Greenfield man dies in two-car Rte 9 accident

Tennessee driver crosses center line - both drivers died at the scene

New Hampshire State Police responded to a deadly head-on crash on Route 9 last Thursday morning.

Troopers said it appeared one driver was driving east and the other driver was driving west when they collided.

Police said Ratebuka Dieudonne, 34,

of Murfreesboro, Tennessee, was driving a Honda Accord east when it collided with a Honda CRV driven by Kent Vincent, 71, of Greenfield. Responding crews said the drivers in both cars were declared dead at the scene. No other people were in the vehicles.

Police said drugs and alcohol did not appear to be factors in the crash.

Numerous vehicles were trapped along Route 9 following the crash. State police opened up a lane shortly before 6 a.m. to let those drivers out. The cause of the crash is under investigation.

Deering turmoil continues as Town Administrator quits

Deering has had its share of controversy lately. First, Road Agent Brian Houghton resigned in the face of a letter to the Select Board, critical of his performance and demanding his resignation, signed by several prominent citizens.

Then, resident Tom Copadis resurrected the controversy of the resignation of former Town Administrator Julius Peel, allegedly because of micro managing on the part of the Select Board. Now, The Messenger has learned that Town Admin-

istrator Peter Flynn, hired to replace Peel, has also resigned during a closed door meeting with the Board last Tuesday. Few details are available, although Flynn confirms there was not screaming nor drama, it was just time for him to leave.

New London Select Board to meet with Police Station consultant at next meeting

New London Police Chief Emily Cobb informed the Select Board that she has spoken with Anthony DiLuzio from Collier who sent a scope of all the areas in which they could work side-by-side with the Select Board to accomplish the Police Station project. He will put together the pricing for their services based on how involved the Board wants Collier to be on the project.

Selectman Helm asked if

they would also help locate a suitable site. Chief Cobb stated that DiLuzio is willing to come to the next Board meeting and can look at potential sites prior to the meeting to make recommendations.

He can also facilitate forming a group to help manage the project. The next Board meeting will start at 4:30 to ensure enough time to have Collier report.

In other business, Town

Administrator Kim Hallquist stated that the budget review is set for October 27 which conflicts with the Colby-Sawyer Community breakfast that goes

until 10 a.m. It was decided that the budget review will start after breakfast. The budget will be to the Selectmen one week before the meeting and Ms.

Hallquist will highlight any significant changes from last year's budget. The schedule of order of the budget review has not yet been set for the day.

For your safety, drug take back day set

On Saturday, October 28, 2023 (between the hours of 10:00 a.m. and 2:00 p.m.) the Weare Police Department (144 North Stark Highway, Weare, NH) will once again serve as an official drop off station for The United States Drug Enforcement Administration Take Back Day! We hope our residents will take this opportunity to properly dispose of any unused or expired prescription medi-

cations. Unfortunately, far too many accidental poisonings and overdoses are attributed to leaving these medications out and easily accessible.

Please understand, the DEA will accept pills and patches but CANNOT ACCEPT liquids, needles, or sharps. Vaping devices and cartridges will also be accepted. However, the DEA CANNOT ACCEPT devices with lithium batteries.

The big moment: The ribbon-cutting ceremony for the Charger Athletic Pavilion at the Kelsey Athletic Campus! Thanks to Sally Shaw Veitch '66 for her immense support of Colby-Sawyer's athletic programs — her generous gift of \$1.5 million is what helped bring the pavilion to life!

Goffstown accident leaves man entrapped in vehicle for about 40 minutes

Goffstown Fire and Police responded to a report of an accident on Goffstown Back Road near Langan Drive with reports of entrapment. Responders were informed that the driver of the car was 18-years-old and was unconscious but breathing, and was entrapped in the vehicle. Firefighters immediately gave medical aid to the car's driver and began extricating using multiple hydraulic tools. A second ambulance was requested for mutual aid from Bedford for the driver of the other vehicle.

