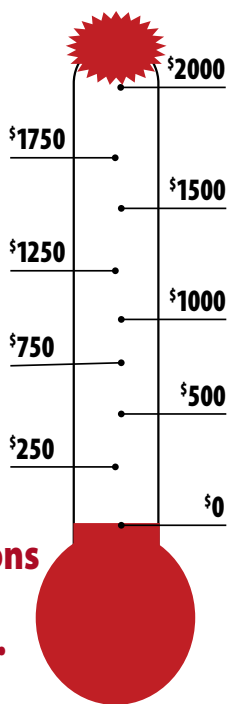

returned by December 1st. Baskets will be distributed from 10 a.m. to Noon on December 18th at Smith Memorial Church. Individuals or organizations who wish to contribute to this neighbor to neighbor project may do so by sending their check, payable to "Lions Food Baskets," to The Messenger, P.O. Box 1190, Hillsborough, NH 03244. Donations of any size are urgently needed. Those who donate to this worthwhile program will be recognized by having their names published in a future edition of The Messenger.

Peterborough Cemeteries join Wreaths Across America

National nonprofit Wreaths Across America (WAA) announced that Pine Hill Cemetery, Village Cemetery, and East Hill Cemetery in Peterborough, New Hampshire will be joining in the effort to support the mission to Remember, Honor, Teach, as an official location for 2021. This is the first year that the cemeteries will participate in this national event. The goal for Pe-

terborough Town Cemeteries is to raise enough funds to place 900 veterans' wreaths on the headstones of all the local heroes. Those interested in volunteering for Wreaths Across America, or sponsoring a wreath for Peterborough Town Cemeteries, are invited to visit wreathscrossamerica.org. National Wreaths Across America Day is a free, non-political, community event open to all people.

Henniker accepts \$311,372 grant to build a cell tower on Craney Hill

At Tuesday's meeting the Henniker Select Board accepted a \$311,372 grant from the NH Department of Safety division of Homeland Security for a communication tower and building on top of Craney Hill.

The town is committed to improving communication between fire, police and highway personnel, and this grant provides opportunity to improve and expand communication in town.

This grant is important to the Henniker community, but has a far wider impact. The tower will also house equipment for Capital Area Mutual Aid Fire Compact and the Merrimack County Sheriff's Office. After its completion it will result in better dispatching and incident management throughout Merrimack County and the Town of Henniker.

Rescue Squad Chief Greg Aucoin reported that it has been challenging to get per diem employees to work on holidays, and suggested that of-

Martha Taylor (l) and Kristen MacLean of the Henniker Historical Society presented the Select Board with a Historical Building marker for the Town Hall.

fering holiday pay rates would help create an incentive to fill these open shifts. Section 4 of the Henniker Personnel Policies states permanent

employees that are required to work on a holiday are paid at time and one half of their regular wage. The Board unanimously agreed.

Kearsarge Food Hub's Silent Auction set

The Kearsarge Food Hub is running a silent auction and online fundraiser through the end of the month. The non-profit donates about 2,000 pounds of locally sourced food to 200 families each month. It also runs Sweet Beet Farm, which sells foods from local farmers and offers discounts to veterans and those in need. "It will directly support families this holiday season," said Hanna Flanders, co-founder of the Kearsarge Food Hub. "These funds allow us to pay farmers for their produce." If the organization raises \$30,000 this month, a local donor will match it. To find out how to help, visit the Kearsarge Food Hub website.

Three H-DHS DECA students qualify for International Competition

The team finished #1 in the North Atlantic Region

After two weeks of competing against other high schools in a global competition, one team of students from Hillsboro-Deering High School has qualified for the DECA International Conference in April 2022.

In the Virtual Business Restaurant Management Competition, three students, senior Emily Wilkens, and Juniors Manny Velazquez and Emma Davison finished in first place in the competitive North Atlantic region of DECA and also sixteenth worldwide. They will join teams from New York, North Carolina, Texas, California, and Alberta, Canada.

These first round competitors will be combined with the winners of the January qualifier into a field of 16 teams competing for top world honors next spring at the International CDC in Atlanta, Georgia.

