Antrim Ambulance and Bennington Fire & Rescue operating at a single vehicle crash in the vicinity of Harris Mini Mart on State Rt 202. The vehicle had left the roadway, hitting a tree on the side of a steep banking with the patient initially unconscious. Stabilization jacks, a Bennington rescue truck winch, and a come along were used to stabilize the vehicle for extrication of the patient. The patient was transported to Concord Hospital with the hospital being notified of a trauma alert.

## Weare Police join Special Operations Unit

*21 Central New Hampshire towns pledge mutual assistance in high risk operations*

The Weare Select Board approved a memorandum of understanding (MOU) for the Weare Police Department to become part of the Central New Hampshire Special Operations Unit.

The purpose of the unit, as defined in the MOU, is to provide mutual law enforcement assistance and/or logistical support to the city/town governments party to this agreement in high-risk situations including drug raids, hostage rescue, barricaded suspects, search and rescue, or other situations

requiring exceptional police actions which are beyond the normal resources and/or capabilities of any department.

Including Weare, there will be 21 team communities with some of the closest being Bow, Bradford, Concord, Dunbarton, Henniker and the Merrimack County Sheriff Department.

When asked about assistance from the N.H. State Police, Chief Moore said the agreement didn't rule out calling the state police, but they are already spread thin and cannot always respond.

At Chief Moore's request, the board discussed and took action on two parking issues.

The first will allow the police department to put up temporary "Handicapped Only" parking signs in the spaces on East Road near the gazebo for special events such as the Patriotic Celebration.

The second will allow permanent "No Parking" signs on Sugar Hill Road South on the opposite side of the road from Ilsley's Ice Cream Stand.

## Motorcycle crashes in Franklin trying to elude police

Two people were hurt after they tried to get away from officers on a stolen motorcycle.

Franklin Police said they tried to make a traffic stop on Hill Road around 1:00 a.m. last Friday.

The operator sped away but crashed

near Laconia Road and Church Street. Police said both people on the motorcycle had active arrest warrants from several agencies.

They were both transported to a hospital to receive treatment for injuries that were not deemed to be

life-threatening, police said.

Officers said the motorcycle's operator, Brandon Janak, 29, was also carrying meth and fentanyl, and he will face felony drug charges. The motorcycle had been stolen out of Farmington in May.

# Warner Corridor Committee recommendations to the Select Board

At their summary presentation to the Warner Select Board, the Corridor Committee put forward the following recommendations regarding the corridor between the village center and the Exit 9/Intervale district:

- Based on the research, educational speakers, discussions, and a survey answered by over 500 people, the Corridor Committee recommends pursuing the NHDOT TAP Grant and continuing to pursue the implementation of some sort of alternative transportation accommodation.
- It is not recommended at this time to put forth any warrant article for Town Meeting concerning the corridor/sidewalk/multi-use path.
- It is not recommended to make any changes at this time to the funds that are currently held in the 2 Capital Reserve Funds for transportation alternative projects.
- It is recommended that the

Select Board and the Corridor Committee hold a joint public meeting to provide the findings of the Corridor Committee, survey results to the public and to inform the public about other transportation alternative projects and how they will coordinate with each other.

- It is recommended that the Corridor Committee continue to work until recommendations have been made for Town Meeting 2024.
- Should a warrant be considered, it should include all necessary and sufficient funding for both matching funds and the project.
- And, should the project move forward in 2024, the entire project should be Page 16 of 16 included in the warrant article to include the full match necessary to secure 80% of the funding from Federal Highway sources.
- It is recommended that the Corridor Committee come back to the Select Board at a future

meeting to provide a more robust report on findings and presentation of data and survey results.

- It is recommended that the Select Board, following the future report by the Corridor Committee, assist with next steps and public engagement about the process going forward.

- It is recommended by the Corridor Committee, should the project move forward, that the project study process have significant public input in the development of the project and contain all options for the project including a 'no build' alternative and a charrette so that people can have visual concepts of streetscapes to understand

impacts more fully. Despite the overwhelming demonstration of need and support this project garnered over the past two decades, at the 2023 Town Meeting, petitioned Warrant Article 6 narrowly passed 104 – 96 “to cease pursuit of development of sidewalk/multi-use path on Route 103.”