Initial information and evidence at the scene indicated that the car was traveling

toward Manchester, and the pickup truck was traveling toward the center of Goffstown. It appeared the truck crossed the center line, striking the car. However, this is based on initial information at the scene.

The man in the car was removed after about 40 minutes of extrication, and a trauma alert was requested for Elliot Hospital. As the ambulance was treating the man, his mother arrived at the scene and was able to speak to him in the ambulance.

Goffstown Police appeared to be initiating a roadside sobriety test for the driver of the pick-up truck. After a short

time, he was placed in the cruiser and awaited the arrival of the Bedford EMS personnel to evaluate him. He was trans-

ported to CMC and the police officer followed the ambulance to the hospital.

Goffstown Back Road was

closed for an extended time and opened to restricted travel while Goffstown Police investigated the accident.

It took rescue crews 40 minutes to extricate the driver from his car.

Beyond Belief: Spooky Storytelling at Weare Cemetery October 26th

If you visit the East Weare Cemetery on Thursday, October 26, after the sun sets (at 6:30), a portal to the beyond will open and you be transported to the realm of truth and deception. Local storytellers will gather and tell amazing stories of the supernatural. Your challenge is to uncover which of these tales are fact and which are fiction.

The event is inspired by the television anthology series, Beyond Belief: Fact or Fiction, which aired in the late-'90s and was hosted by Jonathan Frakes (better known as Star Trek's Will Riker). While speaking to a local historian, Library Director Clay Kriese got the idea for doing a Weare version.

"Last summer, Rudy Bourget was kind enough to give tours of the former East Weare Village to our patrons," said Kriese. "As fascinating as the real history was, he did add a few spooky tidbits –

strange things he personally experienced and, yet, could not explain.

"Later, we were chatting at the library, and he mentioned a few more tales that he had made up to scare boy scouts, and suddenly a vision of Jonathan Frakes popped into my head declaring, 'Yes, it happened!' and 'No, our writers made this one up!'

"My wife and I loved watching reruns of Beyond Belief. It was kind of like the Twilight Zone, but cheesier and full of bad puns. I thought, maybe we could do something like that at the library, or, better yet, in a cemetery!"

For this live version of Beyond Belief, Kriese is enlisting the help of anyone of any age who has a story that he or she would like to tell. "I'm just looking for short and casual narrations – a variety of real and unreal – scary and silly."

There are still openings.

If you have a story to share, call him at the library 603-529-2044 or email wearepl@comcast.net.

And, for the 26th, humans of all ages (living and otherwise) are invited to the spooky

and spirited evening at the East Weare Cemetery on 24 Buzzell Hill Road.

Beware! Such an outing may be a little damp, chilly, dark, and creepy. Dress accordingly, and consider bringing

your own blankets, seating, and flashlight. If it's raining, the gathering will take place at the library. "I think we'll have a good turnout," Kriese said. "After all, it being in a graveyard, people will be dying to get in."

The Antrim Historical Society sat down with these 3 veterans, Ted Brown, Steve Roy and Al Gould to tape an hour long interview about their military experience. The interview will be posted soon.

Hometown Heroes

Hillsborough Firefighters quickly extinguished the garage fire on Depot Street. No injuries were reported.

Newbury Fire Rescue trained on drafting water from Lake Sunapee with Engine 3. The crew practiced with hand lines and the truck mounted master stream deck gun. Since fires don’t occur frequently, Newbury firefighters continuously train with firefighting equipment to keep their skills sharp for when they have to respond.

Greenfield Firefighters were toned out for a lost hiker, and met the police, shortly joined by State Police and Fish and Game Officers. Shortly after their arrival they made contact with the lost individual, who made it out safely and uninjured! The hiker was prepared for hiking conditions, from hydration to food to a well charged cell phone.

New owners of the Hancock Inn take the Town of Hancock to court

The owners of the Hancock Inn have filed a suit against the Town's Zoning Board of Adjustment and the Town of Hancock. A hearing was scheduled for 2 p.m. on Tuesday, Oct. 17, at Hillsborough North Superior Court in Manchester.

