Burned to the Ground

Fire ravages Greenfield's Kennebec Lumber Company

Fresh from their Annual BBQ, crews from the Greenfield Fire Department responded to a multi-alarm fire at a sawmill in Greenfield on Saturday.

The fire started around 1:20 p.m. at Kennebec Lumber Company on Sawmill Road, according to Southwest Mutual Fire Aid.

Before it was over, about twenty towns assisted, either fighting the fire, or covering other stations.

Photos and video from the scene showed flames and a large plume of smoke coming from what appeared to be a pile of sawdust and wood pieces, which spread to the main building. The New Hampshire Department of Transportation said Sawmill Road, which is also NH Route 31, was closed in the area

of the fire.

A witness told WMUR that he and his family were leaving a Greenfield Fire Department fundraising barbecue when they saw the smoke in the distance, and said they arrived before firefighters did.

"It was very large flames and it was spreading pretty quickly and the smoke, like we saw it from probably a mile away," he reported. Kennebec Lumber has said it will be sending a management team to the facility and would develop an action plan for those affected.

The company also thanked the local first responders for their work. The fire was brought under control Saturday evening, and no injuries were reported.

Dan MacDonald retires after 23 years as Fire Chief

New Boston Fire Chief Dan MacDonald retired June 30th after serving 42 years with New Boston Fire/Rescue, and 23 years as its Chief. His commitment, compassion, dedication and leadership will be missed. It's been an honor to all

its members to serve within his command.

The department is hosting an OPEN HOUSE on Friday July 1st at Central Station (12 - 4PM). His final radio message with take place around 3:30PM followed by a ride home. Please stop by to wish him a happy retirement.

Help support Hillsborough's historic Smith Memorial Church

For decades, even centuries, Smith Memorial Congregational Church has been a magnet for Hillsborough and the surrounding region. In late 2019, the congregation voted to replace the antiquated, steam heating system, with an efficient, seven zone heating source.

A Capital Campaign with a goal of \$125,000 was initiated and a local company, Christenson Plumbing and Heating, completed the installation.

Then, the Covid -19 pandemic struck world-wide. Our lives became one of suspended animation. Now, with 2022 well underway, the pandemic hopefully shifting to endemic status and Smith Church opening its doors for adjusted and new activities, it is time to pause and reflect about the road ahead.

In a very short time nearly \$105,000 has been raised. Amazing! We are blessed by this outpouring and are so grateful for your generous response. A Go Fund Me page

has been launched and again, we are most appreciative to those of you who donated. Our goal is now within reach.

Toward this end, we are moving forward and asking that you consider donating, possibly again, so that Smith Church may continue to attract everyone with its warmth. This church is so much more than a faith community. The introduction to the Go Fund Me site refers to the historic building itself as well as to

the extensive outreach, providing everything from exercise and meditation opportunities, podiatry clinics, assistance with tax preparation, programs for community youth from ages three through post high school, a vibrant music setting, community events, baptisms, weddings, funerals, shelter/meals for the homeless, and so much more.

If you have already donated, you clearly realize the significance and history of Smith Church's presence in the community and region. To those waiting to contribute, we ask that you consider all that this building holds and will help maintain and make it a welcome resource for so many more years to come. Thank you.

Checks may be made payable to Smith Memorial Church with a memo line of "Capital Campaign Fund" and sent to PO Box 672, Hillsboro, NH 03244. Or, www.smithmemorialucc.org to access either the Capital Campaign or Go Fund Me page.

DWI driver faces multiple charges after ramming Peterborough cruiser

Peterborough Police Department was assisting a motorist with a broken-down motor vehicle on Dublin Road (AKA State Route 101) in the area of the Shaw's supermarket, when an eastbound sedan traveling at a high rate of speed struck the roundabout, traveled up and over the roundabout, and narrowly collided into the rear of Byam's cruiser as it continued eastbound past the cruiser.

Officer Byam went after the vehicle while radioing ahead to other officers. At the intersection of Route 101/202, the suspect vehicle turned left onto Grove Street in a northerly direction. As the suspect vehicle sped by the police station, Officer Justin Hyland attempted to stop the vehicle as it continued northbound until it struck the Grove Street bridge spanning the Nubanusit River, a row of hedges on the north side of the bridge, and the post office flagpole where it came to a final rest.

The driver was taken into custody by officers and transported to Monadnock Community Hospital by ambulance to be checked for a knee injury. After a medical examination at the hospital, the driver was taken to the Police Station for booking. The driver was identified as:

Owen Stowell (age 21) Londonderry. His 2017 BMW sustained heavy damage.