Congratulations to the 12 NLPD Citizens' Police Academy graduates, who graduated on Thursday, June 22, 2023 at a ceremony held at the Holiday Inn New London. The participants got a first-hand, up close and personal look at how the New London Police Department works and serves our community, right from the men and women who are doing the job at the New London Police Department. Each participant brought different perspectives, unique insight, and asked pertinent questions during the weekly sessions.

# Public support needed for proposed Newbury Fire Department History Museum

The Newbury Fire Department Benevolent Association is seeking donations to fund the construction of a small Fire Dept. Museum on town property alongside the Velie Memorial Playground adjacent to the new fire station.

Highlights of the project are as follows:

- The project will be constructed with private funds and some donated labor - no town funding.
- The building consists of a single bay garage with exterior covered porch area.
- The museum will house the department's antique fire truck and portable fire hydrant as well as additional historic items.
- In the 1980's and 1990's the antique fire truck was restored with private funds and donated labor, including major time commitments by fire dept. members Jim Drewniak and

Kevin Walker who passed in 2002 and 2006, respectively. Currently the fire truck is only occasionally displayed to the public, primarily on Old Home Day.

- The fully restored and operational fire engine is a 1942 Chevrolet truck with a pump and hose bed salvaged from the town of Newbury's original 1927 fire truck (the town's first fire engine).

- Expansive glass around the building will allow visitors to the playground and museum to easily view the antique fire truck and other exhibits inside the museum.

- Exterior display boards in the open covered porch area will provide a history of the Newbury Fire Dept. and the items displayed in the museum, as well as fire department membership recruitment information.

- Tours inside the museum

will be available upon request and during certain designated times throughout the year.

- Building design allows for easy entrance/exit of the antique fire truck so it can participate in special events including parades.

Help us celebrate the richness of Newbury Fire Department's history and enable community residents and visitors to view the historic gems of the department on a regular basis.

Please send your donation check, made out to the New-

bury Fire Dept. with "Museum project" noted on the memo line, to P.O. Box 373, Newbury, NH 03255. Donors making substantial gifts (\$2,500 or more) will be recognized by name on a display in the museum.

This truck will be the first exhibit in the new museum.

On June 16th, Kyle Niemela of Jaffrey lost control of his motorcycle while exiting Route 202/9. He was transported to Concord Hospital with injuries.

# Warner man indicted for theft by deception in two counties

A Warner man was indicted in two counties for allegedly falsely representing that he was a licensed asbestos abatement professional.

According to the New Hampshire Attorney General's Office, Jordon M. Dunne, 27, of Warner, was indicted in both Sullivan and Grafton counties for felony counts of theft by deception and attempted theft by deception.

On June 16, a Grafton County grand jury indicted Dunne on two Class A felony charges of attempted theft by deception. Between January 1, 2020 and January 31, 2020, Dunne allegedly attempted to obtain

funds of more than \$1,500 by falsely representing that he was a New Hampshire-licensed asbestos abatement professional and that building samples obtained from a Lebanon business were sent to a lab and tested positive for asbestos. Then, on June 20, a Sullivan County grand jury indicted him on two Class A felony charges of theft by deception. Between June 22, 2022 and July 31, 2022, Dunne obtained funds of more than \$1,500 by falsely representing that he was a New Hampshire-licensed asbestos abatement professional and that building samples obtained from a Claremont residence were

sent to a lab and tested positive for asbestos, prosecutors allege. Dunne was also charged in Sullivan County with two Class A misdemeanor charges for unfair and deceptive business practices

in violation of the state's consumer protection act and one Class A misdemeanor charge of theft by deception related to the same transactions.

If convicted, Dunne faces up

to 15 years in the New Hampshire State Prison and a \$4,000 fine on each felony charge and 12 months in the county house of corrections and a \$2,000 fine on each misdemeanor charge.

# Fleeing vehicle crashes after 130 mph high speed pursuit in Bow

On June 22, 2023, at approximately 10:23 p.m., a trooper assigned to Troop D observed a vehicle traveling at 109 mph and swerving erratically on Interstate 93 northbound in Bow. The trooper attempted to stop the vehicle as it took the ramp to Interstate 89 northbound, but it failed to stop and increased its speed to 130 mph.

