Two accidents stress Sunapee Responders

Sunapee Police, NH State Police & New London Ambulance provide assistance

Sunapee Fire, Sunapee Police, and New London Ambulance were called to the intersection of High Street and Edgemont Road for a motor vehicle accident involving a motorcycle.

Sunapee Fire Chief John Gallo-way was coming up Edgemont Road towards Newbury at the time of the accident. He arrived on the scene immediately, and reported a car vs motorcycle with the motorcyclist down

in the roadway with serious injuries. The driver of the car did not sustain any injuries.

Crews from Sunapee Fire and New London Ambulance treated and managed the injuries they could on the scene. Soon, New London Ambulance 5, with Sunapee Fire personnel on board, transported the patient to Dartmouth Hitchcock with serious injuries.

While Sunapee Fire and Police were

still on scene, a second motor vehicle accident was toned out on Springfield Road by the Exit 12A on-ramp at 11:03. Sunapee Fire and Police then released some units from the first accident so they could respond to the second one.

Upon arrival at the second accident, crews found a two-car motor vehicle accident. Luckily, the second accident was minor, and there were no injuries.

Newbury Town Administrator Search Committee needed

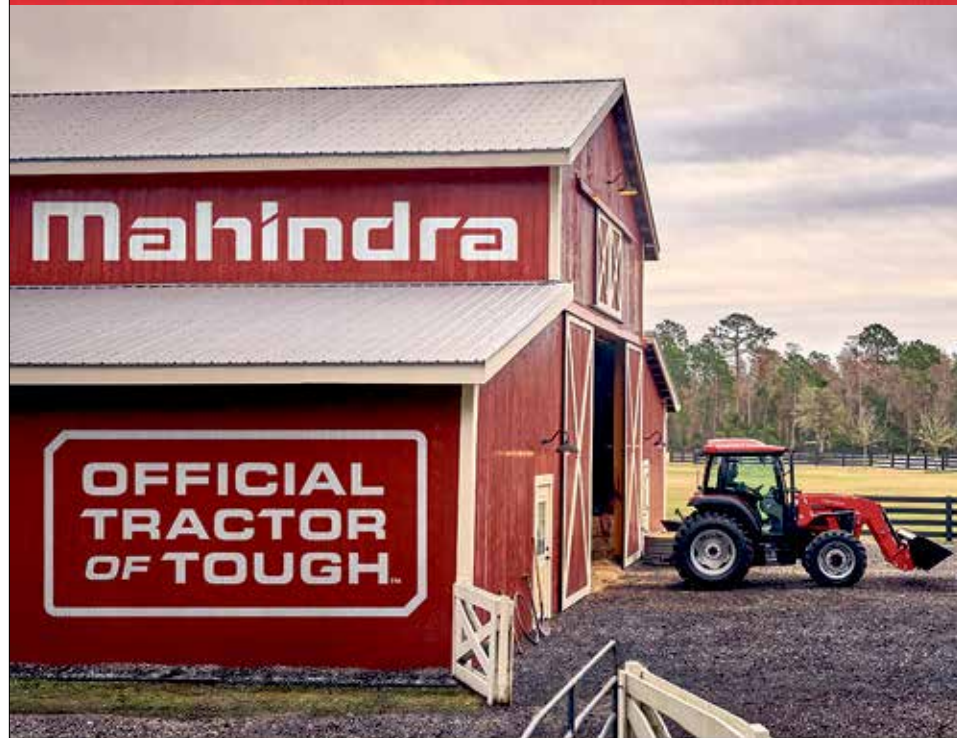

The Newbury Select Board recently discussed the need for a Town Administrator Search Committee. Joanne Lord said she would like it to be department heads. Kristen Schultz said that before the Board thinks about the composition

of a search committee they would be best served to outsource to someone who is experienced in recruiting and hiring.

Schultz said possibly looking at local recruiting and hiring talented people with experience to see if they can come up with

a plan to propose to the full Board for consideration. She said someone should be in charge of pulling in the applications and the resumes, and working with the committee. This would all be subject to Board approval.