Stowell was charged with: Reckless Conduct – Deadly Weapon, Aggravated Driving While Intoxicated, Conduct After an Accident, Disobey-

ing an Officer, Reckless Driving, Open Container in a Motor Vehicle. Stowell was released on PR Bail

and has a court date of 7/22/2022 in the Hillsborough County Superior Court North.

sider if contemplating granting a Conservation Easement of their property.

Doscher worked for the Society for the Preservation of New Hampshire Forests for 27 years. His interesting and informative presentation was well received.

Fracestown celebrates a day long 250th Anniversary activities

Fracestown celebrated its 250th anniversary with a full day of festivities including a grand parade.

To begin the celebrations, New Boston's Artillery Co. fired its Molly Stark cannon, which was captured from the British at the Battle of Bennington, Vt., by Gen. John Stark on Aug. 16, 1777, followed by a ringing of the Meeting House bells.

The Parade down Main Street, Stewart and Carol Brock in period dress as John Wentworth, NH's governor when Fracestown was incorporated, and his wife Frances Wentworth Deering, for whom Fracestown is named.

The procession included the New Hampshire chapter of the Sons of the American Revolution, a fife and drum band and children in period dress.

Arriving at the town Meeting House, John Wentworth, (Brock) recited the town's Charter from June 25, 1772.

The afternoon featured children's

games, pony rides, a petting zoo and an ice cream social.

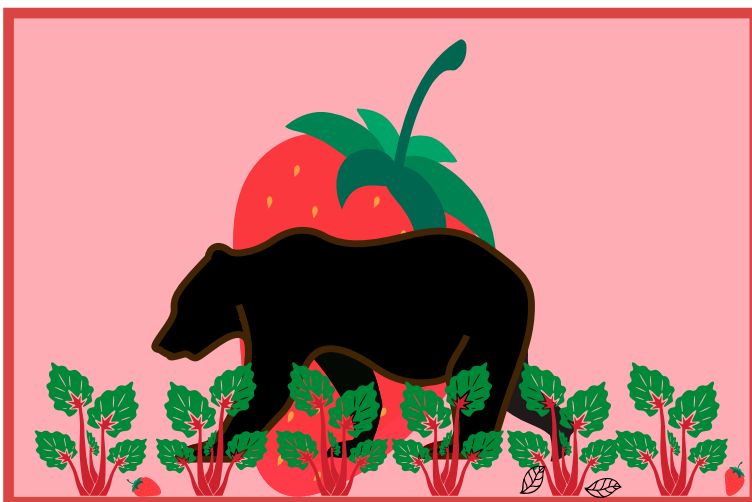

Attendees were also treated to a

fashion show and a roast pig dinner on the Town Common, capped off with a costumed dance party, and fireworks.

Courtney (l) and Gavin Ford (r) assist step-dad and mon Andrew and Jessica Morris cut the ribbon to officially open Morquip Equipment Rentals at 148 Gleason Falls Road. Keep an eye out for an August move to a more central location.

WHAT ARE THE SYMPTOMS OF TMD?

Dr. Esin Narli

TMD (temporomandibular joint disorder) often causes severe pain and discomfort. It can be temporary or last many years. It might affect one or both sides of your face. More women than men have it, and it's most common among people between the ages of 20 and 40.

Common symptoms include:

- Pain or tenderness in your face, jaw joint area, neck and shoulders, and in or around the ear when you chew, speak, or open your mouth wide
- Problems when you try to open your mouth wide
- Jaws that get "stuck" or "lock" in the open- or closed-mouth position
- Clicking, popping, or grating sounds in the jaw joint when you open or close your mouth or chew. This may or may not be painful.
- A tired feeling in your face
- Trouble chewing or a suddenly uncomfortable bite — as if the upper and lower teeth are not fitting together properly. Learn more about the pros and cons of teeth alignment surgery.
- Swelling on the side of your face

You may also have toothaches, headaches, neck aches, dizziness, earaches, hearing problems, upper shoulder pain, and ringing in the ears (tinnitus).