The trooper did not pursue the vehicle but observed that it took Exit 2 into Concord and then lost sight of it. Another trooper who was just leaving the Troop D barracks observed a vehicle stop on the side of the road by the barracks and shut its lights off. The trooper quickly realized that it was the vehicle that had just fled, but when the operator saw the trooper, he started driving again and actually turned in towards the parking lot of the Troop D barracks. It appeared, however, that the operator then saw the State Po-

lice sign and realized where he was. He turned back out of the parking lot and another attempt was made to stop the vehicle. Once again, the vehicle did not stop, and a pursuit ensued.

The vehicle continued to operate erratically and at varying speeds as it attempted to elude troopers, even crossing a median on two occasions. It eventually struck a concrete curb on Manchester Street in Concord and crashed on the Merrimack River Bridge where the operator was taken into custody. No other vehicles were struck or damaged as a result of this operator's behavior.

The operator was identified as Gabriel Lima, age 24, of Lawrence, MA, who was transported to a hospital with minor injuries.

As a result of this incident, Lima was charged with a number of crimes to include Aggravated DUI – Class A

Misdemeanor (x3), Reckless Conduct – Class B Felony (x2), Disobeying An Officer – Class

A Misdemeanor, Operating Without a License, Subsequent Offense – Class A Misdemeanor,

and Crossing a Median (x2). The crash as well as its causing factors is still under investigation.

At their annual end of the year dinner, Henniker Area Rotary Club Incoming President Peter Flynn presented resident Jamie Weston with a Paul Harris award for her many years of volunteer service to the community.

## TAKE YOUR MEDICINE

BY SARAH CHAPIN

Aspirin therapy, as opposed to statin use, for non-obstructive coronary artery disease does not reduce major cardiovascular events, according to a new study published in the journal *Radiology: Cardiothoracic Imaging*. Coronary artery disease is the most common type of heart disease, affecting roughly 6.7% of U.S. adults, according to the Centers for Disease Control and Prevention. Coronary artery disease occurs when there is a buildup of plaque in the arteries that supply blood to the heart. Coronary artery disease puts people at a higher risk for major adverse cardiovascular events, including heart attack and death. Non-obstructive coronary artery disease occurs when there is less than 50% stenosis, or narrowing, of the coronary arteries due to plaque buildup. Coronary CT angiography (CCTA) is often recommended as a first-line test to detect plaque. Medications called statins are commonly prescribed for patients who are diagnosed with non-obstructive coronary artery disease. Statins reduce the production of low-density lipoprotein (LDL) cholesterol and draw cholesterol out of plaque, therefore stabilizing the plaque and reducing the risk of it rupturing. Aspirin is another drug that is commonly recommended.

One of the greatest frustrations regarding urinary tract infections (UTIs) is that they so often recur. UTIs are caused by bacteria in the urinary tract and characterized by frequent and painful urination. A round of antibiotics usually clears up the symptoms, but the relief is often temporary: A quarter of women go on to develop a second UTI within six months. Some unfortunate individuals get UTIs over and over, and require antibiotics every few months. A new study published in *Nature Microbiology* suggests that women who get recurrent UTIs may be caught in a vicious cycle in which antibiotics given to eradicate one infection predispose them to develop another. Repeated cycles of antibiotics wreak havoc on the community of helpful bacteria that normally live in the intestines, the so-called gut microbiome. The findings highlight the importance of finding alternatives to antibiotics for treating UTIs.

## BUYING YOUR FIRST HOME: WHAT YOU SHOULD KNOW: PART II

By: Joyce Bosse

Maintenance is key. Proper home maintenance is essential to keep your home from deterioration due to neglect. For example, roof leaks caused by severe weather would be covered by your insurance. However, roof leaks due to lack of maintenance, age or standard wear would not. It's important to conduct regular inspections of your entire home throughout the year to help prevent major damage from occurring.

Take stock of where you are and what you own. The recent boom of homeownership not only saw an increase in first-time buyers, but also a migration of people moving to new and different parts of the country. Just like new homeowners, those who've moved from one geographic area to another may not be aware of the severe weather or what the outdoor elements can bring to that part of the country.

Natural events such as flooding due to severe weather in the Midwest and East Coast are among the most common home disasters that cause billions of dollars in property damage every year.

Homeowners must be aware of the perils that can impact their new homes as well as the type of homeowners insurance policy needed. For example, damages caused by an earthquake or storm flooding are not covered by a standard homeowners policy. Homeowners may want to consider adding such additional coverages to their policy.

Whether it's your first home or a new home in a new state, homeownership is a major milestone. Make sure to review your policy coverages and speak to a local insurance agent if you've recently moved or are thinking of making any renovations to your home.