Preti, Flaherty, Beliveau & Pachios of Concord is representing 33 Main Street.

The Hancock ZBA unanimously denied 33 Main Street's proposal for fencing in November 2022, and denied an appeal to the decision in February 2023. The suit alleges that "due to the influence of the Historic District Commission, the Zoning Board's decision on the proposed fence was unreasonable and unlawful," and makes the same claim regarding a previous proposal for a 6-foot brick wall. The owners complain

that the ZBA failed to review 33 Main Street's appeal to the HHDC "de novo," or "based solely on the Zoning Board's own assessment of the appeal, without deferring to be or being swayed or bound in any way by the HHDC's assessment and decision." The case cites state statutes which require that the Zoning Board consider appeals as a "fresh matter" without deference to the HHDC's decisions.

At issue is a proposed 6-foot-tall, aluminum, black-painted fence, which would enclose the back patio and back yard of the inn, replacing an existing wooden fence which is not historic. Representatives for 33 Main Street have argued that a black metal fence would blend in well with the property, while members of the Historic District Commission

have cited their concerns that a painted aluminum fence "lacks character," is not compatible with the existing metalwork on the inn and does not fit with the historic nature of the village of Hancock. The HHDC has suggested the inn use fencing similar to other styles on Main Street.

In previous meetings, HHDC members have stressed their responsibility to the people of Hancock, who place a high value on the historic character of the town, with the Hancock Inn as the oldest continuously operated inn in New Hampshire being of special concern. HHDC member

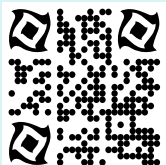

Jody Simpson noted in June that if one property on Main Street was permitted to have an aluminum fence, it would set a bad precedent.

The Hancock Inn has been closed since April 2022, when 33 Main Street bought the business from Jarvis and Marcia Coffin.

School Days

Kearsarge Regional Middle School fifth graders headed to YMCA Camp Coniston for a day trip for an extended school day. Students participated in canoeing, fishing, archery, pond life, disc golf, painting on canvas, and a bog walk. This trip aligns with their science standards about ecology and will provide some great team building for teachers and students.

NH author Ann Melim visited Mr. Ward's kindergarten class at Center Woods Elementary School in October. Her book, "Smokey Finds His Spark" was a hit with the kindergarteners. They also loved that an actual author came to visit them. Ann is the niece of Joey Slatem, who was affectionately known as Mrs. S to thousands of Weare students.

The Little Free Library at Weare Middle School is now open. This Little Free Library was built by recent John Stark Regional High School graduate Sophia Pollard's Capstone Project from material she recycled. Please swing outside the Cafe at Weare Middle School and leave a book/take a book. This Little Free Library will be registered with the international organization LittleFreeLibrary.org, so people everywhere will be able to locate it.

Windham man seriously injured in Henniker ATV rollover accident

On Sunday, October 15, 2023, at approximately 3 p.m. a NH Fish and Game Department Conservation Officer responded to an OHRV crash on Trail 16 (Mount Hunger at Morse Road) in Henniker.

Martin Boermeester, 61, of Windham, NH was operating his ATV up a steep rocky sec-

tion of the trail when the ATV lost contact with the ground causing the ATV to rollover.

Boermeester fell off the ATV and suffered injury to his back. There was also added concern for Boermeester as he was not wearing a helmet at the time of the crash.

Boermeester's riding

companion was able to call 911 for help which triggered a response by a NH Fish and Game Department Conservation Officer. Henniker Police Department and Henniker Fire Department responded

to the scene and transported Boermeester from the crash site on the trail to an awaiting ambulance on Morse Road, where he was then transported to Concord Hospital for further medical evaluation and

treatment. The NH Fish and Game Department would like to thank the Henniker Police Department and Henniker Fire Department for their quick response and assistance with the crash.