Hillsborough Planning Board approves Aroma Joe's, 2nd cell tower and vehicle storage

The Hillsborough Planning Board dealt with a full agenda on August 7th, with several hearings extending past 10:00 p.m.

Francis Parisi, representing Vertex Towers, LLC presented the company's request to construct a 2nd cell tower at the Edwards gravel pit on Route 31.

The property is in excess of 50 acres but the tower would occupy only a 58' x 58' fenced-in area. In order to comply with the

town's Zoning Ordinance, Vertex would require two waivers:

1. A waiver from the ordinance's 90' height line, allowing the company to construct a 126' tower, and;

2. A waiver requiring that all such towers be camouflaged to hide their appearance. Vertex proposes construction of a 126' monopole tower hosting both Verizon and T-Mobile transmitters.

Parisi stressed that this tower

would be identical to the previously approved tower off Myrtle Street Extension. If approved, construction on both would start shortly.

At the conclusion of the required hearings, the Board granted the Waivers, a Conditional Use Permit and the Site Plan application, allowing the project to move forward.

John Conan of Fieldstone Land Consultants, representing Avanru Developers, was back

before the Board requesting a Waiver, Site Plan Approval, and Subdivision Approval.

The Waiver is required to allow an Aroma Joe's to be built on a lot which contains less than 40,00 sq. ft. of buildable area. If the proposed Site Plan is approved the Aroma Joe's lot would contain only 26,000 sq. ft. because of the large wetlands on the property.

If the Subdivision is approved, the Aroma Joe's lot

would contain .95 acres and the upper lot would contain 1.2 acres. In the end, all requests were approved.

Joseph Kelley, Jr, owner of Kelley's Auto appeared to request his previously approved Site Plan be amended to allow construction of a 30' x 50' building to store vehicles.

He was granted permission with the understanding that the building was for storage, not repair of vehicles.

Natalie Wells (R-Warner) joined the Hillsborough Area Republicans' breakfast last Friday. She is seeking to return to the NH House representing Bradford, Warner and Henniker.

Francis Parisi explains Vetted Towers' need for waivers.

ADDING STYLE TO YOUR KITCHEN

By: Joyce Bosse

In today's homes, kitchens serve a multitude of purposes beyond being a space to whip up a meal. They're the heart of your home; the command center; the family gathering spot. So it's no wonder why kitchens are where homeowners invest their renovation budget and why homebuyers pay a premium for an updated look. And savvy design professionals agree: spicing up your kitchen with stylish, timeless and natural materials, like cypress, is a recipe for success.

Nowadays, homeowners are mostly looking for open concept floorplans with kitchens that open up to living and dining rooms. And because there's less available wall space, there are fewer upper cabinets. To compensate, modern kitchen layouts feature expansive islands with seating and storage, a pantry for canned and dry goods, and a butler pantry to hide away less frequently used items.

Once the layout is determined, the next step is selecting building products and finishes. Many homeowners gravitate toward light and natural materials, and products like real wood are just more beautiful. A wood like cypress is stable and durable, with unique charm.

When it comes to choosing cabinetry, it doesn't take long to notice the difference between cabinetry that's built with solid wood and what you can find at the big box stores.

Homeowners value the natural character and quality of solid wood cabinets. Selecting a finish can be tricky. Painted cabinets seem to be all the rage these days, but a natural wood finish is tasteful and timeless.

A wood plank ceiling treatment will add visual texture and aesthetic warmth.

Deering & Hillsborough men charged with possession of child sexual abuse images

A 69-year-old Hillsboro man was arrested on charges including possession of explosives and manufacturing child sexual abuse images.

Maurice Morissette (L) was taken into custody following the execution of a search warrant at his Winter Road residence in the Emerald Lake area on August 8th.

The raid was the result of an investigation that involved multiple law enforcement agencies.

Collaborating on the case were the Internet Crimes Against Children Task Force, New

Hampshire State Police Bomb Squad, Hillsborough County Sheriff's Office, and the Antrim Police Department.

Morissette, who is now facing charges of possession of explosives, manufacture of child sexual abuse images, and possession

of child sexual abuse images, was held at the Hillsborough County House of Corrections.

He is awaiting arraignment, the timeline for which has not been disclosed.