## CONSUMING ACIDIC FOODS AND BEVERAGES

Dr. Esin Narli

New research finds acids in sugar-free beverages could erode tooth enamel, as a recipe mixing flavored sparkling water with balsamic vinegar to create a so-called "healthier" alternative to soda takes TikTok by storm. While the TikTok recipe was not included in the study, it is similar to the other sugar-free, acidic beverages tested.

People find carbonated beverages refreshing. Enjoy them in moderation and preferably with meals. But if you're looking for a glass of something that is actually good for your dental health, regular water, including fluoridated tap water, or milk are always good options. The American Dental Association offers these tips to reduce tooth erosion from acidic food and beverages:

- Use a straw, sip and swallow — do not swish or hold it in your mouth longer than you need to.
- Wait an hour before brushing to give saliva a chance to naturally wash away acids and re-harden enamel.
- Rinse with water, drink milk or enjoy a snack of cheese right afterward. Dairy and other calcium-rich foods can help neutralize acids.
- Keep saliva flowing to keep acids under control and protect your teeth. You can do so by chewing sugarless gum.
- Look for dental health products like enamel erosion control toothpaste and sugarless gum with the ADA Seal of Acceptance, which indicates the product has been rigorously and independently evaluated by dental experts.
- Practice good oral health every day: Brush twice a day with fluoride toothpaste, clean between your teeth daily with floss or another interdental cleaner, eat a healthy diet that limits sugary foods and beverages, and visit a dentist regularly.

Visit MouthHealthy.org for more information on how food and beverage can impact teeth.

## Easterseals to construct Franklin veterans & military campus

Easterseals has unveiled its plans for a 15-acre campus in Franklin for veterans and military members, paid for with \$23 million in COVID relief funding from the state and designed by the architecture and construction firm PROCON. The first phase of the project, slated to be completed mid-2024, will include 30 units of accessible, affordable housing, a hub for military service providers, a retreat center with meeting and event spaces and a makers space.

The Franklin property abuts the Merrimack River and a rail trail, providing ample opportunity for walking, biking, kayaking and fishing.

In the second phase, there will be spaces for equine and canine therapy and other therapeutic recreation activities. "We want to get people of all abilities to be able to engage." Easterseals has long provided services for veterans and military members, including counseling, child care and disability services. With the campus, the organization aims to create a well-rounded experience to support their physical and mental well-being.

PROCON will break ground on September 20 and hopes to house veterans and service members on the campus by September 2024.

## No injuries reported in Newbury two car crash on Route 103

Newbury Fire Rescue and Newbury Police responded to a motor vehicle crash late Thursday afternoon near the fire station that tied up traffic back to the traffic circle. The collision between a car and pickup totally blocked one lane of the busy road, requiring firefighters

to divert all traffic to the westbound lane for over a half hour until both vehicles could be towed away.

Newbury EMS assessed the drivers and provided first aid for one of the drivers. New London Ambulance responded but was not needed.

## Sunapee, Newbury & New London Police bust underage drinking party

On June 17th, 2023 at approximately 11:30 p.m. Sunapee Officer-in-Training Nicholas Henault and Sergeant Nicholas Boisvert received a report of an illegally-parked vehicle on John Avery Lane in Georges Mills that was obstructing traffic.

Upon arrival, they discovered vehicles that were related to an ongoing underage house party involving alcohol. Officers of the New London Police Department and Newbury Police Department were called to assist. Subsequently, 13 underage individuals were placed

under arrest for Unlawful Possession and Intoxication, contrary to NH RSA 179:10, which is a violation-level offence. Additionally, 11 underage individuals were taken into Protective Custody. A Sunapee School District school bus was dispatched to the scene and utilized to transport all of the underage individuals to the Sunapee Police Department. By approximately 03:45 hours on June 18th, after booking and processing those who were arrested, all of the underage individuals had been released to a sober, responsible adult.

## Francestown bridge scheduled for 1.14 million replacement in 2025

A \$1.14 million upgrade to Francestown's historic Old County North Bridge is scheduled for 2025. Jaime French, the senior project manager for Fuss & O'Neill, recently met with the Select Board to discuss initial plans to replace the bridge which was originally built

in the 18th century and modified in 1981. The bridge is currently on the New Hampshire Department of Transportation's Red List, and due to its severe deterioration, a temporary wood bridge has been placed over Collins Brook to control traffic on Old County Road North.