Sanborn gaming hearing postponed

Over the objection of Attorney General John Formella, a Merrimack County Superior Court judge ordered another delay of the hearing on whether to permanently suspend the charity casino license of former State Sen. Andy Sanborn.

While Sanborn had requested the hearing, his lawyer, former federal prosecutor Zachary Hafer, filed a motion objecting to the timing of the session.

"We disagree with the positions that the licensee takes in its filings. The office did appear

at the court hearing and objected to the licensee's request to delay the licensing hearing," said Attorney General's Office Communications Director Michael Garrity.

The lottery and AG charged that Sanborn lied on his application to obtain a COVID-19 relief loan from the U.S. Small Business Administration.

The state regulators have accused Sanborn of illegally spending the proceeds of the loan on three sports cars for his family.

Robert Howard Law Office Henniker, New Hampshire

I have enjoyed my practice in Henniker and the surrounding towns for many years. Lately, I have been focusing my efforts to maintain an office practice, such as real estate issues, estate planning and administration. I have been referring more complex matters to other firms for some years, such as criminal matters, divorces, and injury recoveries.

Alfano Law Office is a firm with offices in several towns and cities, including Concord. They have accepted my request to name them as "Of Counsel" to my practice, so that my clients can benefit from their expertise, if they choose. I receive no financial benefit for these referrals, but can be comfortable that my clients will be in good hands for matters requiring more work than I am willing to attempt. That being said, I hope to be available to my many clients for a long time.

Publisher's Perspective

It's Time To Reunite America

During this dangerous time of hate, division and suppression of thought, the United States must dedicate itself to the following principles:

1. Whatever color we are, we are all human beings who deserve the same rights and respect.

2. Christian, Jew, Hindu, Muslim, or Buddhist, we are all children of God.

3. America's strength is derived from the diversity of its races, cultures and customs.

4. If Democracy is to survive, a vigorous debate is required, but only if ALL opinions are allowed to be heard.

5. That Racism still persists in our country but, America has done more to promote racial equality and economic freedom than any other nation on earth.

6. Poverty and homelessness still plague us, but Americans are the most

generous people, as individuals and as a nation than any other country.

7. If the United States is so repressive and evil, why do millions of people line up annually to come here, legally and illegally.

8. There are no such lines seeking admission to Russia, China, or socialist countries.

9. Peter Jennings, Walter Cronkite, Chet Huntley and David Brinkley used to report the news objectively, allowing us to interpret the events ourselves.

10. That violent extremists from the left and the right, KKK, Antifa, Proud Boys and BLM, must be denounced.

Dear God, in the upcoming election, please bless, and unite America in this time of crisis, and protect us from those who seek to divide and destroy us.

Smith Memorial Congregational Church in Hillsboro is pleased to announce the new incarnation of the Open Door—down home music at Smith Church, 30 West Main St, Hillsboro NH (the church with the clocktower). The format will be somewhat innovative—acoustic, no sound system. We will make the setting more intimate by having performers not on stage, but the floor of the vestry, with the audience in a semi-circle surrounding. Performances will be the fourth Saturday of each month; thus, the inaugural will be October 28. Kickoff is 7pm. Light snacks provided. There will be no feature for the first one, but in future we hope to have features. The next dates are November 25 and December 30. The entry fee is a donation that will be going to a different charity. In October our donations will be for the Hillsboro Food Pantry. Our aspiration is to re-generate the spirit and energy of our heritage OD.

Pierce School students study Hawk migration

Pierce School students recently took part in a hike up Pack Monadnock to witness the annual hawk migration at the Miller State Park Observatory in Peterborough.

Pierce School students in grades three and four hiked up Pack Monadnock to observe a variety of day-active raptors - more commonly referred to as hawks - during the annual migration.

Every fall, thousands of raptors pass overhead Pack Monadnock on their way to southern wintering grounds. Harris Center for

Conservation Education Hawk Watch staff tally the birds as part of an international effort to monitor raptor population trends in the Americas. Thousands of visitors come to the observatory to witness the spectacle of the migration each year.