Officials have not released further details about the investigation or the circumstances leading to his arrest.

The case is ongoing, and additional information is expected to be provided as the legal process advances.

In Deering, on August 7th as part of an extensive and ongoing investigation conducted by the

Hillsboro Police Department, a search warrant was conducted at a residence located on Deering Center Road in Deering.

The homeowner, 37-year-old Marcus Baucom (R) was charged with 5 counts of Possession of Child Sexual Abuse Images.

Agencies assisting in the investigation included the Internet Crimes Against Children Task Force (ICAC), Hillsborough County Sheriff's Office, Antrim Police Dept., and the Deering Police Dept. The defendant will be arraigned before the court at a later date.

Newbury Select Board discusses the expenses and budgeting of the K-9 program

Newbury Police Officer Fisher spoke to the Select Board about the K9 budget line. Fisher said the line item is listed as K9 Insurance, which was a miscommunication that happened at the January 2023 Select Board meeting. Fisher asked that it be changed to be used for any expenses to the K9 program. Fisher said he

does not do anything without the approval of the Chief. Fisher said the dog is currently the property of the Town. Fisher said there is a contract with the Town that states if something happens to Officer Fisher or he leaves, the dog will come to him or his wife.

Board Member Joanne Lord said she doesn't think they should

pay for the dog to be boarded when Fisher is on vacation; she agrees with the insurance and other needs to do the K9's job. Fisher read the minutes from October 2020 when it originally stated the Town would be budgeting in 2022 and add \$2,500 for the K9 expenses, but, currently the Town has not paid

any expenses for the dog. All monies have been coming out of the donations for the K9 which is now overspent.

Board Member Wheeler said anything to do with the budget should go through the Chief. Lord said she needs more detail. Fisher said if he narrows it down for equipment and boarding

and then a specialized training comes up, he would have to come back to the Board for approval. Wheeler said he has no problem changing the line item.

Wheeler said between the Chief and Officer Fisher they can discuss and pay what is necessary, and the line item can be changed from insurance to expenses.

DENTAL CARE DURING PREGNANCY

Dr. Esin Narli

Q: Should pregnant women avoid the dentist until after delivery?

A: Pregnancy is a joyous time. Let your dentist know about your pregnancy at the first opportunity. One of the best things a pregnant woman can do for both herself and her baby is to continue regular dental visits. For one thing, bacterial infection in the gum – gum disease – could affect the placenta, the organ that links the fetus with the mother’s uterus. There has been some concern over the years about a link between periodontal infection (gum disease) and pre-term, low-birth-weight babies.

A woman’s body functions change significantly during pregnancy. Fluctuation in estrogen and progesterone levels and hormonal changes can affect the body’s response to the bacteria, mentioned above, that cause gum infection. So the need for dental care during pregnancy actually increases. And knowing of your condition will affect the decisions the dentist makes regarding the use of certain sedatives, like nitrous oxide, and prescriptions he may recommend.

At some point during a nine-month period, most adults would be due for one of their six-month visits to the dentist. And as your obstetrician or general physician would tell a mom-to-be, the best way to keep an in-utero baby healthy is to keep mom healthy. Talk with your dentist for more information.

TAKE YOUR MEDICINE

BY SARAH CHAPIN

A new study has identified a compelling link between vitamin B12 deficiency and chronic inflammation, which is associated with a range of health problems including cardiovascular disease, diabetes, and neurodegenerative disorders. Published in the *Journal of the Science of Food and Agriculture*, the research examined the effects of circulating B12 concentration on the levels of two key inflammatory markers. Vitamin B12, an essential nutrient with roles in various physiological processes, is known to be critical for overall health. Its deficiency can be the result of dietary insufficiency, particularly in vegetarian and vegan populations, or inefficient absorption in the body. This can lead to a range of complications, including neurological disorders.

• • •

Terminating metformin treatment was associated with increased dementia incidence in new study published in *JAMA Network Open*. This finding provides additional evidence that metformin is associated with reduced dementia risk.