"It is one of the most stressful, yet fun times of the year. Students love competing against and connecting with

competitors from around the country and world to do this. The competition is intense and the students do a great job. I'm very proud of all the competitors. We had several students compete in all seven of the challenges.

Our Retail team, Sports Management team, and Personal Finance team, just missed out on qualifying. It was a heartbreaker for them, but they have another shot at it in January," said H-D DECA advisor Marc Payeur.

DENTAL IMPLANTS

Dr. Esin Narli

Dentistry has come a long way from the days of George Washington and his wooden choppers. One of the best ways to replace a missing tooth or teeth these days is with a dental implant. What's implanted is a pin, usually made of titanium, and it goes into your jaw. It acts as a replacement root to support an artificial tooth.

Implants are generally preferable to dentures in that they don't slip. That makes talking and chewing easier. Inserting the pin is a procedure normally done under local anesthesia. Not everyone, however, is a candidate for an implant. For one thing, you have to have sufficient bone in the jaw to support the implant. If you don't have enough bone, under some conditions the dentist might be able to graft bone.

Gum condition is also a consideration when determining if someone is a viable candidate for an implant. Even if you have implants, you'll want to continue regular visits to the dentist. For one thing, the dentist will want to check regularly on the condition of the implant and of the tissue in the immediate area of the work. For instance, tissue near the implant might not receive as much blood flow as tissue elsewhere in your mouth, and therefore could be more susceptible to infection. Talk with your dentist about whether you're a candidate for an implant.

The U.S. Food and Drug Administration has approved Orgovyx (relugolix) for the treatment of adult patients with advanced prostate cancer. It's the first oral drug in this class and it may eliminate some patients' need to visit the clinic for treatments that require administration by a health care provider. The American Cancer Society estimates that in 2020, there will have been more than 190,000 cases of prostate cancer in the U.S.

One of the treatment options for advanced prostate cancer is androgen deprivation therapy, which uses drugs to lower levels of the hormones that help prostate cancer cells grow. Current FDA-approved treatments of this type are injected or placed as small implants under the skin. Orgovyx is an orally administered treatment that works by blocking the pituitary gland from making hormones called luteinizing hormone and follicle-stimulating hormone, thereby reducing the amount of testosterone the testicles are able to make.

Vitamin D is a critical nutrient and has many important functions in the body. A mother's vitamin D supply is passed to her baby in utero and helps regulate processes including brain development. A study published in *The Journal of Nutrition* showed that mothers' vitamin D levels during pregnancy were associated with their children's IQ, suggesting that higher vitamin D levels in pregnancy may lead to greater childhood IQ scores. The study also identified significantly lower vitamin D levels among Black pregnant women. Vitamin D deficiency is common among the general population as well as pregnant women, but Black women are at greater risk. The authors hope the study will help health care providers address disparities among women of color and those who are at higher risk for vitamin D deficiency.

John Stark students take advantage of I Am College Bound, I Applied Day

Forty-four John Stark students took advantage of the school's first I Am College Bound, I Applied Day held on November 9. Each student who participated received hands-on, expert assistance in submitting their college application to any New Hampshire private, public, four or two-year college or university.

For free, students could ask questions, get college essay feedback, have their college application(s) reviewed before submission, and pay no application fee. The 44 participating John Stark seniors were also entered to win a \$500 college scholarship that will be awarded to one John Stark student.

"I Applied Day," is part of New Hampshire's I Am College Bound: I Applied campaign that assists high school seniors with navigating the college admissions process.

In support of I Applied, colleges and universities around the state waive application fees for students who submit applications during the

In addition, the New Hampshire Department of Education, New Hampshire Charitable Foundation, and the NHHEAF Network also provide

scholarships to participating students, with each school receiving one \$500 scholarship to award to a participating student at their discretion. Students are also provided extensive follow-up support and materials to complete their college journey.

Even In Tough Times - We Can Still Give Thanks

Maybe you feel you haven't got very much to be thankful for this year. What with the politics of hate, inflation, the brashness of our youth, the moral decline, and endless bickering.