Spikol of the Harris Center assisted Pierce students in speculating and determining the various species they got to observe.

Grade four Teacher Valerie Germain, paraeducator Ashley Southard, grade three teacher

Jennifer Sutton and intern Amy Powell helped students complete the hike, be respectful birders and enjoy nature. Students felt a sense of pride throughout the day as they were active participants in the experience.

“Students showed great perseverance during times of adversity, being tired at times and pushed beyond their limits,” stated Principal Alisha Hansen-Proulx. “They demonstrated great behavior and built strong relationships throughout the day of outdoor learning!”

Hillsboro-Deering DECA observes Squirrel Awareness Month

Squirrels, those nimble creatures that tirelessly scurry up trees and hide away their precious acorns, are more than just cute little rodents.

They play a vital role in our ecosystem, and it's about time we shed some light on their importance. In honor of Squirrel Awareness Month, Hillsborough-Deering High School is taking the initiative to educate students about the fascinating world of squirrels with a project

entitled “Save Our Squirrels” from the school's DECA chapter.

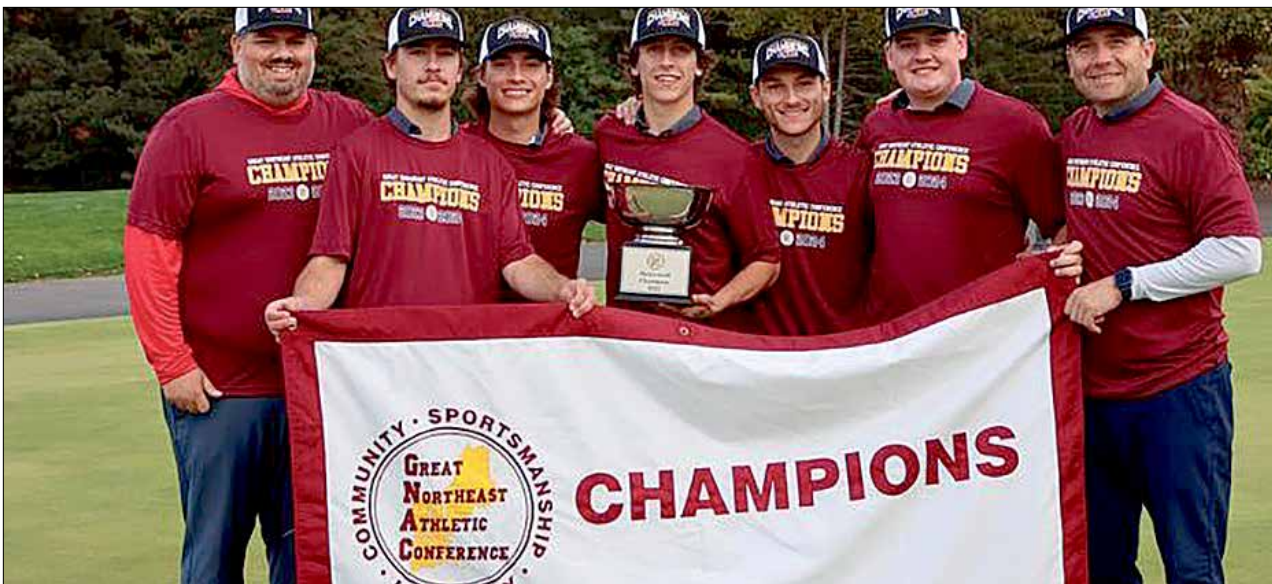

From their impressive adaptations to their contribution to forest regeneration, there is so much more to these furry friends than meets the eye.

Squirrel Awareness Month will be a time of exploration, learning, and appreciation. Throughout the month, students will have the opportunity to be educated in various activities, and presenta-

tions focused on squirrels and their habitat. Our dedicated environmental science teacher has already incorporated organized informative sessions to enlighten us about the diet of squirrels, their behavior, and their adaptation to different environments.