**Peterborough Art Walk Saturday, July 1st 11:00 a.m. to 4:00 p.m.**

After a long winter, the Art Walk brings together over 60 regional artists to show their work in person OUTDOORS! For many, this is the first time they have been out of their studios for some time. So, what better way to reconnect the community, kick off the summer season and celebrate the long weekend? View the works of artists from jewelry, pottery, watercolor, fabric, wood carving to oil painting. There is something for everyone to enjoy! Performing first outside Tria Yoga is Hot Mess, local duo with upbeat music, harmonizing your favorite tunes that make you want to dance! Followed by Side Effects, acoustic duo Debbie Thompson and Bob Wright bringing energy to well known songs. Next up, Eyes of Age, a duo known for their tight harmonies and eclectic mix of original and cover songs.

Across the River in Depot Park, start the set with the works of Alex Tkaczewski, teacher, composer and pianist. He will be featuring tunes by Gershwin, Scott Joplin, McDowell and his own compositions. Following will be The Folksoul Duo, playing American Roots

music including folk, oldies, 30's jazz to name a few. Next up is the melodic folk songs by Jack Hickey. Using his Irish roots and US upbringing, Jack entertains with stories and songs of everyday people.

Along side the Art Walk this year will be the KWACKFEST. The Monadnock Folklore Society is having a party for, and celebration of, Bob McQuillen and what would have been his 100th birthday! Inviting all of Bob's friends and family to celebrate his life and his many contributions to the world of contra dance, to Peterborough, and to the Monadnock region. There will be music, dancing, stories, food and more. Summertime in New Hampshire is synonymous with taking in the natural wonders of the area and what better way of doing that than outdoor events. It is no wonder that Expedia voted Peterborough in the "Top 10 Small Towns In The Country For Art." This event is free and open to the public. Ample free parking downtown and in the RiverWalk Parking. Masks are not required, wear at your personal discretion.

**NEC's College Convention Returns for 2024 Presidential Primary**

New England College (NEC) will proudly host its seventh College Convention, a nationally recognized event focused on direct student engagement in the presidential primary, January 7-9, in Manchester. The three-day event will host hundreds of college students from across the country who will get up close and personal with the political process of the first-in-the-nation presidential primary.

"I always say that New Hampshire's presidential

primary is like the Super Bowl of politics," stated Dr. Wayne Lesperance, President of New England College. It is one of the most exciting single events in American politics, from the publicity it garners to the ramifications it has on a pool of candidates. Since the 2000 election cycle, NEC's College Convention has introduced the presidential primary process and excitement to thousands of high school and college students from New Hampshire and around the country.

**Weare approves applying for a Speed Enforcement Equipment Grant**

The Weare Board of Selectmen gave Police Chief Christopher Moore the go-ahead to apply for a Speed Enforcement Equipment Grant from the N.H. Department of Highway Safety. The grant, if approved, would reimburse 75% of the cost of equipment. In his presentation to the board, Moore said that speeding is the number one citizen concern in town.

The department's grant request would include

two movable RADAR speed display signs – likely one rechargeable and one solar powered. One of these units would be for the schools.

The grant request would also include two handheld LIDAR units and one in-car RADAR unit (Raptor RP-1). The total cost of all the equipment would be \$13,712; however, with the 75% reimbursement from NHDNS, the cost to the town would be \$2,585.

**Cyanobacteria warning issued for Antrim's Gregg Lake**

Last week the Antrim Recreation Department posted an advisory for potential harmful effects of a bloom on Gregg Lake. Members of the Parks and Rec Commission and the Rec Department first observed a bloom on Monday June 19. The advisory was to stay in place until at least Monday June 26 to ensure that there are no fur-

ther bloom activities. They will be monitoring the beach shoreline daily. Cyanobacteria blooms are especially dangerous to dogs and livestock, and can also be harmful to humans. No update was available at press time. Please always watch the water where you recreate and avoid if any green slime or scum is on the water surface.

## Crime Watch

### Hillsboro man arrested for possession

**TYMINSKI, BRYSON S** Controlled Drug: Sched 1-4; Possession Transport Drugs in MV. **ARREST DETAILS:** On May 30th, 2023 Bryson Tymiski, age 20, was stopped for speed during an enforcement grant patrol. During the roadside investigation, the Officer located several controlled pills in a pill bottle without a label. The defendant was arrested for Possession Transport Drugs in MV.