• • •

Knee and hip replacements are increasing globally due to an aging population. In the United States, the number of patients needing a joint replacement will exceed 2.7 million in the next 7 years. Post-surgery infections, while rare at 1-5% of patients, result in high patient morbidity and mortality. An antibiotic, cefazolin, is used at the time of surgery to prevent infection. Vancomycin is a commonly used antibiotic for MRSA (methicillin resistant *Staphylococcus aureus*.) Some centers have adopted the practice of giving both cefazolin and vancomycin to prevent infections, despite the lack of clear benefit. Now a clinical trial published in the *New England Journal of Medicine* has found that the addition of vancomycin did not protect against infection and may have led to more infections and more adverse reactions for the patients.

Andover Select Board approves repairs for the Cilleyville Bridge

Town Administrator Hilliard informed the Andover Select Board that there are photos at town hall of the Cilleyville bridge showing the damage done over the past two years. Erosion is pushing the bridge foundation.

The bridge has settled, which is changing the slope in a downward direction. The bridge is twisting from the beams underneath being pushed by the water.

A grant was provided in 2003 to fix the bridge, but it was not fixed correctly. There has been no maintenance on the bridge since it was fixed in 2003. There are some state funds through the moose plates that could be accessible. However, once applied, the project gets put on a waitlist. The deadline has passed for this currently.

The bridge needs to be

lifted to prevent further damage. It would be lifted straight up to work on the abutments. Drainage will need to be added to prevent this type of damage from happening in the future. The drainage cannot be addressed until the bridge is raised.

Selectman Carter knows someone who can complete the project in about two months for \$100,000. An RFB would need to be put out. It would be about \$42,000 for cribbing but could possibly be done for less.

To prevent further damage, the bridge would need to be raised. It would be okay to keep the bridge raised throughout the winter. The bridge is currently insured for an unknown amount. The bridge is historic. It is not insured for what it is valued for.

The selectmen agreed that this project would need to

follow the appropriate steps and go to town meeting. If approved, the bridge would be lifted as soon as possible. The future plan for the bridge is that it would remain a footbridge.

The Conservation Commission could be involved to beautify the area once the project is complete.

Selectman Stewart motioned to follow the process and bring

this project to town meeting in the spring. Chairman Swenson seconded the motion. All members were in favor. Selectman Delaney was not present during the motion.

The Newport Fire Department conducted pump and water flow training.

It was standing room only at the August 12th Henniker OHRV Committee meeting.

Henniker reviews OHRV use on Class 5 & 6 roads

The Henniker Community Center was packed as the town's OHRV Committee reviewed the ATV-UTV use of Class 5 & 6 roads in town.

Christopher Woodbury, a member of the Contocook Valley ATV Club, urged the committee to recommend that the Select Board maintain the current policy, citing the economic benefits riders bring to town. He acknowledged that noise, dust and disrespectful riders can be a problem, but stressed that most ATV-UTV riders are responsible citizens. A few residents who live on heavily traveled routes complained of the excessive noise and dust. Jennifer Mccourt, who lives on one of those roads,

said that pick-up trucks generate more noise and dust than the ATVs.

Steve Avery was the only one who offered a solution. His three-part suggestion included:

1. Open more road so that not all riders use the same routes.
2. Enforce a 10 mph speed limit for ATV-UTVs on those roads.
3. Require stock exhausts to reduce the noise.

He was treated with applause. At the conclusion, the Committee neither discussed nor voted on the subject, but adjourned to its next meeting in October.

Bar Harbor awards employees who embody bank's core values

Bar Harbor Bank & Trust recently announced the winners of the Bank's Brand Behavior Awards, which recognizes employees who demonstrate behavior that exemplifies the Bank's core values. Employees were presented with awards for communication, initiative, positivity, professionalism, quality, and teamwork. Employees are nominated for a Brand Behavior Award by their peers, and the winners are selected by an anonymous committee comprised of employees. The awards are presented twice a year. The Brand Behavior Award Winners for the first half of 2024 are:

Beth Zullo — recipient of the Positivity Award, which recognizes employees who create a rewarding and exciting place to work. Zullo is Branch

Relationship Manager, has been with the Bank for 19 years and manages the Bank's location in Sunapee, New Hampshire.