But, take another look; at the sunshine dispelling the clouds. You still have the greatest gift of all to be thankful for: You still have belief.

Belief in God, who created the light, so you could see the wrong and do something about it.

Belief in America, which still holds the torch of freedom high and carries it proudly around the world.

Belief in most people everywhere, who find happiness in kindness, and reward in helping others.

Belief in your own community, the beauty surrounding you on all sides, the pride that prods progress toward better living for all.

And belief in yourself, the example you set for others, the confidence you show in tomorrow, the rich inner life you find in Faith.

Yes, the good still overpowers the bad in this wonder filled world of ours. You can give thanks...with "Thanks-Living."

Hillsboro-Deering Board sets basketball game protocols

HD High School Principal James O'Rourke and Middle School Principal Mark Peterson approached the School Board with recommendations for the 2021-2022 basketball games.

After discussing protocols with other school districts, the recommendations include having all fans able to attend games, have no concessions, have no entrance fees and all people not on the floor must wear masks. Those people on the floor (players and referees) have the option of wearing or not wearing masks. Right now there will be a full schedule with other schools; however, if COVID numbers rise there

may be a reduction of the team schedules and a change in protocols.

Both principals agreed that HYAA and the elementary school teams should abide by the same rules while using school property. Board member Heidi Welch questioned whether the Junior Class would be able to raise money for their prom as the concessions sold at basketball games had previously been earmarked for that class. Principal O'Rourke said it would, but hopefully they would be able to raise money another way. The Board agreed and voted to adopt the recommendations.

Hopkinton girl signs to play Division I soccer at Elon University

Ashlee Brehio of Hopkinton, NH officially signed her National Letter of Intent to play soccer at Division I, Elon University in Elon, NC. Ashlee is the daughter of Glen Brehio and Dr. Teri Brehio of Hopkinton, NH and the granddaughter of Sandra Burrows of Hillsboro.

Ashlee has played soccer for Seacoast Girls Academy for 4 years. Last year the Academy's rules changed and she was then also allowed to play for her high school.

She played for Hopkinton High School last year during the shortened COVID season scoring 19 goals, including 3 in the championship game against Campbell, with 7 assists. This year was a banner year for Ashlee as the Hopkinton Hawks won the State Championship again.

The team went undefeated and scored 113 goals with only 14 goals scored against them.

Ashlee contributed a large part of this scoring. She scored 46 goals,

including 11 hat tricks, and 25 assists, setting a record for Hopkinton High School. Ashlee was recruited by sev-

eral Division I colleges but stuck with her first choice of Elon University. GO PHOENIX!!

Sports

Goffstown's United U13 Division 2 team finished the regular season in first place, but fell to Bedford in the finals. Head Coach Jim Pliakos and the 15 boys (from Goffstown, New Boston, and Weare) had a great season. Although disappointed with second place they are proud of their efforts.

Passport Program PLUS returns to Pats Peak

Pats Peak is continuing its popular Passport Program PLUS, for someone new to skiing. The Passport Program PLUS is a pre-paid program for ages 18 and up. The cost is \$469 and includes four beginner lift, lesson and rentals packages. At the completion of the program the participant earns a free Pats Peak Unlimited Season Pass valid for the rest of the season, a free pair of Elan Skis with Bindings and Ski Shop Discounts from various ski shops, plus 50%-off additional Group Lessons.

There is a limited quantity of the free pairs of Elan skis with ski sizes range from 146-160cm to accommodate appropriate skier type abilities for participants in this beginner program. Sizes are distributed based on a first-come, first-served basis upon completion of the program. This program is limited to two participants per household. The four lessons do not need to be consecutive and are valid any day during the 2021-2022 winter season only. This is a one-time program per person for someone new to the sport of skiing.

Pats Peak has partnered with these ski shops to provide discounts for these participants to purchase a pair of ski boots for their new skis along with clothing and accessories: Finish Line Ski & Board Shop at Pats Peak; S&W Sports in Concord, NH; Proctor Ski & Board in Nashua, NH; Buchika's Ski & Bike in Salem, NH; Ken Jones in Manchester, NH; The Ski House in Somerset, MA.