Understanding these small mammals' ecological significance is crucial to grasp the intricate web of interactions that sustain our ecosystems.

Driving on suspended license in Henniker

While on a NHTSA grant funded 2023 Drive Sober or Get Pulled Over patrol on River Road an officer observed a vehicle having difficulty maintaining lane control. A motor vehicle stop was conducted and it was learned the vehicle's registration and driver's license of the operator, Melissa Weston, 42, of Henniker, NH, were suspended. Weston also had an EBW from Hillsboro District Court. Weston was arrested and transported to the Weare Police Department for booking. A tow inventory was conducted on the vehicle and unsealed alcoholic beverages were found in the vehicle. As bail commissioners were unavailable, Weston was issued a hand summons with an arraignment date at Goffstown District Court for Weare and a Hillsboro District Court date for the EBW. The vehicle was towed from the scene.

Department for booking. McDonald was released on Personal Recognizance bail with an arraignment date at Goffstown District Court.

Manchester man clocked at 82 mph in a 50 mph

While patrolling South Stark Highway an officer observed a vehicle traveling in the opposite direction passing multiple vehicles in a legal passing zone. The passing vehicle was traveling 82 mph in a 50 mph zone. The officer activated the emergency lights to initiate a motor vehicle stop but the vehicle did not stop. The officer did not engage in a high speed pursuit but did turn around in an attempt to locate the vehicle. The officer was flagged down by a motorist advising him of a crash near Maplewold Road. The officer located the vehicle in a ditch at the intersection of Maplewold Road and South Stark Highway. The male operator, Chad Mossey, 28, of Manchester, NH, admitted to trying to turn onto Maplewold Road at 65 mph. It was determined Mossey was attempting to elude police. Mossey was arrested and transported to the Weare Police Department for booking. Mossey was released on Personal Recognizance bail with an arraignment date at Weare Police Department. The vehicle was towed from the scene.

DWI on motorcycle going 71 mph

While patrolling Concord Stage Road an officer observed a motorcycle driving 71 mph in a 50 mph zone. A motor vehicle stop was conducted. Officers spoke with the operator, Vincent Bailey, 19, of Dunbarton, NH and suspected he was driving under the

influence of alcohol. Bailey was arrested and transported to the Weare Police Department for booking. Bailey was released on Personal Recognizance bail with an arraignment date at Goffstown District Court. Bailey was released to a sober adult.

Manchester man arrested on bench warrant

Weare Police responded to Autumn Hills Campground for an unwanted subject. Prior to arriving officers were alerted the suspect, Montgomery Proulx, 34, of Manchester, NH, had an EBW from Manchester District Court. Proulx was located at the campground and arrested. Proulx was transported to the Weare Police Department for booking, released on Personal Recognizance bail and provided with an arraignment date at Manchester District Court. No criminal charges from WPD.

Weare Police responded for a BOLO

Weare Police responded to South Stark Highway for a BOLO (be on the lookout) from Dunbarton Police for a vehicle that failed to stop for that Agency. Officers located the vehicle as it was pulling into a residence on South Stark Highway. Officers were advised in the BOLO of the identity of the two people that were in the vehicle. Officers knew the female, Veronica Paris, 38, of Weare, NH, had a suspended driver's license and three active EBWs. The officers observed the sole occupant (operator) exit the vehicle. Officers made contact and identified her as Paris. Paris was arrested and transported to the Weare Police Department for booking. Paris was released on Personal Recognizance bail with an arraignment at Goffstown District Court.

Man has license & registration suspended

While patrolling South Stark Highway at the intersection of South Stark Highway and Dustin Tavern Road a vehicle failed to stop, properly ensuring the roadway was clear to enter. The officer had to abruptly stop to avoid a crash as the vehicle crossed in front of the cruiser. A motor vehicle stop was conducted. It was discovered the operator, Jaiden Boyle, 23, of Concord, NH, had a suspended driver's license and the vehicle's registration was suspended. Boyle was issued a hand summons in lieu of arrest with an arraignment date at Goffstown District Court. The vehicle was towed from the scene.