Nancy Silva — recipient of the Quality Award, which recognizes employees who ensure the Bank adheres to the highest quality standards. Silva is Vice President Wealth Manager at Bar Harbor Wealth Management, joined the organization in 2022 and works in Peterborough, New Hampshire.

Nicole Bunker — recipient of the Teamwork Award, which recognizes employees who build great teams to make positive things happen. Bunker is Customer Service Center Team Lead, has been with the Bank for seven years and works in Newport, New Hampshire.

Renovation and repurposing of the Stevens Mills brings new life to downtown Franklin

The once empty and abandoned Stevens Mills off Central Street in downtown Franklin have been repurposed and restored into a mixed-use collection of residential, commercial and green space for residents to enjoy. After the renovation by Chinburg Properties, Stevens Mills consists of 153 apartments, a gym, hairdresser, brewer, and

common spaces.

Doors opened to their first wave of residents in February and construction on the final building was finished in early August.

The apartments, a mix of studios, one bedroom and two bedrooms – are all leased.

Rents start at \$1,295 for a 290-square-foot studio and goes

up to \$2,895 for a two-bedroom, two-bathroom apartment just under 1,200 square feet.

All utilities except electricity are included. Tenants also have access to the gym, the ability to rent common spaces and store

bikes for free. Storage lockers are available, and pets are allowed with additional monthly fees.

The state's Invest NH program, created with federal American Rescue Plan Act money, contributed \$3 million to the

project. Out of the 153 units, 31 will be income-restricted, meaning residents must make 80 percent or less of the area median income – which is \$92,100 for a family of four in Merrimack County.

Henniker OK's \$10,730 for life-safety kits

Henniker Rescue Chief Greg Aucoin presented the Select Board with a request for ARPA funds for life safety kits. These kits include supplies that are essential in the first few minutes of an emergency.

They would be registered on the state registry for use in an emergency nearby.

The Rescue Squad would provide training to town employees for the use of these kits. The maintenance of these kits is low and would be covered in

existing budgets. The 8 kits for 8 town of Henniker buildings would have a total fiscal impact of \$10,720.

The Board voted to allocate \$10,720 of ARPA funds for the AED first aid kits for 8 town buildings.

TA Kendall informed the Board that about \$67,000 of ARPA funds need to be obligated by the end of the year. Suggestions will be coming up, including a radar speed sign for \$3,000 - \$4,000.

The renovated and restored Stevens Mills.

David Trumble seeking State Senate District #8

Hi! I am running to be your state senator because we need the state to contribute more to the funding of public education, a path to reduced property taxes, ensure individual rights, and an environment and economy which enables young people to stay and live in New Hampshire.

I appreciate the opportunity to introduce myself to the readers of the Messenger and the voters of Senate District 8. District 8 is composed of 20 towns from Charlestown and Claremont along the Connecticut River all the way to Weare and Dunbarton, which are part of the Merrimack River Valley. It is a large district of mostly rural towns that needs a strong voice for our public schools, our economy, and our natural environment.

I am a husband and father of two. My wife and I live in Weare where we built our home and farm. I have been an organic farmer for almost 40 years and have coached youth sports and robotics for over 15 years. I helped found and am still an active member of a multi-farm cooperative that has been in business for over 20 years.