### Bow man arrested for child pornography

A man from Bow was arrested on 10 counts of possessing child pornography after a nine-month investigation by a Concord Police detective, Bow Police, and the New Hampshire Internet Crimes Against Children Task Force. Justin Spaulding, 41, of Bow was arrested Monday on 10 felony possession of child sexual abuse images charges. The case began in October 2022, after the Concord computer crimes unit opened a case against him. During several months, Deputy Chief John Thomas of the Concord Police Department said, investigators executed search warrants, conducted interviews, and examined evidence. A probable cause warrant was then issued against Spaulding. He was arrested on June 5.

### Georges Mills man for Domestic Violence

On May 29th, 2023 Sunapee Sergeant Nicholas Boisvert received a report of a domestic disturbance involving an intoxicated male subject at the Georges Mills Cottages. Sergeant Boisvert responded to the scene with the assistance of the New London Police. Subsequently, Matthew Aldrich of Georges Mills was placed under arrest for Domestic Violence Simple Assault, contrary which is a Class A Misdemeanor.

### Fentanyl arrest in Newport

Natasha L. Vuletich, 33, of Beech Street in Newport on a possession of fentanyl and para-fluorofentanyl mix charge on Nov. 29, 2022, in Franklin.

### Hillsboro man fails to register as sex offender

Richard Decosta of Hillsboro turned himself in at Police Headquarters on multiple arrest warrants for Violation of a Protection Order, Sex Offender Registration Failure to Comply, Possession of Controlled Drugs, and Failure to Appear in court for Driving Under the Influence.

### Sunapee man arrested for simple assault

On June 2nd, Sergeant Nicholas Boisvert was patrolling Sunapee Harbor when he noticed an uninspected vehicle parked near the covered bridge on River Road. While making contact with the vehicle operator, New London Dispatch advised Sergeant Boisvert that the vehicle operator had an active arrest warrant from the Lebanon Police Department for Simple Assault. Subsequently, Cabot Barnett of Sunapee was placed under arrest on his warrant.

### Newport woman's license suspended

On June 3rd, 2023 at approximately 19:34 hours, Sergeant

Nicholas Boisvert was turning right onto Route 11 from Seven Hearths Lane when he observed a vehicle traveling west on Route 11 with a defective brake light. Sergeant Boisvert stopped the vehicle near the Sunapee Highway Department. Upon speaking with the operator, Sergeant Boisvert discovered that the operator's license and registration were suspended. Subsequently, Meghan Pitts of Newport was placed under arrest through the issuance of a Must-Appear Citation, on the charge of Suspension of Registration. She was then released at the scene to a responsible party while her vehicle was towed.

### Hillsboro man accused of selling weapons

An Antrim Police Officer stopped Brian Sarabia for a motor vehicle violation with permission from a Hillsboro Officer under mutual aid. ## Music Director

### Washington Congregational Church Washington, NH

By the end of this summer, 2023, The Washington Congregational Church will be in need of a part time Music Director. The church is one of three historic buildings on the Washington Common. It boasts a small but dedicated congregation of 20 to 30 individuals attending the Sunday service in the colder months, and 30 to 50 attending during the warmer months. The choir has anywhere from 3 to 8 members also depending on the time of year. In the sanctuary are two instruments, a 1884 Estey pump organ and a Yamaha 5'8" piano. The church also has an up to date audio visual system which is utilized for zooming the service. The church has a full complement of two and four part choir music and has been utilizing both the Pilgrim and New Century hymnals.

**Job Description:** You can expect approximately four part-time hours a week. Choir practice is normally held for an hour before the Sunday service which occurs in the sanctuary year-round at 10:00. There is also a special Christmas Eve service. You will have first refusal to play for funerals, weddings, and memorial services, for which you will be given additional payment in accordance with church policies.

**Responsibilities:** Direct the choir • Play the piano (or organ) for the prelude, hymns, Doxology, and postlude. Occasionally guest musicians will play the prelude and postlude • Coordinate each Sunday's music with the Pastor for inclusion in the bulletin

**Salary:** Starting salary will be \$200 per week. Please check the church web site at <https://www.washingtonnh.org/home/pages/washington-congregational-church> and the Facebook page at Washington Congregational Church, UCC.