Weare man violated his restraining order

Weare Police responded to a health welfare check for Troy Hurlburt, 29, of Weare, NH. Officers advised Hurlburt of two addresses of which he was not welcome. Hurlburt stated he had no intentions of going to either place. Officers ended their contact with Hurlburt. Police were later notified of Hurlburt's arrival at one of the addresses after being advised. Hurlburt was arrested and transported to the Weare Police Department for booking. Hurlburt was released on Personal Recognizance bail with an arraignment date at Goffstown District Court.

New London man tampers with witness

Mikiko McGee, 58, of Stoney Brook Road in New London was charged with felony tampering with witnesses and informants. She was accused of attempting to induce another woman to disclose to police that she was the aggressor in a domestic violence dispute with a man in New London.

THE ORAL SURGEON

Dr. Esin Narli

Q: What is an oral surgeon?

A: An oral surgeon is a dentist who specializes in performing surgery in the mouth and on the face, especially in the area of the upper jaw. This is why oral surgeons are also called maxillofacial surgeons. The oral surgeon is one of the numerous specialists that exist within the general practice of dentistry.

Specialists complete the training that all dentists get, but then go on for several more years of education and training to learn a specialty. There are, for instance, dentists who specialize in treating the pulp of the tooth — endodontists, those who specialize in the use of appliances — the orthodontist, and so on.

The most likely circumstance under which your dentist might refer you to an oral surgeon would be for removal of an impacted wisdom tooth. Your wisdom teeth are the last ones in the back of each group of molars. It is not uncommon for these teeth to be crowded and not erupt fully or properly. An impacted wisdom tooth can cause a painful infection. Surgical removal may be required.

An oral surgeon may also be called in to treat a facial injury from, say, an automobile accident or some other trauma. He is also the specialist you might turn to for correction of a congenital facial malformation. Talk with your dentist about the various areas of dental specialty.

TAKE YOUR MEDICINE

BY SARAH CHAPIN

Findings from a Johns Hopkins Medicine research study published in *JAMA Network Open* provide strong evidence that women who are pregnant and have been infected with SARS-CoV-2 (the virus that causes COVID-19) can safely take the antiviral drug Paxlovid to reduce the possibility of severe disease. Paxlovid is an investigational agent (still under study) being used as a treatment for patients with mild-to-moderate COVID-19. It consists of two medicines: nirmatrelvir, an antiviral agent that inhibits a key enzyme that SARS-CoV-2 needs to reproduce infectious progeny, and ritonavir, a drug that enhances the action of nirmatrelvir by keeping it longer in the body. In December 2021, the U.S. Food and Drug Administration authorized the emergency use of Paxlovid for adults and children age 12 years and older infected with SARS-CoV-2 and at high risk for progression to severe COVID, including hospitalization and death.

In a recent meta-analysis published in the *Journal of the American College of Cardiology* researchers systematically reviewed a total of 884 studies available to date on micronutrients taken as dietary supplements and analyzed their data. They found strong evidence that several offered cardiovascular benefit. These included omega-3 fatty acid, which decreased mortality from cardiovascular disease; folic acid, which lowered stroke risk; and coenzyme Q10, an antioxidant sometimes marketed as CoQ10, which decreased all-cause mortality. Omega-6 fatty acid, L-arginine, L-citrulline, Vitamin D, magnesium, zinc, alpha-lipoic acid, melatonin, catechin, curcumin, flavanol, genistein and quercetin also showed evidence of reducing cardiovascular risk. Not all supplements were beneficial. Vitamin C, Vitamin D, Vitamin E and selenium showed no effect on long-term cardiovascular disease outcomes or type-2 diabetes risk. And beta carotene supplements increased all-cause mortality.