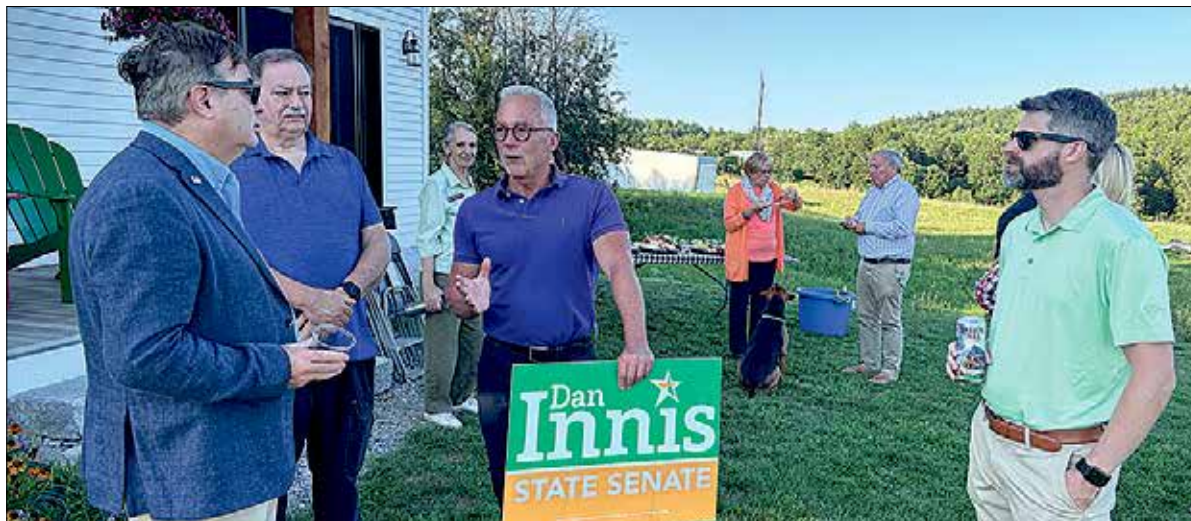

As mentioned, I am running for office to be a strong voice for three things. First, the state should contribute

more to funding the public schools. Although the State has the Constitutional obligation to fund the public schools, it provides less than 30% of the funds. This is the lowest percentage of any state in the US. This places the burden on the local property tax payers. The local property tax is at a breaking point. More state funding for public schools would guarantee every child the opportunity for a great education, provide property tax relief, and allow towns to ensure that other important services like fire departments, highway departments and libraries can do their important work. Second, I support strong individual rights. These include reproductive freedom, LGBTQ+ rights and voting rights.

Third, we need to keep New Hampshire a place where our young people want to stay and live. This means paying attention to issues of significant importance to them, including job opportunities, affordable housing, accessible and reasonable cost child care, health care and mental health care for all, climate change and promoting tolerance. As your advocate I commit to strengthening the education system for our children, pioneering property tax reduction and making NH a place where our children can grow, work and play.

David Trumble

Sunapee Police arrest Northfield teen for Felony Reckless Conduct

On July 26th, Sergeant Nicholas Boisvert and Officer Nicholas Henault of the Sunapee Police Department responded alongside the Sunapee Fire Department and New London Ambulance to a report of a single motor

vehicle accident with injury in the area of 180 Ryder Corner Road. Responding units located a single vehicle rolled over onto its roof with heavy damage. Ultimately, two patients with serious injuries were transported by New London Ambulance to Dartmouth Hitchcock Medical Center.

The initial investigation determined that the vehicle was traveling east on Ryder Corner

Road when it went off the roadway and rolled onto its roof. The vehicle then skidded for approximately 200 feet before coming to a rest in front of 180 Ryder Corner Road.

On August 9th, 2024, a warrant was issued for the arrest of

the vehicle operator, identified as Mackaidan C. Decato (18) of Northfield, NH on the charge of Reckless Conduct, which is a Class B Felony.

On August 10th, Decato turned himself in at the Sunapee Police Department to

be booked and processed per department policy. Decato was bailed and released on Personal Recognizance at approximately 12:00 hours with an arraignment date of October 1st, 2024 at the 5th Circuit Court in Newport, NH.

Two people were seriously injured in this rollover.

Teachers from across SAU19 met at Goffstown High School recently to experience and plan for the utilization of math instructional strategies from the book "Building Thinking Classrooms." Thank you to the dedicated teachers who participated.

Delivering the American Dream. Let us build one for you!

Warner program on “The Unbroken Code”

In Europe during WWII, the enemy repeatedly intercepted and deciphered secret codes the Allies used to communicate with one another. It was growing impossible to take the enemy by surprise, and the Allies were running out of ideas for new codes.

Then the U.S. military resurrected a foolproof solution used during WWI - Native American languages.

In 1940, the US Army recruited Native Americans from several different tribes and languages to become Code Talkers. The Comanches, who served in the European theater, used their language to help the Allies win key battles, which provided a turning point in the war.