Supplementing testosterone significantly reduces heart attacks and strokes in men with unnaturally low levels of the hormone, according to new research presented at the European Association of Urology congress. The ten-year study involved over 800 men from Germany and Qatar with testosterone deficiency, whose family history, blood pressure, cholesterol levels, diabetes or weight put them at high risk of heart attack or stroke. Only men with testosterone levels below normal, who also displayed symptoms of low testosterone, such as low mood, decreased appetite, depression, erectile dysfunction, loss of libido or weight gain, were included in the research. Just over half of the men opted for long-term testosterone replacement therapy, enabling the researchers to compare this group to those whose condition was left untreated. All the men were encouraged to make lifestyle changes, in terms of diet, alcohol, smoking and exercise, to improve their cardiovascular health.

Most seizure medications carry a life-and-death warning: Taking this drug may increase suicide risk. Now researchers have discovered that the warning does not apply to many antiseizure drugs. A new analysis published in *JAMA Neurology* has revealed no evidence for increased suicide risk from recently developed antiseizure medications. Despite the lack of data, all anti-seizure medications carry the warning from the U.S. Food and Drug Administration (FDA). In 2008, the FDA analyzed results from nearly 200 clinical trials that assessed the efficacy of many drugs including 11 anti-seizure medications. The analysis revealed that compared with placebo, anti-seizure medications nearly doubled suicide risk among patients being treated for epilepsy, psychiatric disorders, and other diseases including chronic pain. The FDA concluded that anti-seizure medications increase suicide risk. However, subsequent analyses did not find the same results. Yet, as a result of the FDA study, all anti-seizure medications approved since 2008 carry a warning for suicidality.

DOWNSIZING IS HARD

By: Joyce Bosse

Do people lose the ability to manage the thousands of possessions in an average household? Does this become an obstacle to moving to a safer neighborhood, nearer to family members or into assisted living?

“Everyone we talked to firmly believes this,” says University of Kansas gerontologist David J. Ekerdt, “geriatricians, social workers, estate sellers, retirement community directors and family members.”

Why is it so hard to get rid of stuff? Ekerdt and his colleagues are finding several reasons. It is really tough physical labor to take apart a household and box it up or dispose of it, of course, but before that comes the cognitive work of sorting and planning the move and the wrenching emotional process of releasing things that define and express us.

You will need family members who can help by giving your possessions a good home and relieving you of deciding how to dispose of them, Ekerdt advises. “And not just special things, but mundane possessions like the products under your sink or in your medicine cabinet.”

Ekerdt explains “We’re not saying that there is anything wrong with having things or even a lot of things, but there does come a time in many of our lives when we can’t deal with them anymore and we ultimately do become prisoners of our space and stuff.”

The Dash

While attending Jim Gaskell's funeral last Saturday, I heard this remarkable poem for the first time, and thought it worth sharing. LDB

The Dash By Linda Ellis

I read of a man who stood to speak

At the funeral of a friend

He referred to the dates on the tombstone

From the beginning...to the end

He noted that first came the date of birth

And spoke the following date with tears,

But he said what mattered most of all

Was the dash between those years For that dash represents all the time

That they spent alive on earth.

And now only those who loved them

Know what that little line is worth

For it matters not, how much we own,

The cars...the house...the cash.

What matters is how we

live and love

And how we spend our dash.

So, think about this long and hard.

Are there things you'd like to change?

For you never know how much time is left

That can still be rearranged.

If we could just slow down enough

To consider what's true and real

And always try to understand

The way other people feel.

And be less quick to anger

And show appreciation more

And love the people in our lives

Like we've never loved before.

If we treat each other with respect

And more often wear a smile,

Remembering this special dash

Might only last a little while

So, when your eulogy is being read

With your life's actions to rehash...

Would you be proud

of the things they say

About how you spent YOUR dash?

Letters to the Editor

Dear Fellow

Community Members:

The Hillsboro-Deering School Board voted unanimously to support the re-negotiated Collective Bargaining agreement with the Hillsboro-Deering Federation of Teachers. The contract now goes to the voters of Hillsborough and Deering in a special voting session on July 12, 2022.

The Hillsboro-Deering School Board feels that this new agreement provides a strong framework for the continued advancement of the district, while acknowledging the current financial constraints of the community. The new agreement maintains the increased employee contribution to health insurance,

reduces the proposed cost of living increases, and does not include any evergreen provisions. We firmly believe this agreement is in the best interest of students, taxpayers, families, and staff as it is fiscally responsible and preserves the structure to attract and maintain high quality educators.

Thank you for coming out to vote on Tuesday, July 12, 2022.

Deering Voters: 8am - 7pm,

Deering Town Hall

Hillsboro Voters: 7am - 7pm,