Kris Blomback, General Manager, commented, "This is such a great program for adults to learn to ski and then get their own equipment. Having a season pass after the completion of the program gives them time to keep skiing for the rest of the season."

Hopkinton turned out in force to replenish the Sean Powers Wood Bank. Eleven large truckloads of firewood were cut down, split, and delivered around town. Fifteen additional cords are cut and stacked, ready to heat homes as needed this winter. They also took time to have a memorial service in honor of Tom Congoran, who created the Contoocook Carry, and Wood for Warmth project.

Paquette named Bradford-Newbury Manager

Colleen Paquette has been promoted to Assistant Vice President, Branch Relationship Manager at Bar Harbor Bank & Trust. She leads the retail banking teams at the Bank's locations in Bradford and Newbury in providing solutions and guidance to help individuals, families, and businesses meet their financial goals.

Colleen joined Bar Harbor Bank & Trust in 2014 as a part-time, floating customer service representative for the Bank's Central New Hampshire branch

locations. She later took on a full-time position in one of the Bank's locations in New London, where she spent five years in roles of increasing leadership responsibilities including Assistant Branch Manager. She was named Branch Relationship Manager of the Bradford and Newbury locations in 2019. Colleen and her husband Isaac live in Bradford, New Hampshire. They have two children, Olivia and Lincoln.

Goffstown man arrested for resisting arrest

A Goffstown man was arrested for criminal trespass and resisting arrest Thursday evening outside the Currier Museum of Art, where a mobile vaccine clinic was being held. Robert McClory, 37, drove his Jeep into the museum's parking lot around 5 p.m., activated the vehicle's floodlights and "did circles in the private lot." Police said families were waiting for vaccinations outside the north entrance to the museum at the time, and some protesters were on the public sidewalk. A police officer who was in the area stopped the Jeep and asked the driver to get out multiple times, but he refused and was arrested.

Goffstown woman carried off Mt. Monadnock

Tina Sharby, 57, of Goffstown was one of three people carried off Mount Monadnock last Sunday. She fell and needed to be rescued from the Pumpelly Trail junction. Sharby was brought to a waiting ambulance around 7:38 p.m. and taken to Monadnock Community Hospital for treatment.

Smith Memorial Church of Hillsborough launches a Go Fund Me page

Is your heart in New England?
Do you love historic buildings?
Do you value community outreach?

So begins the introduction to the recently launched Go Fund Me page by Smith Memorial Church of Hillsborough. Back in September of 2020, a capital campaign fund drive had been initiated there to cover the cost of a new, efficient, greener heating system installed by a local company for the historic building. In just a bit over a year, \$100,000 has been donated toward the \$125,000 cost.

Donna Vuilleumier, pastor of Smith Church, notes “We’re almost there! While we were not fully able to use our church sanctuary, vestry hall, classrooms, and kitchen as fully as possible early on in the pandemic, we chose to use the time for the [long] delayed task of replacing our antiquated and inefficient heating system...We are nearly complete in our Capital Campaign and ask for your help in making this a warm and wonderful success...”

To add a donation, simply go to the link: <https://gofund.me/b76f3bd1> or click onto the Donation page of

the website, www.smithmemorial-churchucc.org. Your contribution is warmly appreciated!

Hillsborough Planning Board hears proposal for cell tower

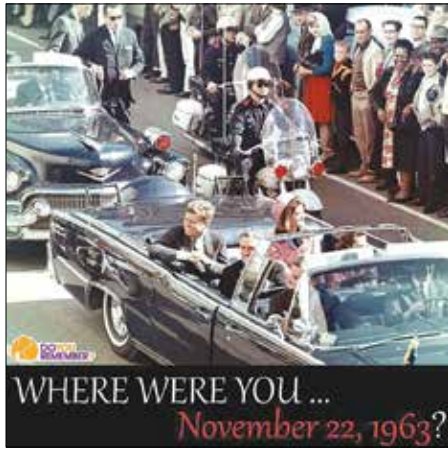

Representatives of Vertex Towers, LLC appeared before the Hillsborough Planning Board Wednesday evening to present their request to approve a 121 ft. cell tower off Dascomb Street.