In 1942, the Marines recruited 29 Navajo Code Talkers from Arizona, who quickly developed and memorized a unique military code using their mostly unwritten language. This turned out to be the largest code-talking program in the U.S. military, and was used in the Pacific theater in radio communications. These

brave Navajo Code Talkers risked their lives to relay and translate secret messages in order to help bring an end to the war against the Japanese.

Chester Nez, one of the original Navajo Code Talkers, told his story to author Judith Avila. Their award-winning memoir, *CODE TALKER: The First and Only Memoir by One of the Original Navajo Code Talkers of WWII* is also a best-seller.

Judith Avila will discuss this story in detail at the Warner Town Hall on Wednesday, August 21, from 6:30-8 p.m. She will be accompanied by Chester's grandson, Latham Nez, who will answer questions.

Hillsborough History Comes Alive again

Please come out and join us on Jones Road from 10:00 a.m. to 3:00 p.m., August 17th and 18th for an immersive experience in History. You will be treated to live demonstrations on cooking, making apple cider, drawing with Marek Bennett, and camp life of soldiers from all eras. While there, witness a live battle and feel the thrill of hearing the cannons echo across the valley.

For the kids we have 18th century games, a marching lesson, and gold panning. We look forward to helping you find

your way back in time.

We will have lunch for purchase and T-shirts to commemorate the event. Cash is preferred.

Admission for both days is only 10 dollars, 8 dollars for seniors, and kids 16 and under are free with adult admission!

Francestown Police & Planning Board staffing

Police Chief Fred Douglas went before the Francestown Select Board to discuss staffing concerns with the Police Department. Chief Douglas spoke at length to the issues revolving around retention and recruitment of police officers locally, state-wide and nationally.

Town Administrator Jamie Pike reviewed the financial implications of adding a second full-time officer. Annually the increase would be approximately \$80,000 or 4% of the Town's annual operating budget. The cost of adding a 2nd full-time officer this year would be approximately \$36,400 from September 1 through December.

The Board also discussed the functions of the Administrative Coordinator Position needed for the Planning Board

with Chair Gerri Bernstein. The primary functions would be the receiving and processing of applications, preparation and distribution of notices, fee collection, and meeting minutes preparation. Ms. Bernstein also highlighted the need of the coordinator to keep track of certain dates for applications, with a focus on future follow-up for compliance hearings, etc. Ms. Hardwick explained that the Conservation Commission is seeking assistance primarily in record keeping and file maintenance. It is expected that the position would also prepare minutes during absences of the Conservation Commission Clerk. Mr. Pike will complete the job description and bring pricing for advertising for the next meeting.

MICKEY: 1.5 yr old, male mouse - Mickey is an adorable and friendly little mouse. Despite his small size, he has a big personality! He enjoys exploring his surroundings and is quite curious about new things. Mickey would thrive in a home where he can receive plenty of interaction and mental stimulation. He does well in a mouse-friendly enclosure with plenty of hiding spots, toys, and opportunities for climbing.

AXEL
Mixed Breed (Medium)/Collie, Border Male, 40.2 lbs, 1Y/9M/OW. Looking to add an active, adventure loving boy to your life? Being still a young guy, Axel has plenty of pazz and eagerness to please when he has the right guidance. He is an extremely loyal boy who thrives to protect and keep his humans safe, all packaged in a petite little 45 lbs. body. Once he's built some trust with you, Axel loves going for nature walks and he also LOVES a good game of fetch! He's still working on his leash skills. He would benefit from catch up on his manners.

COCO
Almost 2 yr old, SF, New Zealand mix rabbit - I'm looking for a forever home with humans who understand that bunnies are not just pets, but cherished family members. A spacious enclosure with plenty of room to hop and play would be perfect for me. I'd love a family who will shower me with love, attention, and of course, tasty treats! Bonus points if you have a sunny spot where I can bask in the warmth of the sun. Are you ready to add a little sweetness and sass to your life? If you think we'd make the perfect match please visit MHS open hours!

LARRY: 15 yr old, NM, DSH. Meet Larry, a distinguished dark brown tiger who is seeking a loving home to enjoy his golden years. This sweet, gentle old soul is looking for a cozy bed and a good daily meal to keep him comfortable. As a medical cat, he requires daily medication and bi-annual check-ups with his vet. Despite his age and health needs, Larry has a lot of love to give and would make a wonderful, affectionate companion for a caring family. If you have a warm spot in your heart and home, Larry is ready to fill it with his gentle purrs and quiet presence.

PENNY: Penny is a 12 month old spayed female. She is a charming girl with lots of energy. Once she gets to know you, she'll be a lap lizard. This sweet little girl had a very rough start to her life. She came in thin as a bookmark. We are looking for a home where she can play and snuggle with her owner.

Getting better and better

Obituaries: Friends & Neighbors Remembered

Susan Montrose Bouley

WASHINGTON - Susan Montrose Bouley. Sue passed away peacefully on August 1st 2024 in her home in Washington surrounded by family and friends. Sue was predeceased by her parents and her beloved son, Kyle Endreson. She is survived by her devoted loving husband, Richard Bouley; her loving daughters, Sabrina Durgin and Tessa Hacket; her grandchildren, Nadja Endreson, Miles Measure, and Franky Kinsherf. Burial will be held at the cemetery on Faxon Hill Rd., Washington NH on August 18th at 12:30. A celebration of life will be at Nancy Curran's, 50 Stoddard Point Way, Washington. All are welcome.

Michelle M. Tilton

ANDOVER - Michelle M. Tilton, 55, passed away at her home on August 2nd after a courageous battle with cancer. Michelle was born August 3, 1968, in Newton, MA to Thomas Bowen and Janet (Baker) Davis. She is survived by her husband Michael R Tilton and four children who were the light of her life and her greatest joy: Craig Moses, Angie Paul of Tilton NH, Shawna Theis, Joe Theis of Salisbury NH, Derek Clark, Kelly Clark of Tilton NH and Kyle Tilton, Crissa Tilton of Eolia, MO. She was a loving

grandmother/Mimi to Logan, Annabella, Salem, Danielle, Madison and Chase, these were her most precious people in her life. She is also survived by her brothers Tommy, Levi and her sister Georgette, and many wonderful nieces, nephews and cousins. She was predeceased by her father Thomas Bowen, mother Janet Davis and a brother Billy.

William Carr

HENNIKER - William (Bill) Carr died on July 31st at age 72 after a year-long battle with cancer. Bill is survived by his wife of almost 31 years, Karin Carr; his only brother, Robert Carr and his wife, Carole Carr and his two daughters, Allie Walsh and her husband, Jim Walsh and Kat Carr. His son, Joshua Carr, who shared Bill's passion for skiing, predeceased him. Bill also has 9 wonderful grandchildren who he enjoyed seeing at family gatherings. A celebration of Bill Carr's life will be held at Duston Country Club in Hopkinton, NH on Friday, September 6th from 4:00 to 6:30 p.m. All who knew Bill are welcome to attend. If you wish, please bring a golf ball with a message to Bill written on it. These will be displayed at the celebration and then donated to Duston Country Club for resale in their clubhouse.

James Ashford Crossman

WEARE - James Ashford Crossman, a beloved son, brother, uncle and friend, passed away unexpectedly on

July 31, 2024, at the age of 34. Born in Concord, New Hampshire, James was the cherished son of Sheila Ashford and Jim Crossman, and a loving brother to Sergio Capozzi, Tatiana Welcome, and Logan Cormier. He was a talented carpenter, often working alongside his father.

To honor James' memory, the family invites donations to any nonprofit organization benefiting animals, such as the ASPCA or the Live and Let Live Farm. Family and friends are invited to celebrate James' life on his birthday, August 21st, at 11 a.m. for a remembrance at Contook Cemetery, with a reception to follow at Chen Yang Li in Bow at 1 p.m.

William T. Corwin

DEERING - William T. Corwin, 78, passed away unexpectedly on August 9, 2024. William was born December 19, 1946 on Long Island. He was a wonderful husband, father and grandfather and will be greatly missed by the family he left behind; his wife of 48 years, Jill Corwin, their son Jermy Corwin, his wife Jaime and granddaughter Kiera, and their daughter, Sara White, her husband Celeb and grandsons, Tucker and Marcus. There are no services scheduled at this time.