In a detailed presentation they outlined how the tower, like those built in Antrim and recently approved in Henniker, meets all FCC safety standards. If approved, the tower

would close a communications gap in the area. The proposed site is the only location with a large enough lot at the proper elevation to meet the requirements.

Because the technology is un-

known to board members, they decided to hire their own expert to review the proposal, and scheduled a site walk for Sunday, December 5th at 9 a.m. before recessing the hearing until December 15th.

Vertex Towers' engineers present their proposal to the Planning Board.

Robert Howard Law Office Henniker, New Hampshire

Probate administration is much more than filing paperwork. Determinations must be made to ensure proper notice is achieved, assets are valued, creditors paid and assets are distributed timely in accordance with the decedent's will or the law. Our professionals have decades of experience working with families.

We strive to take the stress out of the probate process by working collectively with heirs to ensure probate estates are administered properly, efficiently, and if necessary, to provide conflict resolution among family members. If you need assistance with an estate or trust, give our office a call. We are happy to speak with you.

The Toadstool Bookshops

"Iron Roads of the Monadnock Region. Vols I and II: Railroads of Southwestern New Hampshire and North-Central Massachusetts" by Bradford Blodget and Richard Richards brings to life the story of now largely forgotten railroads that once operated in the area, shining new light on the roads' stories from their beginnings to the present. The authors detail how and why the roads were built in the first place, where they went and what they did, their roles in the economy of the Monadnock Region, and what became of them.

"Becoming a Good Creature" by Sy Montgomery School is not the only place to find a teacher. In this picture book adaptation of Sy Montgomery and Rebecca Green's New York Times best-selling *How to Be a Good Creature*, learn the many surprising lessons animals have to teach us about friendship, compassion, and how to be a better creature in the world.

"A Cry from the Far Middle: Dispatches from a Divided Land" by P.J. O'Rourke This uproarious look at the current state of these United States includes essays like "Woke to the Sound of Laughter," about the upside of being "woke" (and unable to get back to sleep); "Sympathy vs. Empathy," which considers whether it's better to hold people's hands or bust into their heads; a brief digression "On the Additional Hell of the Internet of Things" because your juicer is sending fake news to your FitBit about what's in your refrigerator; and many more.

George R. Davison IV

MILFORD - George R. Davison IV, 34, of Milford, NH, passed away November 4, 2021, at Lاهی Hospital in Burlington, MA. George fought a valiant battle following an organ transplant eight months ago.

George's sassy spirit will live on in his devoted partner of 14 years and husband for six years, Corey Zinn of Milford, NH; his parents, Linda and George R. Davison III of Antrim, NH; and his sister, Alexandra Davison, and her husband, Craig Cook of Antrim, NH. Also mourning the loss of our beloved George are many aunts, uncles, cousins, in-laws, and numerous friends, both near and far. In lieu of flowers, please consider registering yourself as an organ and tissue donor at www.neds.org/register-now/. Monetary donations are also

gratefully accepted at [neds.org/give/](http://www.neds.org/give/). Our time with George would have been drastically shorter without the selfless gift of an organ donor. There will be no services at this time. A celebration of life will be held in the spring.

Hillsboro-Deering High School Veteran's Day Assembly

On Wednesday, November 10, the Hillsboro-Deering High School had the first assembly of the year to honor our veterans. To ensure safety, the assembly was done in a "hybrid" fashion, with seniors present in the gym while the other classes watched via a livestream from their advisory rooms.

During the course of the assembly, the students were able to listen to veterans talk about their experiences, hear the band play, and see a student perform taps.

It was organized by the school's chapter of DECA. "I think the as-

sembly was a really great success," Serenedy Kelley, president of DECA, said about the experience. "It was really nice to have some sense of normalcy back because we used to have this assembly every year pre COVID. Mrs. Perrin did a great job filling in for Mr. Payeur during the assembly, and all of our speakers did a great job!" Thank you DECA for setting this up for the high school community.

This assembly honored the brave men and women who have served this country. Veterans, thank you for your service.
